**COMBINED LETTER OF INTENT FOR**  
**REZONING AND SPECIAL USE PERMIT APPLICATION**

On behalf of L Murphy, LLC (the “Applicant”), Mahaffey Pickens Tucker, LLP respectfully submits this Combined Letter of Intent and attached Rezoning and Special Use Permit Applications (the “Application”) for the purpose of rezoning and obtaining a Special Use Permit for an approximately 5.05-acre tract located on 2787 Hamilton Mill Road (the “Property”). The requested rezoning and special use permit would allow the development and operation of a mixed commercial development including a first-class self-storage facility and additional retail/commercial development along the Property’s frontage on Hamilton Mill Road. The surrounding area is characterized by a mix of commercial/retail, office, and residential uses. The commercial/retail uses are focused at the Hamilton Mill Road-Sardis Church Road activity node. Intensity generally stays down moving away from that activity node towards single family residential to the north.

The Applicant proposes to develop the Property to include a three-story building for the self-storage facility with approximately 106,305 square feet of interior, conditioned storage space as well as two additional future commercial/retail buildings. The Applicant submits that the development of the property for a mixed-commercial development including a self-storage facility

is consistent with the purposes of both the Unified Development Ordinance (“UDO”) and the 2040 Comprehensive Plan. The Property sits along Hamilton Mill Road and is also adjacent to parcels zoned C2 and OI. Additionally, while the Property is adjacent to two parcels zoned RA200, only the northern parcel’s use is residential in nature. Parcel 1001 025A is in use as a medical office and, while zoned residential, therefore is similar to being adjacent to an OI zoned parcel. Because of this, the Applicant proposes a 15-foot landscaped buffer adjacent to that parcel instead of the 75-foot undisturbed buffer as would otherwise be required under the Unified Development Ordinance (“UDO”). The Applicant anticipates continued commercial development on the adjacent parcel to the West.

According to the 2040 Comprehensive Plan, the Property is within the Community Mixed Use Character Area, which focuses future development on pedestrian friendly mixed-use commercial developments. This is exactly the type of development that the Applicant proposes for the Property; the self-storage facility to the rear of the Property with the more pedestrian oriented commercial buildings along the frontage of Hamilton Mill Road. The Community Mixed Use Character Area Narrative specifically recommends “commercial uses integrating high quality aesthetics and site design” which is exactly what the Applicant is proposing for the self-storage facility and other future commercial/retail uses.

The proposed self-storage facility would include attractive architectural elements and the building facades would be constructed primarily of brick or stacked stone on all four sides as shown on the elevations submitted as part of this application. As depicted on the site plan submitted with the Application, the self-storage facility would be located toward the rear of the property, behind the other commercial buildings. The Applicant respectfully submits that placing the self-

storage facility toward the rear of the property, with the UDO required 75-foot undisturbed buffer adjacent to the RA-200 zoned and residentially used property, furthers the goals of the 2040 Comprehensive Plan by making the best land use of the Property while also encouraging pedestrian friendly uses along Hamilton Mill Road. Self-storage is not a pedestrian oriented use, so placing the other commercial buildings closer to Hamilton Mill Road will maximize the walkability of those uses. The depicted future commercial shown on the site plan is conceptual in nature and the Applicant proposes to subdivide the Property in the future to accomplish that proposed development.

Furthermore, the location of the proposed self-storage toward the rear of the Property allows for a use that reduces intensity moving away from Hamilton Mill Road. Placing the self-storage facility between the other commercial uses and the residentially zoned property to the north would allow the less intense self-storage to serve as a buffer between that residentially zoned property and the more intense commercial uses fronting Hamilton Mill Road.

The Applicant welcomes the opportunity to work alongside Gwinnett County Planning & Development Staff to answer any questions or to address any concerns relating to the matters set forth in this letter or in the Application filed herewith. The Applicant respectfully requests your approval of the Application.

This 2<sup>nd</sup> day of December, 2021.

