

APPENDIX F:
**SUMMARY OF WEB-SURVEY
RESULTS**

SUMMARY OF WEB-SURVEY RESULTS

GWINNETT COUNTY COMPREHENSIVE PARKS AND RECREATION MASTER PLAN UPDATE

Overview

The public consultation program for the Comprehensive Master Plan is multi-faceted and has collected extensive input from a variety of sources. One particular consultation tool was an Internet-based questionnaire that was posted on the County's website from September 10 to September 26, 2003. 719 completed surveys were logged during this time. The web-based survey is not intended to yield statistically valid results, but rather should be used to provide general indications of issues, concerns, needs, and priorities.

As the survey results were being analyzed, it quickly became apparent that there were a number of "hot button" issues and that the respondents likely encouraged those with similar views to complete the survey. This is evident not only by the magnitude and similarity of responses, but also by the order in which they were submitted. The main concerns that were raised, in general order of submittal, include:

- additional mountain-biking trails;
- improvements to Rabbit Hill Park (soccer field lights, play equipment, etc.);
- a BMX track;
- additional adult baseball/softball diamonds;
- improvements to soccer facilities, most notably parking at George Pierce Park and lights and turf maintenance at George Pierce Park, Scott Hudgens Park and Pinckneyville Park; and
- an indoor competition pool.

Input received from the web survey is provided in summary form below. Comparisons with the survey distributed at the five public meetings held in September 2003 and the 2002 Needs Assessment Survey have been noted, where applicable. In addition, quantitative survey data has been attached to this report.

Summary of Results

The survey consisted of a variety of open and close-ended questions, many with multiple parts. It bears noting that the manner in which the surveys were answered varied considerably. Comments did not always pertain to the question that was being asked, nor were all comments pertinent to the scope of the Master Plan. Although the analysis of the close-ended questions was relatively straightforward, a greater degree of judgement was required in analyzing the open-ended questions. In an attempt to account for all responses, all open-ended answers were read, grouped and tallied under one question. All mentions of a particular park or geographic area of the County were also noted. The result is a priority listing of all desired improvements and additions to both existing parks and the entire parks system.

A. *In relation to existing parks and recreation facilities and programs, what needs to be changed or improved?*

Due to the variation in responses/comments, the results have been incorporated into Question B (where applicable) and into the park-specific tabulations at the end of this summary.

B. *What types of parks, recreation facilities or programs does your community need more of? (open-ended)*

Web-Based Questionnaire	Public Meeting Questionnaire	2002 Needs Assessment
<ul style="list-style-type: none"> • Soccer Fields (300) • Parking - more, paved, better access, etc. (144) • Soccer Fields - lights (132) • Trails - Unpaved for Biking (93) • Soccer Fields - turf maintenance (91) • Trails - Paved Greenway / unspecified type (82) • Pool - unspecified type (53) • Pool - Indoor Competition (43) • BMX Track (42) • Skate Park (42) • Playgrounds (34) • Dog Park (33) • Ball Diamonds - Youth/unspecified age (33) • Trails - Unpaved for Nature Hiking (32) • Restrooms (more, open, clean, etc.) (27) • Passive Parks / Open Space / Green Space (26) • Trails - Paved for Walking Only (25) • Tennis Courts (21) 	<ul style="list-style-type: none"> • Trails - Unpaved for Biking (22) • Soccer Fields (17) • Open Space / Meadow / Woodland (15) • Pool - Indoor Competition (12) • Pool - unspecified type (11) • Trails - Paved Multi-Purpose (8) • Ball Diamonds - Adult (7) • Skate Park (7) • Playgrounds (7) • Trails - Paved for Walking Only (7) • Trails - Unpaved for Nature Hiking (7) • Youth Center (6) • Passive Parks (5) • Basketball Courts - outdoor (5) • Football Fields (5) • Picnic Areas (5) • Tennis Courts (5) • Trails - Linkages to parks, schools, etc (5) 	<p>Single Most Frequent Recreational Activity:</p> <ul style="list-style-type: none"> • Walking/Strolling (38%) • Swimming (8%) • Tennis (5%) • Activities for Children (5%) • Picnicking (5%) • Baseball (4%) • Softball (4%) • Running/Jogging (4%) • Soccer (3%) • Basketball (2%) • Fishing (2%)

