PROTECTING OUR RESOURCES

Save water and sales tax in October

Columbus Day and Halloween will be joined by another holiday this October: the state of Georgia's sales tax holiday for select WaterSense and Energy Star products. WaterSense-labeled products for household use with a sales price of \$1,500 or less will be exempt from sales tax October 3 – 5, making it a great time to change from standard to water-efficient appliances.

WaterSense-labeled products use at least 20 percent less water and perform as well as or better than conventional models. To find a list of WaterSense-labeled products, visit www.epa.gov/watersense/product_search.html. If you have questions or need more information about the sales tax holiday, visit www.gefa.georgia.gov/energy-star-and-watersense-sales-tax-holiday or call Georgia's Taxpayer Services Division at 1.877.423.6711.

Don't forget you can also take advantage of the toilet rebate program sponsored by Water Resources and the Metropolitan North Georgia Water Planning District. By replacing an old toilet, residents may qualify for up to a \$100 rebate. Customers may apply for up to two rebates per household for a maximum of \$200 of account credit. For more information and to see if you qualify, visit www.DWRconserve.com.

Tips to keep young athletes safe

With the start of the fall sports season, our young athletes are headed back to the field and the gym. Safe Kids USA urges athletes, parents, and coaches to encourage safe play. Here are some tips to help keep young athletes playing safe and strong:

1. Set ground rules at the beginning of the season: Coaches, be sure to bring together parents and athletes before the season begins to agree on the team's approach to prevent injuries.
2. Teach athletes ways to prevent injuries: Proper technique, strength training, warm-up exercises, and stretching can go a long way toward preventing injuries.
3. Encourage athletes to speak up when they get an injury: Remove injured athletes from play.

Renovations approved for Bethesda Park pools

Renovations are in store for the Bethesda Park Aquatic Center at 225 Bethesda Church Road near Lawrenceville. Funds from the 2009 SPLOST program will pay for the \$408,107 contract commissioners approved in August with low bidder Poolside Inc.

The year-round indoor instructional pool and leisure pool will both get new tile along with new mechanical skimmers, grates, float assemblies, and equalizers. Drains and HVAC ducts will be cleaned and a new system installed to remove chloramines from the air at pool level to improve air quality. The contract also includes replacing the play structure.

Project Administration Division Director **Grant Guess** said, "We're using SPLOST funds to renovate existing facilities like this one in order to extend their life and improve operational efficiency."

Gwinnett County Parks and Recreation, a finalist for the national Gold Medal Award presented by the National Recreation and Park Association after winning it in 2008, operates 17 aquatic facilities. Pool types include indoor competition, instructional, lap, and indoor and outdoor leisure/water parks. General attendance at county pools numbered around 418,000 visits last year.
