FROM: Russell Royal

Director of Financial Services

DATE: November 21, 2025

SUBJECT: Monthly Financial Report for the Period Ended October 31, 2025

This report, which includes unaudited information through the tenth month of fiscal year 2025, is prepared by the Department of Financial Services as a summary of revenues and expenses for all County operating funds. The primary purpose of this monthly report is to provide timely information regarding year-to-date financial performance.

### This report includes:

### **EXECUTIVE SUMMARY**

### 2026 Budget Presentation

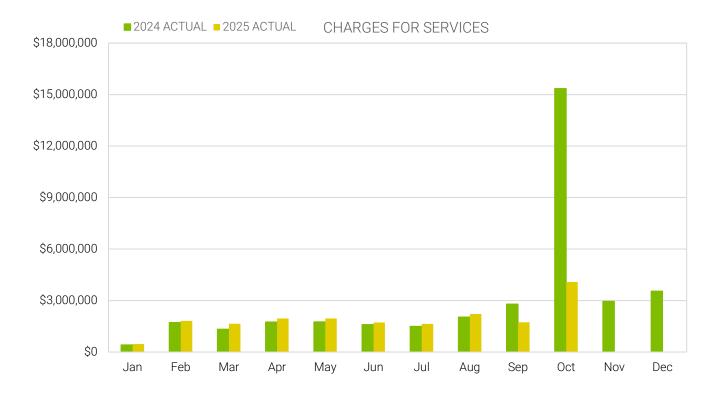

Chairwoman Nicole Hendrickson presented the proposed \$2.60 billion budget for fiscal year 2026 during a briefing on November 18, 2025. The proposed budget consists of a \$2.19 billion operating budget and a \$409 million capital improvements budget, which includes funds from the County's SPLOST program. More information about the proposed budget is available on <a href="Gwinnett County's Website">Gwinnett County's Website</a>.

Commissioners will hold a public hearing on Tuesday, December 2, 2025, at 6:30 pm in Conference Room A of the Gwinnett Justice and Administration Center to receive comments on the proposed budget. Public input is also being accepted online via the <u>County's website</u> through December 31. The 2026 budget will be adopted at the first Board of Commissioners meeting of the new year, scheduled for Tuesday, January 6, 2026.

## **GENERAL FUND (PAGE 13)**

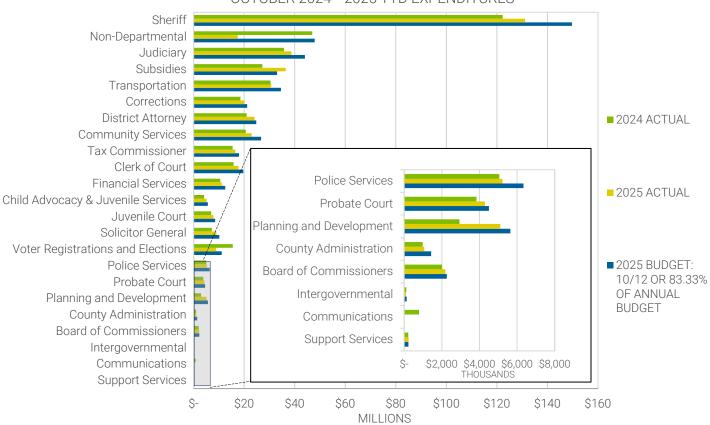

The General Fund accounts for all County revenues and expenses not restricted to or accounted for in other funds. The County's General Fund supports services that benefit stakeholders, businesses, and residents countywide, such as sheriff, jail, courts, correctional facility, tax commissioner, community services, transportation, and elections.

The main revenue source for the General Fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Charges for Services is another major revenue category in the General Fund. The main sources of revenue in this category are tax commissions related to property taxes, judicial services, and school and summer youth programs.

As seen in the chart, last year there were significant increases in monthly collections around the property tax due date of October 15, 2024. January receipts were much lower than in other months. This is because most of January's collections were for prior year services and were recorded in the prior year. Charges for Services through October are down approximately \$11.0 million or 37 percent, when compared to the same time last year. This is primarily due to the delay in billing 2025 property taxes, as discussed in the Recurring Items section on page 12.

