## OCTOBER 2017

### Chairman Nash and advisers crafting proposed 2018 budget

Through the month of October, Gwinnett County Commission Chairman Charlotte Nash and her team of advisers will be hammering out a proposed 2018 budget to be presented to the public and the Board of Commissioners on November 28.

Nash enlisted seven residents to help set priorities and make recommendations for the 2018 proposed budget. In August, the budget team heard County department directors and agency heads present their business plans and financial resource requests. The videotaped business plan presentations are available to view on the county's website at [www.gwinnettcounty.com](http://www.gwinnettcounty.com).

After the November 28 budget unveiling, a public hearing will follow on December 4. By county ordinance, the Board of Commissioners must adopt the annual budget during its first meeting in January. The 2017 budget was about \$1.56 billion.

## AROUND GWINNETT

### Parents, help teens be alcohol-free

Parents and adults can prevent and reduce underage drinking by being aware and working together. Adults who buy, supply, or provide alcohol to minors may be fined \$1,000, sentenced to a year in jail, or sued for damages. When teens drink, it can lead to accidents, DUIs, fatalities, lower school performance, and decreased athletic performance.

## SPLOST funds Rock Springs Park

A playground, a dog park, and other improvements at Rock Springs Park are complete and open to the public.

The park expansion project includes an 11,600-square-foot playground with an open shelter; a 2.5-acre dog park, connections to the existing loop trail, and a new entrance and 340 additional parking spaces. A new soccer complex features three soccer fields and a concession-restroom building, but the fields won't be available until the spring when the grass is established.

The \$5.9-million in improvements to the park were funded by the 2009 SPLOST.

## PUBLIC SAFETY

### Help kids have a fun, safe Halloween

Whether your kids' Halloween costumes are scary or sweet, it's most important that they be safe. Costumes can be both creative and free from injury or danger, so here are some tips to ensure your children are ready for a fun, enjoyable Halloween:

- Make sure your kids' costumes are visible to motorists by choosing costumes that are light or bright-colored, or use glow sticks or reflective tape
- Children should wear well-fitting, sturdy shoes
- Secure hats and scarves and avoid loose-fitting masks that may restrict breathing or obscure vision
- Swords, knives, and similar accessories should be made of soft, flexible material

Drivers should slow down in neighborhoods and be on alert for children, especially during peak trick-or-treating hours.
