March 2021

Hello!

March marks a year with COVID-19 as a major factor in all of our lives. Things are trending better in our community, but it's up to each of us to keep it that way by social distancing, washing our hands, wearing our masks, and getting vaccinated as soon as we can. The more committed we are to these practices, the sooner our lives will be back to normal!

Happening Around Gwinnett

COVID-19 vaccine eligibility expanding across Georgia

The group of people eligible to receive the COVID-19 vaccine has expanded to include educators and school staff, individuals with developmental or intellectual disabilities and their caregivers, and parents of children who have complex medical conditions. These individuals join previously eligible groups including health care personnel, residents of long-term care facilities, first responders, and adults 65 and older. Eligibility [will expand again Monday, March 15](#) to include adults 55 and older, adults with disabilities, and adults with

a health condition that puts them at higher risk of severe illness from COVID-19.

If you fall into one of these groups, please visit MyVaccineGeorgia.com to preregister to be vaccinated at one of the state's mass vaccination sites. If you're looking for a [COVID-19 vaccination site near you](#), be sure to check back often as the participating vaccine site locations list will be updated frequently. Additional locations statewide will be added when providers are ready to safely administer the vaccine, and as vaccine supply allows. Individuals who are not currently eligible to receive the vaccine can sign up at [My Vaccine Georgia webpage](#) to receive email updates on their eligibility.

Chairwoman Hendrickson delivers first State of the County address

In her [first State of the County address](#), Chairwoman Nicole Hendrickson lauded the county's high expectations for excellence, called The Gwinnett Standard.

Hendrickson cited Gwinnett's elite Triple AAA/Aaa bond rating, state-of-the-art F. Wayne Hill Water Resources Center, and award-winning parks and library systems as evidence of the county's high level of achievement. She said the Gwinnett Standard also shows in Gwinnett's pandemic response with the County, schools, businesses, and organizations pivoting to online or modified services. Hendrickson challenged the audience and viewers to uphold the Gwinnett Standard as we face future challenges.

A video of the speech will air on the County's government-access cable channels on Charter, Comcast, and AT&T U-verse. Photos may be viewed on [Flickr](#).