Sheriff expenses are approximately \$8.9 million higher compared to last year, primarily due to fewer vacancies and higher salaries. The average vacancy rate decreased from 35 percent in 2024 to 29 percent in 2025. Although expenses are up, they are under budget approximately \$18.6 million, or 12 percent, primarily due to the reversal of capital contributions (discussed below and on page 12 under House Bill 581), as well as underutilization in industrial supplies, indirect cost, license support agreements, and industrial repairs and maintenance.

Non-Departmental expenses are approximately \$29.5 million lower in comparison to 2024. This is primarily due to the temporary reversal of contributions to capital funds from the General Fund. Non-Departmental expenses are also under budget approximately \$30.5 million, due to the temporary reversal of capital contributions. In addition, the budget for Non-Departmental expense appears smaller than in previous periods due to the realignment of various line items as part of the County's transition to Oracle. Further discussion on the reversal of capital, indirect cost contributions, and the transition to Oracle can be found in the Recurring Items section on page 12.

Judiciary expenses are approximately \$3.0 million higher than last year, primarily due to increases in personnel costs, professional services, and indigent defense attorney fees. However, they are under budget approximately \$5.3 million, or 12 percent, primarily due to a change in the budgeting process for indigent defense, court reporters, and interpreters.

Subsidies are approximately \$9.2 million higher than last year, primarily due to increases in and timing of subsidies including Libraries, Department of Family and Children Services, and the Board of Health. Subsidies are over budget by approximately \$3.4 million, primarily due to the timing of when subsidy payments to Libraries and the Atlanta Regional Commission were made in 2025 compared to 2024. Additionally, the subsidies within the

General Fund now include several agencies that were previously categorized under Non-Departmental before the transition to Oracle. Further discussion on the transition to Oracle can be found in the Recurring Items section on page 12.

Transportation expenses are approximately \$224,000 higher in comparison to 2024. This is primarily due to an increase in personnel costs. Additionally, expenses are approximately \$3.9 million under budget, primarily due to a decrease in repairs and maintenance, industrial supplies, professional services and personnel costs.

Clerk of Court expenses are approximately \$2.0 million higher than last year, primarily due to personnel costs and administrative services. The increase in personnel costs is related to pay-for-performance, market adjustments, and new positions. However, they are under budget primarily due to personnel vacancies. The average vacancy rate has increased from 4 percent in 2024 to 5 percent in 2025.

Voter Registrations and Elections expenses are approximately \$6.5 million lower in comparison to 2024, due to 2024 being an election year. Additionally, current expenses are under budget approximately \$2.2 million, or 20 percent, due to underutilization in personnel, professional services, communications, and supplies.

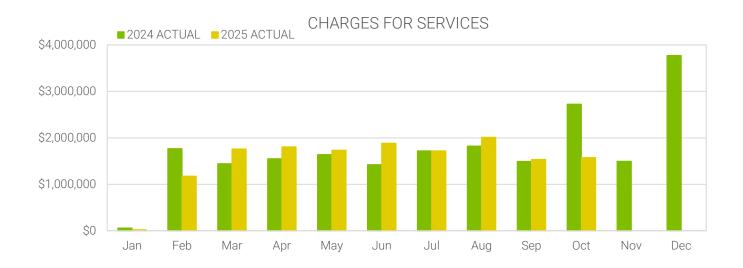

Planning and Development expenses are approximately \$2.2 million higher than last year, primarily due to fewer vacancies, higher salaries and new positions. The average vacancy rate decreased from 38 percent in 2024 to 10 percent in 2025.

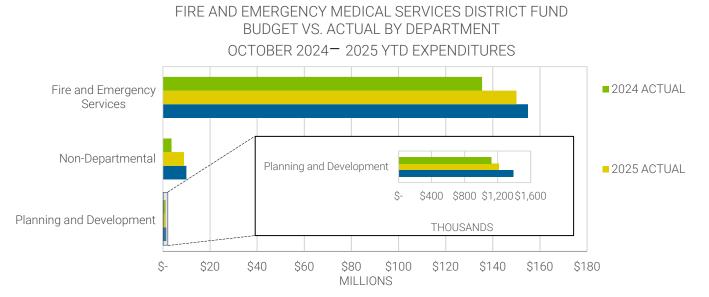

Communications has no current year expenses due to the transition of the Community Outreach Division to Community Services in January 2025.

