Remember to take preventive actions to prevent the spread of respiratory disease, including putting at least six feet of distance between yourself and others when in public, [wearing a cloth face covering](#) as much as possible, avoiding contact with people who are sick, practicing [coughing and sneezing etiquette](#), avoiding touching your eyes, nose, and mouth, [washing your hands thoroughly and regularly](#), and disinfecting frequently touched objects and surfaces with a regular household cleaning spray or wipe. Gwinnett emergency dispatch now taking text messages

The Gwinnett 911 Center is now equipped to receive and respond to mobile phone SMS text messages for situations where it is too dangerous to make a voice call to 911, and for people who are deaf, hard of hearing, or speech impaired.

Text to 911 is intended primarily for use in three emergency scenarios:

- For an individual who is deaf, hard-of-hearing, or has a speech disability
- For someone who is in a situation where it is not safe to place a voice call to 911
- A medical emergency that renders the person incapable of speech