As mentioned earlier, the web-survey attracted an inordinate number of respondents with similar views -- this is evidenced by the fact that approximately half of those responding felt there was a need for improvements to the existing soccer facilities! The most commonly requested facilities/improvements were: more soccer fields, paving and expanding the upper parking lot at George Pierce Park, installing lights on County soccer fields; and improving turf maintenance practices/drainage. Developing additional mountain biking trails and greenways were also popular suggestions, as was the development of additional swimming facilities. In our opinion, the public meeting questionnaire provides a less skewed and more rounded view of community needs than does the web-based questionnaire (which provides a better indication of current and controversial issues). It is important to note, however, that trails, soccer fields and pools also ranked high on the list from the public meeting questionnaire.

C. From the list you provided above, please list your highest park, facility or program priorities, with #1 being your highest priority.

	Web-Based Questionnaire	Public Meeting Questionnaire
1st Priority	<ul style="list-style-type: none"> Soccer Fields (171) Soccer Fields - lights (58) Parking - more, paved, better access, etc. (48) Trails - Unpaved for Biking (46) Pool - Indoor Competition (33) 	<ul style="list-style-type: none"> Soccer Fields (9) Pool - Indoor Competition (8) Open Space / Meadow / Woodland (7) Trails - Unpaved for Biking (7) Ball Diamonds - Adult (6)
2nd Priority	<ul style="list-style-type: none"> Soccer Fields (56) Parking - more, paved, better access, etc. (37) Soccer Fields - lights (25) Trails - Unpaved for Biking (24) Trails - Paved Greenway / unspecified type (24) 	<ul style="list-style-type: none"> Soccer Fields (4) Trails - Unpaved for Biking (4) Open Space / Meadow / Woodland (3) Trails - Paved for Walking Only (3) Trails - Unpaved for Nature Hiking (3)
3rd Priority	<ul style="list-style-type: none"> Soccer Fields (22) Parking - more, paved, better access, etc. (20) Soccer Fields - lights (19) Trails - Paved Greenway / unspecified type (19) Trails - Unpaved for Biking (13) 	<ul style="list-style-type: none"> Basketball Courts - outdoor (3) Soccer Fields (3) Ball Diamonds - Youth/unspecified age (2)

Soccer fields (including practice fields) ranked at the top on both the web-based and public meeting questionnaires, although the issue was clearly more dominant on the web-based survey. 44% of those responding to the web survey indicated that improvements to soccer facilities were their number one priority, whereas 13% suggested improved/additional trails. Although not making the "top five" list, BMX track, off-leash dog areas, skate parks, and playgrounds were also commonly requested items. The full results of Questions B and C are included at the end of this report.

D. In the future, should the County develop its new parkland for "active" or "passive" recreational uses?

	Web-Based Questionnaire	Public Meeting Questionnaire	2002 Needs Assessment
mostly passive recreational uses	12%	27%	37%
mostly active recreational uses	34%	26%	44%
both active and passive recreational uses in equal amounts	51%	35%	13%
no response	3%	12%	6%

The responses from the web-based survey showed a clear preference for active parks over passive parks, most likely due to the high response rate from soccer facility users. Despite the partiality to active parks, the results from both the web and public meeting questionnaires indicate that there should be some level of equity between active and passive recreational uses when acquiring and developing new parks.

E. Although all of the following options are important, in order to meet the needs of your household, which options would you like to see the County place the most emphasis on? Please identify your top 5 priorities by placing the numbers 1, 2, 3, 4, and 5 next to the option, with a "1" being your highest priority.

