Sections 10.1 – 10-25. – Reserved

- **Sec. 10-26. - Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abandon means the act of placing an animal on public property or within a public building, unattended or uncared for, or on or within the private property of another without the express permission of the owner, custodian or tenant of the private property. An animal shall also be considered abandoned when it has been unattended and without adequate food, water, ventilation or shelter, for a period in excess of 36 hours, regardless of where such animal may be found or kept.

Adequate food means sufficient quantity of non-contaminated and nutritionally healthy sustenance that is appropriate to the species, breed, size, age and health of the animal, or at the direction of a licensed veterinarian, which is sufficient to prevent starvation, malnutrition, or risk to the animal's health. Garbage, spoiled, rancid, or contaminated food is not adequate food.

Adequate shelter means a protective covering for an animal that is of adequate size and provides adequate protection to maintain the animal in a state of good health, and that prevents pain, suffering, or significant risk to the animal's health. Adequate shelter shall consist of a completely enclosed structure with four sides with a door opening, a constructed floor, and a roof. It should also be clean, dry and compatible with current weather conditions, in addition to age, size, species and condition of the animal. The structure should be of sufficient size to allow the animal to stand, turn around, lie down and go in and out of the structure comfortably. To be adequate, some type of bedding that is quick drying, such as hay or pine straw, must be provided to maintain comfortable temperatures within the structure during times when the ambient, outside temperature is below freezing. In addition, the structure shall include a heavy plastic or rubber flap to cover the door and/or window openings during the months of November through March. From April through October, the structure shall either be shaded or moved out of direct sunlight. If the shelter is made of wood, it shall be raised at least two inches off the ground to prevent seepage or rotting. Examples of inadequate shelter include, but are not limited to, lean-tos, metal or plastic drums, boxes, abandoned vehicles, porches, decks, or material that does not provide sufficient protection from the elements.

Adequate space means a sufficient safe space for adequate exercise suitable to the age, size, species and breed of animal. For dogs, adequate space will be based on the size of the dog. The

determination of size will be a visual estimation; an exact weight using a scale is not required. Adequate space for dogs shall be as follows:

Weight Of Dog In Pounds	Minimum Total Square Footage Of Enclosure
Up to 30 pounds	120 square feet
31 – 60 pounds	150 square feet
Over 60 pounds	250 square feet

Adequate water means clear, drinkable water in adequate supply. Examples of inadequate water include, but are not limited to: snow, ice and rancid/contaminated water.

(1)

It is securely and humanely enclosed within a house, building, fence, pen or other enclosure out of which it cannot climb, dig, jump, or otherwise escape on its own volition, and that such enclosure is securely located at any time the animal is left unattended; or

(2)

It is securely and humanely restrained by an invisible containment system. If using an invisible containment system, a sign must be posted on the property indicating that the system is in place; or

(3)

It is on a leash and under the control of a competent person, or it is off leash and obedient to and under voice command of a competent person who is in the immediate proximity of the dog any time it is not restrained as provided for in subsection (1) or (2) above while on the owner's property.

(c)

It shall be unlawful to tether an animal outdoors, except when all of the following conditions are met:

(2)

Whenever the dog is outside of its enclosure as provided for in this subsection, but on the owner's property, it must be attended by the owner and restrained by a secure collar and leash of sufficient strength to prevent escape. The leash shall be no longer than ten feet and the animal must be kept at least 15 feet within the perimeter boundaries of the property unless the perimeter boundary is securely fenced.

(3)

Maintain at all times either a policy of insurance or surety bond in a minimum amount of \$1,000,000.00 to cover claims for any personal injuries inflicted by the dog, which policy or surety bond shall be issued by an insurer or surety, as the case may be, authorized to transact business in this state.

Except when being transported to a licensed veterinary facility, dangerous and vicious dogs shall not be allowed off the property of the owner. Should transport to veterinary care be needed, the animal shall be securely and humanely confined within a vehicle. Movement of the animal from the residence of owner to and from the transporting vehicle and to and from the veterinary facility shall be conducted with the animal securely leashed by a leash no longer than six feet in length and muzzled by a muzzle or device constructed so as to prevent the animal from biting.

If Animal Control Officers learn of an owner, they will make notification in person by posting a notice on the owner's door if the owner lives within Gwinnett County or notification by mail to the owner of such animal, if an address is known or can be reasonably ascertained. Every attempt will be made to stabilize an owned animal to afford the owner the opportunity to pick up the animal.

(c)

For any animal that is impounded for law enforcement purposes, at the owner's request and expense, such impoundment may be at a veterinary or licensed kennel of the owner's choosing provided that the owner cannot cause the animal to be released from the boarding facility without the approval of the prosecuting officer or agent.