## FIRE AND EMERGENCY MEDICAL SERVICES DISTRICT FUND (PAGE 15)

Gwinnett County is responsible for providing fire and emergency medical protection within the Fire and Emergency Medical Services District. This district includes all properties within unincorporated Gwinnett County and all cities except Loganville. The City of Loganville operates its own fire department, but residents and businesses continue to receive County-provided emergency medical services.

The main revenue source for the Fire and Emergency Medical Services District fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Charges for Services is another major revenue category in this fund and is shown in the chart below. Charges for Services revenue, which primarily consists of ambulance fees, is down approximately \$415,000 when compared to last year. This is mainly attributed to a decrease in ambulance fees in 2025.

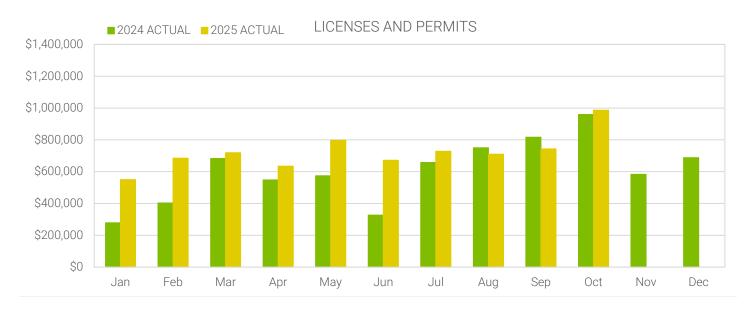

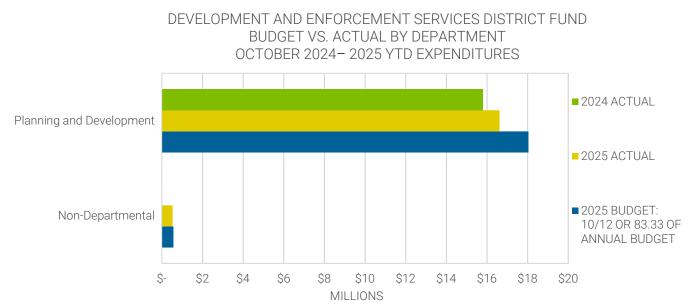

Fire and Emergency Services expenses are approximately \$14.6 million higher than last year, primarily due to fewer vacancies and higher salaries. The average vacancy rate decreased from 13 percent in 2024 to 4 percent in 2025.

## **DEVELOPMENT & ENFORCEMENT SERVICES DISTRICT FUND (PAGE 16)**

The County is responsible for providing short-term planning and code enforcement services within the Development and Enforcement Services District. This district includes all properties within unincorporated Gwinnett County.

The main revenue source for the Development and Enforcement Services District fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Licenses and Permits is another major revenue category in this fund and is shown in the chart below. When compared to the same time last year, Licenses and Permits revenue is up approximately \$1.2 million. This is due to an increase in building permit fees for new construction projects.

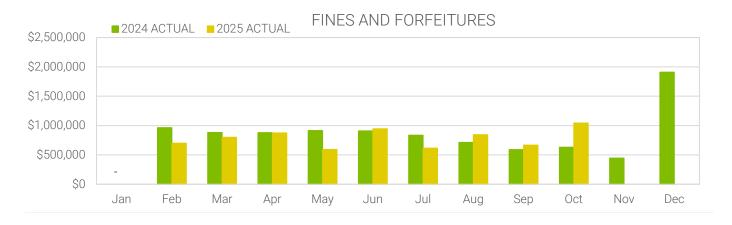

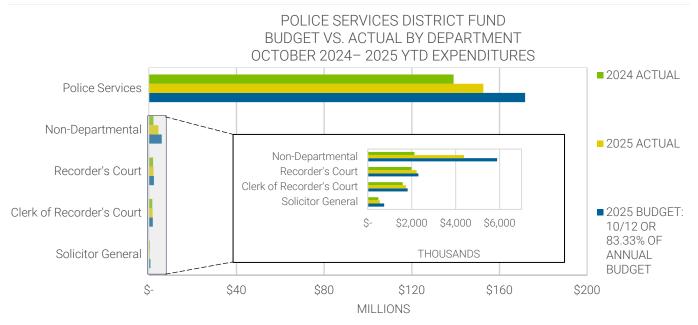

## **POLICE SERVICES DISTRICT FUND (PAGE 18)**

Gwinnett County is responsible for providing police protection within the Police Services District. This district includes all properties within unincorporated Gwinnett County and cities that do not operate their own police departments (Berkeley Lake, Buford, Grayson, Dacula, Mulberry, Peachtree Corners, Rest Haven, and Sugar Hill).

