### Celebrate America Recycles Day in Gwinnett County

On Saturday, November 19, the Gwinnett County Solid Waste Division will host its second annual America Recycles Day celebration at Coolray Field, home of the Gwinnett Braves. America Recycles Day is a nationally-recognized initiative dedicated to encouraging people to recycle more at home, at work, and on the go.

This celebration is free to the public and includes free paper shredding and electronics recycling (\$10 cash to recycle TVs), touch-a-truck, kids' activities and face painting, giveaways, and refreshments. Residents are encouraged to bring canned foods to fill local Salvation Army shelves for the Thanksgiving and Christmas holidays.

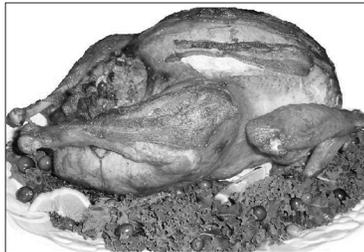

"This event emphasizes the importance of environmental sustainability for the future of Gwinnett County, in addition to giving back to those in need," said **Tom Keith**, Solid Waste Division Director. For more information about this event, visit [www.gwinnettcounty.com](http://www.gwinnettcounty.com).

## PROTECTING OUR RESOURCES

### Unclog the FOG this fall

Fall means family, fun, and food. And with food preparation comes FOG! FOG stands for fats, oils, and grease and is the byproduct of everyday food preparation. When poured down the drain, it can cause blockages in your pipes. These blockages restrict the water from flowing down the pipes, forcing it to back up into your sinks, bath tubs, and toilets. This is what is referred to as a sewer overflow. As bad as this is in your house, it is even worse when it happens in the environment. The overflow can affect rivers and streams, including all the wildlife that calls them home.

By following a few simple practices, you can help prevent this from happening. First, scrape off food residue from your pots, pans, and dishes and place the waste in the trash can. Next, use a mesh drain strainer to catch any solids that you may have missed when you scraped the plates. Lastly, pour liquid food scraps into a container, seal it, and throw it into the trash can.

Following these best practices will help reduce FOG in our systems and prevent blockages. To learn more about FOG, visit [www.unclogthefog.com](http://www.unclogthefog.com).

## PUBLIC SAFETY

### New firefighter recruits graduate

On September 13, 2011, Gwinnett County Fire and Emergency Services graduated 24 new recruits. Family and friends of the new firefighters, elected officials, and Fire and Emergency Services personnel attended the ceremony held at the Gwinnett Justice and Administration Center in Lawrenceville. The group is the first class of Gwinnett fire recruits ever to pass state level certification testing for both firefighter and emergency medical technician on the first attempt.

Fire Chief Bill Myers presented certificates and badges to all 24 graduates: Ryan Black, Corey Dale, Jeremy Edwards, Adam Ewing, Joshua Gary, Mark Gerrin, Sean Henry, Jared Joiner, Timothy Joiner, Alan Krieg, Jeremy Lancaster, Justin Martin, Justin McCarty, Rebekah McInnes, Jose Pagan, Benjamin Pierce, Titus Pugh, David Sargenski, Blake Taylor, David Thrasher, Daniel Todd, Jose Torres, Joseph Wilson, and Samuel Yoder.

If you are interested in being a firefighter, visit Gwinnett County's website at [www.gwinnettcounty.com](http://www.gwinnettcounty.com) and select *Departments>Fire and Emergency Services>Fire Employment*.

## SPLOST

### New section of Sugarloaf Parkway opens

The next-to-last section of the current Sugarloaf Parkway extension project opened to traffic on August 18. The project was designed to improve mobility in the central and eastern part of Gwinnett County.

The 1.4 mile section runs from an interchange at Martins Chapel Road to one at West Campbell Road. The project also includes another mile of road upgrades in the area with a new Bramlett Shoals Connector and a realignment of Campbell Road.

E.R. Snell Contractor, Inc., of Snellville built the new section at a cost of about \$15.5 million. Precision Planning, Inc., engineered the four-lane divided highway and two bridges over the Alcovy River. Moreland Altobelli Associates, Inc., provided project management.

The final leg from West Campbell Road to State Route 316 is under construction and will open in the second half of 2012. Most of the funding for the extension comes from the voter-approved SPLOST sales tax program.

"We are pleased to open this section of the Sugarloaf Parkway extension on budget and ahead of schedule," said Gwinnett Department of Transportation Director **Brian Allen**. "This is part of our ongoing commitment to complete the road to Peachtree Industrial in Sugar Hill."

## AROUND GWINNETT

### Find out where your property taxes go

Did you know that the average Gwinnett household pays less than one quarter a day to provide Parks and Recreation programs and maintenance?

You can see where all your property tax dollars go by using the new **Where Your Property Taxes Go** tool on the Your Money webpage on the County's website. Just enter your address or the fair market value of a home to get a complete breakdown of how much per day – or per year – goes to various local government services.

### Health and Human Services hosts Family Caregiver's Conference

The Family Caregiver's Conference will take place on November 5 from 9:00am – 3:00pm at the First United Methodist Church of Lawrenceville, 395 West Crogan Street, Lawrenceville. The conference will include two breakout sessions, *Caregivers of Adults* and *Grandparents Raising Grandchildren*, and other community resources. The cost for this event is \$10 per person.
