Roadmap for Gwinnett Place Mall makes area's future more clear, equitable

When it comes to revitalizing the Gwinnett Place Mall, Gwinnett residents have spoken: They would like to see affordable housing, neighborhood services, incentives for existing businesses in the area, job support, and a central location with regional and accessible transit.

Here is a breakdown of the five themes that emerged from the community's responses:

- **Housing:** Ensure existing residents of the mall can remain in the area and share in the benefits of redevelopment
- **Neighborhood Services:** Support existing and new Gwinnett residents as the County grows and becomes increasingly diverse
- **Small Business:** Offer existing businesses in the mall area new opportunities to grow and thrive
- **Jobs:** Generate jobs for Gwinnett residents that enable them to support themselves and their families
- **Cultural Activity Center:** Become a vibrant, regional destination, with transit connectivity, that generates prosperity for communities and the County

In the next major milestone for the mall's future, the Board of Commissioners will evaluate themes from the Reclaim Gwinnett Place Mall Project and outcomes from the Gwinnett Place Livable Centers Initiative study and use the findings from both plans to prepare a Request for Information to solicit proposals for the redevelopment of Gwinnett Place Mall.

Gwinnett and United Way to distribute \$4.25 million in grant funding to nonprofits

Local nonprofits that serve critical needs in the community will soon receive a boost as Gwinnett County and United Way of Greater Atlanta prepare to allocate \$4.25 million in Coronavirus Local Fiscal Recovery funds to nonprofit service providers. These funds —

provided to Gwinnett County by the U.S. Department of the Treasury through the American Rescue Plan Act — will be used to address needs identified or worsened by the COVID-19 pandemic and its economic impact.

Critical needs like housing stability, food security, childcare, early education/literacy, transportation, and mental health are likely to be supported by this round of grant funding.

United Way of Greater Atlanta is offering digital listening surveys now through July 15, where nonprofits, residents, and community organizations are invited to share their needs and challenges as Gwinnett County recovers from the COVID-19 pandemic. Listening survey questions will be made available in English, Spanish, Vietnamese, Korean, and Simplified Chinese later this month on the United Way of Greater Atlanta website. The feedback from these listening surveys will be used to prioritize needs and prepare for the distribution of funding.

Local nonprofits can apply for funding August 1 to 26 through the United Way's Grant Portal. The portal will not be open or accessible until August 1.