The main revenue source for the Police Services fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Fines and Forfeitures is another major revenue category for this fund and is shown in the chart below. Fines and Forfeitures revenue through October is down approximately \$245,000, or 3 percent, compared to the same period last year. This is primarily due to a decrease in citations, which reflects the effectiveness of the school zone automated speed detection program and indicates safer driving habits.

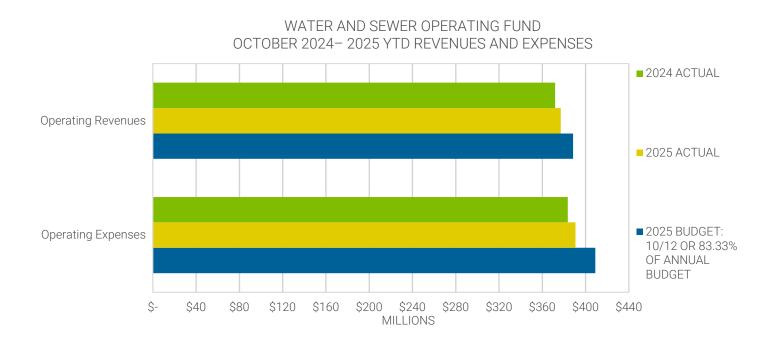

Police Services expenses are approximately \$13.6 million, or 10 percent, higher than the prior year primarily due to increased personnel costs related to reduced vacancies, pay-for-performance, and market adjustments. The average vacancy rate decreased from 23 percent in 2024 to 19 percent in 2025. Additionally, expenses are higher than the prior year due to an increase in uniform supplies, police equipment, and the license support agreement for body cameras. However, Police is under budget approximately \$19.1 million due to underutilization in personnel and professional services, as well as a temporary pause in contributions to capital funds for vehicle replacements.

## WATER & SEWER OPERATING FUND (PAGE 48)

The Water and Sewer Operating Fund supports the operation, maintenance, and capital improvement of the water and sewer system.

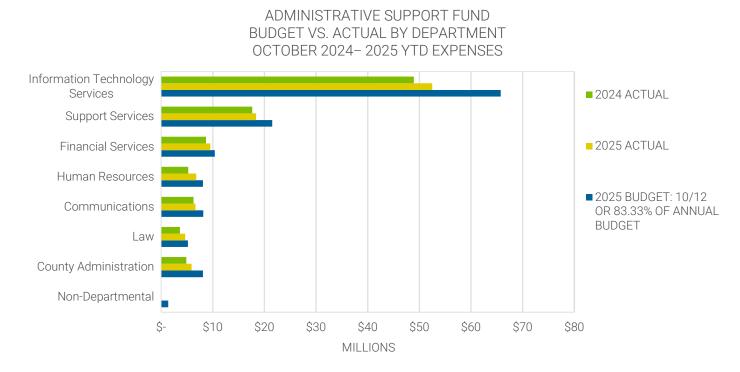

Year-to-date Water and Sewer Operating Fund revenues are up \$5.1 million compared to last year. This is primarily attributable to an increase in Charges for Services related to a 4.5 percent increase in water and sewer rates as well as higher consumption in the warmer months. The increase in Charges for Services revenue is partially offset by decreases in contributions from developers related to water permit meter sales.

Year-to-date, Water and Sewer expenses are up approximately \$7.2 million, or 2 percent, compared to last year. The increase is primarily due to an increase in personnel costs and capital contributions. However, expenses in the Water and Sewer Operating Fund are approximately \$18.4 million under budget primarily due to underutilization in areas such as personnel cost, industrial repairs, professional services, and chemicals.

