

## Sunny Hill

**Location of Project:** Sunny Hill Road between Old Peachtree Road and Gravel Springs Road

**Description of Project:** The work affecting Sunny Hill Road is a major water transmission main replacement project replacing two miles of 4-foot diameter pipe in conjunction with the installation of a booster pump station. The intent the project is to ensure long-term reliable water service for the northern third of Gwinnett County. Work includes 2.5 miles of 12-inch water main along Sunny Hill Road between Old Peachtree Road and Gravel Springs Road and replacement or improvement of nine storm conduits along the route.

**What to Expect:** Residents should expect Sunny Hill Road to be closed for the duration of the project. Please abide by the posted construction signage and speed limits. Note that local access will always be maintained to residents and emergency services operating in the area.

**Estimated Completion:** October 2019

**Detour Route:** from Old Peachtree Road to SR 324 / Gravel Springs Road will close November 7, 2018, to January 2020 for water main improvements. The detour route will be Sunny Hill Road to Old Peachtree Road to SR 124 / Braselton Highway to SR 324 / Gravel Springs Road to Morgan Road and the reverse. \*\*Sunny Hill Road at Old Peachtree Road will close February 14 through February 20 for water main improvements. The detour route will be Sunny Hill Road to Old Peachtree Road to SR 124 / Braselton Highway to SR 324 / Gravel Springs Road to Morgan Road to Sunny Hill Road and the reverse.

**Project Manager:** Michael Efeyini 678.376.7069

**Other information:** The intersection of Sunny Hill Road and Old Peachtree will be closed starting Feb. 14 through Feb. 20. Please allot additional travel time when traveling in the area. Please note that this closure has been scheduled for the long school break weekend in an attempt to mitigate the impact to local residents as much as possible.
