Outdoor burn ban ends, burning still limited in Gwinnett

The annual ban on outdoor burning put in place by the Georgia Environmental Protection Division has now ended, but Gwinnett residents must still take precautions and check whether burning is allowed before burning yard debris or hosting bonfires.

Even though the ban is now lifted, burning may still be restricted on a given day due to weather conditions and in accordance with High Fire Danger Warnings from the National Weather Service or Red Flag Warnings from the Georgia Forestry Commission.

Residents who wish to burn limited amounts of yard debris are allowed to do so between October 1 and April 30, but are required to follow County ordinance restrictions that cover all types of outdoor burning. Learn more [here](#) about the types of outdoor burning and general rules.