## **ADMINISTRATIVE SUPPORT FUND (PAGE 54)**

The Administrative Support Fund accounts for the activities of all central support departments: Communications, County Administration (excluding Gwinnett Clean & Beautiful, Internal Audit, and Voter Registrations and Elections), Financial Services (excluding the Tax Assessor), Human Resources, Information Technology Services, Law, and Support Services. These activities are funded by indirect cost charges to all other funds receiving benefits.

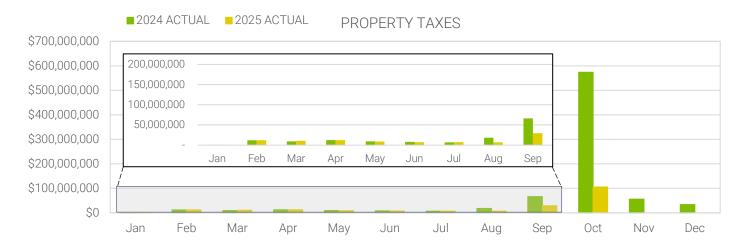

Information Technology Services expenses for October are up approximately \$3.6 million, or 7 percent, compared to last year. This is primarily due to increases in personnel costs. However, expenses are approximately \$13.3 million under budget. This variance is primarily attributable to lower expenses in areas such as industrial repairs and maintenance and computer supplies.

Legal fees previously recorded under Non-departmental are now being reported in the Law Department.

### **RECURRING ITEMS**

#### **Property Taxes**

The County collects property taxes in the fall to fund services for the current year. Therefore, the funds that are primarily supported by property taxes will show revenues below budget until then. Those funds are General, Development & Enforcement, Fire & EMS, Police, Recreation, and Economic Development Tax Funds. Some special assessments are also included on property tax bills. Those collections are reflected in the Speed Hump, Street Lighting, and Stormwater Funds.

The chart above shows the monthly collections of property taxes across all funds. Most prior year property taxes were collected around the due date of October 15, 2024. Property Taxes through October 2025 are down approximately \$516.6 million when compared to the same time last year mainly due to the delay in billing 2025 property taxes, as discussed in House Bill 581on page 12. Property tax bills are due November 15 this year, and therefore, higher collections are anticipated in the month of November.

#### **Tax Digest Adjustment**

In October, the Board of Assessors approved adjustments to the tax digest that resulted in a net decrease of approximately \$80.8 million for tax years 2017 through 2025. These adjustments include a net decrease of approximately \$55.8 million in real property assessed values and a net decrease of approximately \$25.1 million in personal property assessed values. The majority of the adjustments are from properties changing from taxable to exempt. This includes approximately \$15 million in value from Rowen properties, and \$39 million in value from Section 42 housing. Section 42, a federal affordable housing program, shifts eligible subsidized properties from taxable to exempt.

#### Investment Income

Short-term interest rates dropped late in 2024 due to rate cuts by the Federal Reserve Bank. Furthermore, the Federal Reserve Bank cut interest rates by an additional 25 basis points in September 2025. Short-term investments are earning less income compared to 2024 as a result. Tax-related funds have a higher allocation to short-term investments and are experiencing a more significant drop in investment income compared to other funds. Some funds also saw an impact to investment revenue due to a decrease in total deposits available to invest. Investment Revenue in September and October is lower than 2024 due to the delay in tax billing. Across all funds, investment revenue is down \$3.2 million year-over-year. However, year-to-date revenue is trending ahead of budget in most funds because rate cuts were anticipated and were incorporated into 2025 budgets.

#### Street Lighting Fund

The Street Lighting Fund temporarily reflects negative equity, as expected this time of year. Equity will become positive in November when fees are collected with property tax bills.

#### **Contributions to Capital**

Contributions to Capital for the General fund were temporarily paused until property tax revenues are collected. In the Fire and EMS fund, there was a transfer from the Capital projects fund to the operating fund.

#### House Bill 581

Due to the implementation of <u>House Bill 581</u>, Property Tax Reform, there was a one month delay billing property taxes, which has temporarily impacted the timing of collections for funds that rely primarily on property tax revenues. To maintain adequate fund balances, some interfund transfers for tax related funds were temporarily paused or reversed. These adjustments are procedural in nature, and we anticipate revenues will normalize as property tax revenue is collected.