Respectfully submitted,

MAHAFFEY PICKENS TUCKER, LLP

**REZONING APPLICANT'S RESPONSE**  
**STANDARDS GOVERNING THE EXERCISE OF THE ZONING POWER**

PURSUANT TO REQUIREMENTS OF THE UNIFIED DEVELOPMENT ORDINANCE, THE BOARD OF COMMISSIONERS FINDS THAT THE FOLLOWING STANDARDS ARE RELEVANT IN BALANCING THE INTEREST IN PROMOTING THE PUBLIC HEALTH, SAFETY, MORALITY OR GENERAL WELFARE AGAINST THE RIGHT TO THE UNRESTRICTED USE OF PROPERTY AND SHALL GOVERN THE EXERCISE OF THE ZONING POWER.

PLEASE RESPOND TO THE FOLLOWING STANDARDS IN THE SPACE PROVIDED OR USE AN ATTACHMENT AS NECESSARY:

- (A) WHETHER A PROPOSED REZONING WILL PERMIT A USE THAT IS SUITABLE IN VIEW OF THE USE AND DEVELOPMENT OF ADJACENT AND NEARBY PROPERTY:

Please see attached.

- (B) WHETHER A PROPOSED REZONING WILL ADVERSELY AFFECT THE EXISTING USE OR USABILITY OF ADJACENT OR NEARBY PROPERTY:

Please see attached.

- (C) WHETHER THE PROPERTY TO BE AFFECTED BY A PROPOSED REZONING HAS REASONABLE ECONOMIC USE AS CURRENTLY ZONED:

Please see attached.

- (D) WHETHER THE PROPOSED REZONING WILL RESULT IN A USE WHICH WILL OR COULD CAUSE AN EXCESSIVE OR BURDENSOME USE OF EXISTING STREETS, TRANSPORTATION FACILITIES, UTILITIES, OR SCHOOLS:

Please see attached.

- (E) WHETHER THE PROPOSED REZONING IS IN CONFORMITY WITH THE POLICY AND INTENT OF THE LAND USE PLAN:

Please see attached.

- (F) WHETHER THERE ARE OTHER EXISTING OR CHANGING CONDITIONS AFFECTING THE USE AND DEVELOPMENT OF THE PROPERTY WHICH GIVE SUPPORTING GROUNDS FOR EITHER APPROVAL OR DISAPPROVAL OF THE PROPOSED REZONING:

Please see attached.

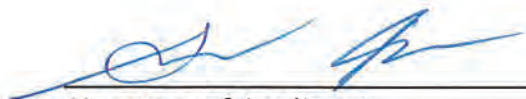

## **STANDARDS GOVERNING THE EXERCISE OF THE ZONING POWER**

- A. Approval of the rezoning request and proposed special use permit will permit a use that is suitable in view of the use and development of adjacent and nearby property. The subject Property is located along Hamilton Mill road nearby to other commercial developments.
- B. Approval of the rezoning request and proposed special use permit will not adversely affect the existing use or usability of adjacent or nearby property. Rather the proposed development would complement surrounding commercial land uses by providing a use that would serve residents and employees of the surrounding area.
- C. The Applicant submits that due to its size, location, physical characteristics, and layout, the subject property does not have a reasonable economic use without the rezoning request and proposed special use permit.
- D. Approval of the rezoning request and proposed special use permit will not result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. The property has immediate access to Hamilton Mill Road and convenient access to Interstate 85.
- E. Approval of the proposed special use permit is in conformity with the policy and intent of the 2040 Plan. The subject Property is designated as within the Community Mixed Use Character Area on the 2040 Plan Future Development Map. Encouraged land uses for this character area include commercial development to serve the surrounding community.
- F. The Property's location on Hamilton Mill Road, the Property's proximity to Interstate 85, and the nature of existing land uses at the established high-intensity commercial node provide additional supporting grounds for approval of the application.