	Web-based Questionnaire - RANK	Public Meeting Questionnaire - RANK
Acquiring more parkland for active recreational uses (e.g., sports complexes, community centers, gyms, competition pools, etc.)	1	2
Expanding existing parks	2	9
Offering more opportunities for structured recreation (e.g., team sports, time-sensitive programs, etc.)	3	7
Building more facilities	4	15
Developing more trails to link parks, schools and communities together	5	6
Providing more services for youth (13-18)	6	4
Renovating existing facilities	7	12
Acquiring more parkland for passive recreational uses (e.g., trails, nature appreciation, playgrounds, fishing, picnics, leisure pools, etc.)	8	1
Providing more services for children (0-12)	9	5
Developing more looped trails within park sites	10	8
Offering more opportunities for spontaneous recreation (e.g., trails, drop-in programs, picnics, etc.)	11	11
Providing more services for adults (19-54)	12	17
Preserving more historic sites	13	14
Providing more services for older adults and seniors (55+)	14	3
Developing more educational and interpretive facilities	15	10
Providing more services for special needs populations	16	16

Again, there were significant differences between the web survey results and public meeting survey results. Most notably, those who participated through the Internet placed a significantly higher priority in "expanding existing parks" (#2) and "building more facilities" (#4), while public meeting survey respondents would like to see more emphasis on "acquiring more parkland for passive recreational uses" (#1) and "providing more services for older adults and seniors" (#3). This is not surprising given the different composition of respondents between the two mediums.

There was, however, some agreement between the two surveys. Specifically, all respondents placed a very high priority on acquiring parkland for active recreational used. Furthermore, providing more opportunities for "structured" recreation was preferred over "spontaneous" recreation and services for children and youth placed higher than services for adults. The results also indicate that the preservation of historic sites and the development of more educational/interpretive facilities are lower priorities than the other options.

Although "providing more services for special needs populations" was not considered to be a high priority for many, this is not to say that it is unimportant, rather it likely affects only a small percentage of those participating in the survey. Those listing it as a high priority on the web questionnaire were asked to list specific suggestions. Most of the comments were very general, such as "accessible parks and facilities" or "programs and sports for the disabled", however, some specific comments were also received, most notably:

- wheelchair accessible trails / boardwalks along rivers and scenic vistas - pathways where they won't be in the way of cyclists;
- dedicated sports fields, programs and teams (baseball, soccer, etc.);
- more accessible playgrounds;
- more swimming opportunities, such as sensory integration water therapy (requires a separate indoor therapeutic pool);
- community programs for adults with disabilities (e.g., advanced Parkinson's);
- coordination classes for gross / fine motor skills and strength training / therapy;
- more events and outings; and
- sports for disabled children in the Suwanee, Peachtree Industrial, McGinnis Ferry Road area.

F. What County or City park do you use the most?

Web-Based Questionnaire	Public Meeting Questionnaire	2002 Needs Assessment
<ul style="list-style-type: none"> • George Pierce Park (216 - 31%) • Pinckneyville Park (124 - 18%) • Scott Hudgens Soccer - Duluth (53 - 8%) • Yellow River Park (48 - 7%) • Bethesda Park (36 - 5%) • Rabbit Hill Park (33 - 5%) 	<ul style="list-style-type: none"> • Bethesda Park (13 - 14%) • Tribble Mill Park (9 - 10%) • Bogan Park (8 - 9%) • George Pierce Park (8 - 9%) • Best Friend Park (7 - 8%) • Pinckneyville Park (7 - 8%) 	<ul style="list-style-type: none"> • Lenora Park (15%) • Mountain Park Park (14%) • Collins Hill Park (13%) • Bogan Park (11%) • Bethesda Park (10%) • Rhodes Jordan Park (10%)

Users of George Pierce and Pinckneyville Park appears to be over-represented on the web-based survey, however, this explains the large amount of comments pertaining to existing soccer facilities. The full results of Question F are included at the end of this report.

