

Take us home today

for free!

Adoption fees waived on all pets who have been at the shelter for 30 days or more.

We admit we've gotten attached to our long-term residents. But these great pets deserve forever homes with a family full of love!

Maybe they're a bit older, or a strange color, or a breed that's unfamiliar. Or maybe they just seemed scared behind the glass and that makes them appear unfriendly.

We know these guys and gals. They're all ready for a family to call their own.

So we're waiving the adoption fees on any pet who has been housed at the shelter for 30 days or more. We invite you to spend some one-on-one time with these great pets and see how totally awesome they really are!