#### **Oracle Implementation**

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. In some instances, items previously reported separately were combined, which may have resulted in financial presentation differences compared to previous reporting periods. Additional budget presentation differences are noted on the fund statements impacted by these changes and are further detailed in the supplementary pages attached to this report.

### 101-General Fund

The General Fund is the primary tax and operating fund for all County revenues and expenditures that are not accounted for in other funds.

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods.

### 202-Fire and EMS District Fund

The Fire and Emergency Medical Services District Fund is used to account for the revenues and expenditures attributable to the Fire and Emergency Medical Service District. This district includes all properties within unincorporated Gwinnett County and all cities except Loganville. Gwinnett County is responsible for providing fire and emergency medical protection within this district. The City of Loganville operates its own fire department, but residents and businesses will continue to receive county-provided emergency medical services.

#### 206-Police Services District Fund

The Police Services District Fund is used to account for the revenues and expenditures attributable to the Police Services District. This district includes all properties within unincorporated Gwinnett County and cities that do not operate their own police departments (Berkeley Lake, Buford, Grayson, Dacula, Mulberry, Peachtree Corners, Rest Haven, and Sugar Hill). Gwinnett County is responsible for providing police protection within this district.

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods.

## 207-Street Lighting Fund

The Street Lighting Fund supports the County's street light program. Revenues are generated from properties benefiting from existing street lights for the purpose of utility payments. Charges for Services are collected as special assessment fees in the fourth quarter with property tax collections.

### 209-Loganville EMS District Fund

The Loganville Emergency Medical Services District Fund is used to account for the revenues and expenditures attributable to the Loganville Emergency Medical Services District. This district includes all properties within the portion of incorporated Loganville that lie within Gwinnett County. The County is responsible for providing emergency medical services within this district. The majority of expenditures are recorded in the fall based upon the certified property tax digest as outlined in the intergovernmental agreement with the City of Loganville.

### 220-The Exchange at Gwinnett TAD Fund

The Exchange at Gwinnett TAD Fund is used to account for positive tax increment revenues attributable to The Exchange at Gwinnett Tax Allocation District (TAD). These revenues are used to pay for redevelopment costs that abate or eliminate deleterious effects of inadequate infrastructure in accordance with The Exchange at Gwinnett Redevelopment Plan. This district includes properties at the southeast quadrant of the intersection of Interstate 85 and Georgia Highway 20 in the northern portion of the County.

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods.

#### 231-Tourism Fund

The Tourism Fund accounts for the collection and disbursement of hotel/motel tax revenue in accordance with state law which includes debt service payments for the Gas South District and parking facility. Hotel/motel taxes are receipted one month in arrears. Other expenses associated with this fund are quarterly payments to the Gwinnett Convention and Visitors Bureau per a management agreement. Debt service payments occur biannually in March and September.

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods.

### 232-Stadium Fund

The Stadium Fund accumulates stadium-related revenues in order to pay debt service on the Stadium construction bonds and insurance expenditures. Motor vehicle rental excise taxes are receipted one month in arrears. Intergovernmental revenue is realized in the form of a onetime annual payment from the Gwinnett Convention and Visitors Bureau in January. Charges for Services revenues from ticket sales, parking, rental fees, and naming rights are received in April, June, and October. Debt service payments occur biannually in January and July.

## 233-Authority Imaging Fund

The Authority Imaging Fund accounts for revenues received from fees collected by the Clerk of Superior Court Authority for document printing. These monies must be used for the development, implementation, and maintenance of a state-wide automated information system.

## 234-Juvenile Court Supervision Fund

The Juvenile Court Supervision Fund accounts for revenues collected as supervision fees from those who are placed under the courts' formal or informal supervision in order for the court to use those collections toward expenses for specific ancillary services.

### 235-Tree Bank Fund

This fund accounts for activities related to the Gwinnett County Buffer, Landscape and Tree Ordinance. During the permitting process, the developer has the option to pay money when the required tree density units cannot be met on site. The monies collected must be used by the Department of Planning and Development, Community Services and/or Support Services for the planting of trees at parks, greenways, fire stations, and libraries within the same commission district in which the development is located or within five miles of such district. Alternate planning locations may be approved by the Director of the Department of Planning and Development. Expenditures for this fund occur as projects are identified and approved.