G. What issues or concerns do you have that have not been addressed by this questionnaire?

Due to the variation in responses/comments, the results have been incorporated into Question B (where applicable) and into the park-specific tabulations at the end of this summary.

Park-Specific Suggestions (parks listed in alphabetical order)

Best Friend Park

- Adult ball diamond - too small (1), poor drainage (1), upgrade lights (1), irrigation (1), implement planned improvements(1)
- Policing (1)
- Develop open play fields (1)

Bethesda Park

- Install lights on upper soccer field (1)
- Develop more soccer fields (1)

Bogan Park

- Develop soccer fields (4)
- Offer more upper-level swim classes (1)
- Offer more aqua aerobics classes (1)
- Add BMX track (1)
- Develop a fitness centre (1)
- Develop a skate park (1)

Buford City Park (City of Buford)

- Develop more tennis courts (1)

Bunten Park (City of Duluth)

- Develop more soccer fields (3)
- Install lights on soccer fields (3)
- Clean-up dog feces (1)
- Install drinking fountains (1)

Collins Hill Park / Aquatic Center

- Develop soccer fields (10)
- Expand parking lot (1)
- Offer more upper-level swim classes (1)
- Provide more greenspace (1)
- Add more picnic tables and shade near the rear playground (1)
- Repair tennis courts (1)
- Develop more tennis courts (1)
- Develop bike trails (1)
- Better maintenance of picnic area / meadow (1)
- Longer hours for outdoor pool (1)

Dacula Park

- Add more ball diamonds (1)
- Develop 2nd road access for park (1)

E.E. Robinson Park (City of Sugar Hill)

- Better drainage on soccer fields (3)
- Develop more soccer fields (1)
- Install lights on soccer fields (1)
- Better washrooms (1)

George Pierce Park

- Pave upper parking lot (113)
- Expand upper parking lot (110)
- Install lights on soccer fields (89)
- Develop more soccer fields (70)
- Better soccer turf maintenance (30)
- Restrooms - repair, clean, open, etc. (9)
- Add more trails (4)
- Control the bee population (4)
- Install a left turn arrow from the southbound lanes at the entrance to the park (4)
- Install bleachers (3)
- Install a pavilion/shelter (3)
- Add more playground equipment (2)
- Develop a BMX track (1)
- Install swings (1)
- Develop tennis courts (1)
- Install concrete under the baseball bleachers (1)
- Develop a pool (1)
- More storage space needed (1)

Jones Bridge Park

- Install play equipment / swings for older children (2)
- Improve soccer fields (1)
- Improve play equipment (1)
- Clean restrooms (1)
- Add basketball facilities (1)
- Develop a running track (1)

Mountain Park Park

- Upgrade restrooms (1)
- Develop amphitheater/outdoor stage (1)
- Develop more trails (1)
- Make football field a stand-alone field (1)

Pinckneyville Park

- Better maintenance of soccer fields (50)
- Develop more soccer fields (12)
- Develop an indoor swimming pool (4)
- Cleaner/more restrooms (2)
- Install bleachers (2)
- Develop a football field (2)
- Provide a warm-up area for baseball players (2)
- Improve skate park (1)
- Better maintenance of walking path (1)
- Develop more baseball diamonds (1)
- Control mosquito population (1)
- Install better soccer goals (1)
- Add a basketball court (1)

Rabbit Hill Park

- Install lights on soccer fields (29)
- Install playground equipment (17)
- Develop more soccer fields (9)
- Complete the Park Master Plan (8)
- Develop a basketball court (3)
- Construct a pavilion (3)
- Add a picnic area (2)
- Add lights to the parking lot (2)
- Install bleachers (2)
- Develop a volleyball court (2)
- Construct a skate park (2)
- Maintenance of ditches (1)
- County should offer summer soccer programs (1)
- Allow children to use the adult soccer field (1)
- Develop tennis courts (1)
- Install more drinking fountains (1)
- Develop a gymnasium (1)

