Map Navigation

These are standard tools that are located on the top toolbar. They allow you to zoom in, zoom out and pan the map

New way to navigate the map—tool located on the map screen.

- You have the zoom in and out capability on the top part of this tool.
- You have the pan capability with the four arrows on the circle.
- You can zoom to the full extent of the map by clicking on the center of the circle that looks like a globe

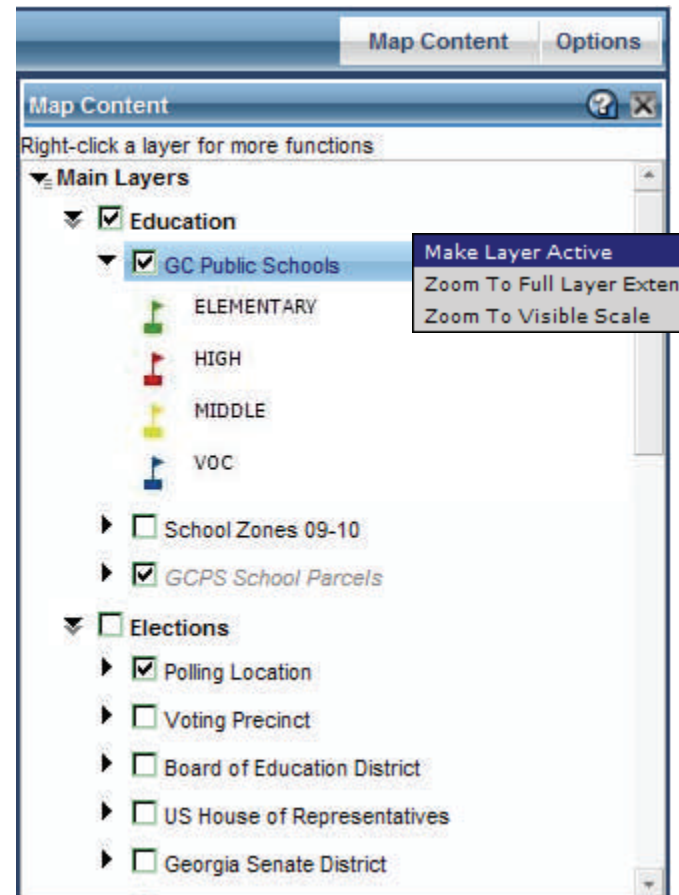

These are other tools located on the top toolbar:

- First tool—displays X, Y coordinates in the lower right hand corner when clicked. It is a toggle that turns off and on with each click
- Second tool—displays a legend of what layers are visible on the map
- Third tool—print your map
- Fourth tool—shows map tips for various layers in the map

Using Map Contents

- You can turn Layers on or off by clicking on the Map Contents button on the top right toolbar. This brings up a map contents dialog box.
- You can expand the group layers by clicking on the arrows beside the group name.
- You can expand the layer to see the symbology used for any layer.
- You can right-click on any of the layers to make the layer active, to zoom to a visible scale or to zoom to the full extent of the layer.

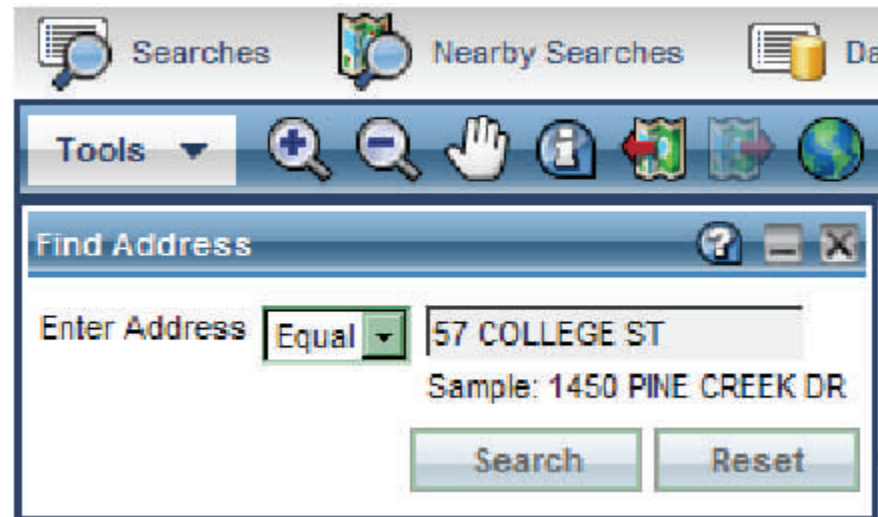

New Ways to Search for Information

Clicking on one of the search options will bring up a dialog box that is specific to each search method

Search by Address

Begin your search by clicking on the Searches tool in the upper left corner of the map.
Click on Find Address menu item, then enter your street address.
Click Search in the dialog box.