### 250-Sheriff Special Justice Fund

The Sheriff Special Justice Fund accounts for revenues resulting from the U.S. Department of Justice confiscation of money or the sale of property from illegal drug and narcotics activities. The law states that any money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against federal guidelines.

#### 255-Crime Victims Assistance Fund

The Crime Victims Assistance Fund accounts for revenues received from a five percent (5%) charge collected on fines within the Recorders, Juvenile, State, Superior, and Magistrate Courts of Gwinnett County. Revenues are also received from five percent (5%) of fines from municipalities within Gwinnett County. These funds must be used to provide assistance to crime victims. Revenue is split between the Solicitor's and District Attorney's offices. The Revenue collected is distributed as follows: Superior Court Fines - 100% District Attorney; State Court Fines - 100% Solicitor; Municipal Recorder's Court - Total less subsidies, if any, with the remainder 50% Solicitor and 50% District Attorney; Interest Earned Dividends - 50% Solicitor and 50% District Attorney

### 258-DA Special State Fund

The District Attorney Special State Fund accounts for revenues resulting from the confiscation of assets or funds resulting from legal actions related to unlawful activities. In accordance with State Law, the Gwinnett County District Attorney's office is entitled to 10% of the funds obtained through civil forfeiture proceedings. The law states that any money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against state guidelines.

<sup>\*</sup>Includes amounts transferred to the renewal and extension fund for capital improvement purposes.

### 550-Stormwater Operating Fund

This fund supports the operation, maintenance, and capital improvement of the County's stormwater system. Charges for services are calculated based on the impervious surface of a parcel of land and are collected in the fourth quarter with property tax collections.

#### 560-Solid Waste Operating Fund

The Solid Waste Operating Fund accounts for the operations as provided in the Solid Waste Collection and Disposal Services Ordinance. Tax revenues are received quarterly from non-exclusive franchise fees paid by commercial waste haulers. Residential service fees are paid by homeowners in unincorporated Gwinnett County and reported as Charges for Services. Payments to haulers lag one month.

 $<sup>^{\</sup>star}$ Includes amounts transferred to the renewal and extension fund for capital improvement purposes.

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods.

### 580-Economic Development Fund

The Economic Development Operating Fund supports debt service and operations related to economic development. Debt service payments occur biannually in March and September.

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods.

#### 601-Administrative Support

The Administrative Support Fund accounts for the activities of all central support departments: County Administration (excluding the County Clerk, Community Outreach, Economic Development, Gwinnett Clean and Beautiful, and Internal Audit), Financial Services (excluding the Tax Assessor), Human Resources, Information Technology Services, Law, and Support Services. These activities are funded by indirect cost charges to all other funds receiving benefits.

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods.

### 605-Group Self-Insurance

The Group Self Insurance Fund accounts for all financial transactions related to the payment of premiums and benefits for active employees' health, disability, and life insurance. Revenues are received from employee and employer contributions.

### 611-Risk Management

The Risk Management Fund accounts for all financial transactions related to the County's property liability and casualty insurance. Revenues are received from charges to the user departments based on the number of employees, prior claims, and property liability coverage needs. Annual insurance premiums are paid in January.

### 613-Auto Liability Fund

The Auto Liability Fund accounts for all financial transactions related to the County's property, liability and casualty insurance coverage on vehicles. Revenues are contributions from other Gwinnett County funds and are based on the number of employees and actual third-party automobile claims for County vehicles only.

|  |                        |  |   | CFO-GCID 20250803: Transfer from contingency is needed to support the procurement of a new Bearcat vehicle, a critical SWAT asset required for continuity of operations. It will not be included in the VERP until a future year. The current unit, asset #2003136, has reached the end of its service life and can no longer be repaired, as replacement parts are obsolete due to its age. Additional funds are needed from contingency, to allow immediate replacement. A vendor is ready to receive a purchase order and failure to secure funding quickly will result in an inability to obtain the vehicle and impact public safety operations. Another transfer will be requested once the item reaches its VERP scheduled replacement year to reimburse capital contingency. Existing asset will be disposed of by DoSS, using a Specialty Sales Organization. |               | 18,007                   |

| Revenues:  | 560,031,138                | 560,031,138                   | -           | Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. This transition may have resulted in financial presentation differences compared to prior reporting periods. |
