#### Poll officials needed for elections

Poll officials play an active role in ensuring the ongoing success of the electoral process in Gwinnett County. The Voter Registrations and Elections Division would like to **add more dedicated citizens to serve as paid poll officials** for the 2014 elections.

Successful poll officials demonstrate patience, enjoy working with people, take direction well, and are detail oriented. Applicants must be a U.S. citizen, a resident of Gwinnett County, at least 16 years old, and able to read, write, and speak English. Those who have been convicted of a felony involving moral turpitude or judicially determined to be mentally incompetent are not eligible to serve as a poll official.

Poll officials must have transportation to and from the polling location and have access to a computer to complete online training; some officials may require additional training. All officials must

report to their polls by 6:00am on Election Day and work the whole day, which is approximately 14 hours. Also, poll officials who plan to vote will need to vote absentee by mail or advance in person. When possible, poll officials are assigned to their home precinct; however if there are no vacancies at the polling location, they will be asked to work at a different precinct.