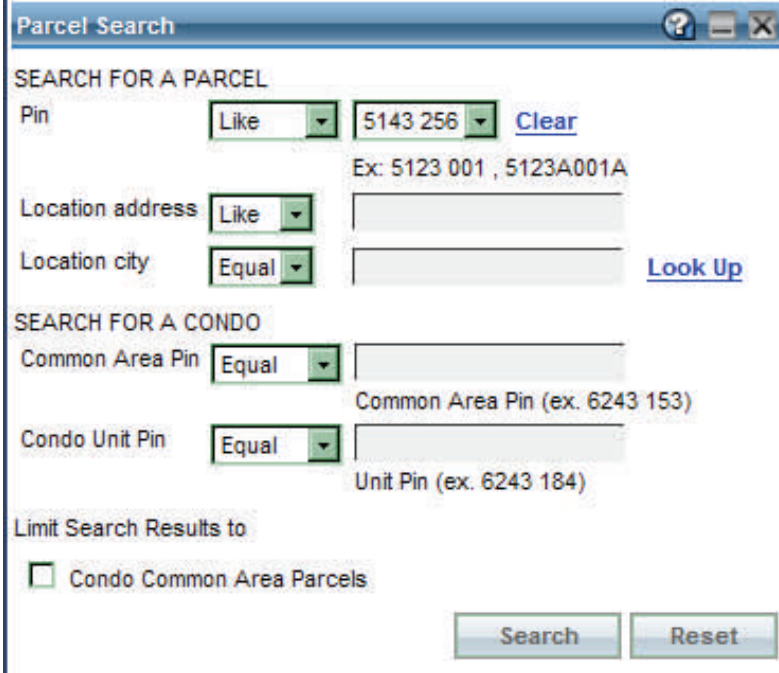

Results			
Find Address Total:2			
<input checked="" type="checkbox"/>	Info	Location	What's Nearby
<input checked="" type="checkbox"/>	1	57 COLLEGE ST	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	2	51 COLLEGE ST	<input checked="" type="checkbox"/>

The map will zoom to the area and will show the results of the search at the bottom of the map.

A What's Nearby search can be performed by clicking on the icon beside the street address. You have options to search for Hospitals, Fire Stations, Bus Routes and Survey Monuments.

Searching for Parcels

- Begin your search by clicking on the Searches tool in the upper left corner of the map.
- Click on the Parcel Search menu item.
- In the dialog box, you can enter your location address and location city or PIN number.
- Click Search in the dialog box.
- You can click on the **Look up** button to get a drop down list of parcel numbers or Location City.
- If you are searching for a Condo Unit, you will need to enter the Common Area PIN or the Condo Unit Pin number.

The Parcel Search dialog box is titled "Parcel Search" and contains two main sections: "SEARCH FOR A PARCEL" and "SEARCH FOR A CONDO".

SEARCH FOR A PARCEL:

- Pin:** A dropdown menu set to "Like" and a text input field containing "5143 256". A "Clear" button is to the right.
- Location address:** A dropdown menu set to "Like" and an empty text input field.
- Location city:** A dropdown menu set to "Equal" and an empty text input field. A "Look Up" button is to the right.

SEARCH FOR A CONDO:

- Common Area Pin:** A dropdown menu set to "Equal" and an empty text input field. Below it is the text "Common Area Pin (ex. 6243 153)".
- Condo Unit Pin:** A dropdown menu set to "Equal" and an empty text input field. Below it is the text "Unit Pin (ex. 6243 184)".

Limit Search Results to:

- Condo Common Area Parcels

At the bottom right are "Search" and "Reset" buttons.

Land Parcels Total:1		Filter Results By	Use Results As Filter To							
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Info	Tip	Pin	Lot	Parceltype	Exemption Type	Area (sq ft)	Length (Perimeter)	What's Nearby
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	1	<input checked="" type="checkbox"/>	5143 256		Parcel	Public Property	2,871,489.10496795		

The map will zoom to the area and will show the results of the search at the bottom of the map. You can get information about each of the results by clicking the Info number listed beside the Tip field. To clear results, click button beside Total records in the Result box.

Continued — Parcel Searches

You can click on the Info number listed in the search results box or you can click on the "I" button on the top toolbar, then click on the parcel you are interested in. All the Owner/Property Information will be shown in a new dialog box.
