Gwinnett County Transit Breeze Card Update

**** Attention Breeze Card Users****

The Breeze card system allows the use of various trip combinations. Transfers are electronically loaded on your Breeze card as you board the bus or exit the rail station.

Patrons who require the use of more than one bus, transferring from the train to the bus or transferring from bus to train, must tap their card to pay their fare upon boarding and tap-out as you exit the rail station at your transfer point.

When you tap properly, a transfer is loaded to your Breeze card allowing you to tap-in for your next trip segment. The Breeze system recognizes the transfer that has been loaded onto your Breeze card, and accepts the transfer as you tap-in.

This transfer option is good for a ninety (90) minute timeframe from the time you begin your journey. Once the ninety (90) minutes has expired, an additional fare will be required in order to continue your trip and will be deducted from your Breeze card.

No paper transfers or Bus to Rail cards will be issued to Breeze Card holders.
