Representatives for homeowners, businesses, civic leaders, environmental concerns, schools, and senior citizens make up the committee. The purpose is to review and prioritize the projects included in the 2014 SPLOST program. Members are also responsible for sharing information with their interest groups and facilitating open communication between Gwinnett County Government and citizens.

All Citizens Project Selection Committee meetings are open to the public and include an opportunity for public comment. For more information, visit the [Citizens Project Selection Committee webpage](#).

## 2014 proposed budget comments accepted until December 31

Gwinnett Commission Chairman Charlotte Nash formally presented a [proposed \\$1.5 billion budget](#) for fiscal year 2014 to the Board of Commissioners during a [briefing](#) on November 19, 2013. After a public hearing and period for public comment, commissioners will vote on the budget proposal on **January 7, 2014**, during their first meeting of the year.

Four county residents and business people served on Nash's budget review committee.

After hearing [presentations from elected officials and department directors](#) in September, the group studied departmental business plans, budget needs, and revenue projections to make recommendations for the 2014 budget. Despite millions of dollars in justified requests, the proposed budget includes funding for only a small number of new resources and initiatives. [Read more about the proposed budget.](#)

The **budget public hearing** was held on Monday, December 9, 2013. Residents may **submit comments online** via a [comment form](#) on the county's website through Tuesday, December 31, 2013.
