Atlanta Regional Commission wants to know: 'What do you think?'

A new regional survey being conducted by the Atlanta Regional Commission seeks to find out exactly what the community thinks is important to ensure that metro Atlanta remains globally competitive, raises the best workforce possible, and continues to be a great place to live.

Input from this survey will be used to help ARC develop its Regional Plan that will guide public policies and investments related to issues of transportation, land use, water quality, workforce development, aging, and health resources. This survey is an important opportunity for Gwinnett County to have an impact on this regional vision.

The survey can be accessed from the [Atlanta Regional Commission's website](#) through September 30. For more information, please contact Melissa Roberts, Community Engagement Coordinator at 404.463.3272 or mroberts@atlantaregional.com.

Exercise caution around downed or damaged trees

The high winds from recent storms have blown over many trees. They are more susceptible to damage because of the heavy rains that have saturated the soil. Do not attempt to remove any trees that are damaged or down yourself, since you could be seriously injured or killed. Instead, hire a tree care company. You can find one through the [Georgia Arborist Association website](#).

Labor Day holiday

All offices, with the exception of those operations required for the comfort and safety of the residents of Gwinnett County, will be closed Monday, September 1, 2014, in observance of the Labor Day holiday. All offices will resume regular working hours on Tuesday, September 2.

Labor Day is not a trash and recycling holiday for solid waste providers in unincorporated Gwinnett County, so trash and recycling collections are scheduled as normal. The Gwinnett County Solid Waste and Recycling Call Center will be closed that day, but hauler call centers will be open. Residents can visit www.sustainablegwinnett.com to find their hauler's contact information. Residents who live in a city should contact their trash and recycling provider to find out if collections will be delayed due to the holiday.