Rhodes Jordan Park

- Develop outdoor basketball courts (1)
- Keep gymnasium open later than 5 p.m. (1)
- Install new/updated play equipment (1)
- Develop soccer fields (1)

Scott Hudgens Park (City of Duluth)

- Pave parking lot (15)
- Install lights on soccer fields (13)
- Construct permanent restrooms (10)
- Better soccer turf maintenance / drainage (8)
- Expand the parking lot (6)
- Develop more soccer fields (3)
- Develop more concession stands (2)
- Add change rooms (1)
- Need a two-lane entrance to the park (1)

T.W. Briscoe Park (City of Snellville)

- Better soccer field maintenance (1)

Tribble Mill Park

- Provide hose to wash down bikes (2)
- Better trail signage (1)
- Don't pave meadow to develop parking lot (1)
- Parking lot too big (1)
- Improve mountain bike trails (1)
- Develop more mountain bike trails (1)
- Better / cleaner restrooms (1)
- Complete safety barriers at bridge and river crossings (1)

Area-Specific Suggestions (areas listed in alphabetical order)

Berkeley Lake

- Develop an indoor pool (1)

Dacula

- Develop an indoor pool (1)
- Develop a cross-country course (1)

Duluth

- Develop swimming facilities (6)
- Develop more soccer fields (2)
- Develop an outdoor leisure pool (1)
- Offer a youth wrestling program (1)
- Designate an off-leash park (1)

W.P. Jones Tennis Complex (City of Duluth)

- Install more lights (1)

Yellow River Park

- Don't shorten the length of the mountain bike trail / leave it single track (4)
- Improve maintenance of mountain bike trails (4)
- Provide more enforcement of trail usage; e.g., no riding after heavy rains (3)
- Maintain park in current form / no more development (2)
- Don't pave trails (2)
- Better trail signage (2)
- Develop paved greenway (1)
- Longer hours (1)

Grayson

- Develop more soccer fields (2)

Hamilton Mill Cluster

- Develop soccer fields (1)

Lawrenceville

- Develop more soccer fields (3)
- Provide more space for the arts (1)
- Offer more programs for children (1)

Mill Creek Cluster

- Develop more soccer fields (1)
- Acquire more parkland (1)

Norcross

- Develop more soccer fields (2)
- Develop an indoor pool (2)
- Develop an outdoor leisure pool (1)
- Develop more football fields (1)
- Develop more basketball courts (1)
- Develop more swimming facilities (1)
- Develop more volleyball courts (1)
- Develop more football fields (1)

North Recreation District

- Develop more soccer fields (4)
- Develop a tennis facility (1)
- Install a tennis wall (1)
- Provide more arts classes (1)
- Provide more after-school programming (1)
- Develop more parks/facilities for special needs populations

Peachtree Ridge Cluster

- Develop more active parks (2)
- Develop more soccer fields (1)
- Develop more trails (1)

Snellville

- Develop tennis facility (1)

Suwanee

- Develop more soccer fields (2)
- Expand the Suwanee Creek Greenway (1)
- Offer more activities for disabled children (1)
- Connect Suwanee parks to Duluth parks with trails (1)
- Develop an indoor pool (1)
- Develop more trails (1)
- Develop mountain biking trails (1)
- Develop tennis courts (1)

West Recreation District

- Develop an indoor competition pool (4)
- Develop more soccer fields (2)
- Develop mountain biking trails (2)
- Develop a basketball facility (1)
- Develop a therapeutic pool (1)

Gwinnett County Master Plan - Web-based Questionnaire

B. What types of parks, recreation facilities or programs does your community need more of?

C. From the list you provided above, please list your highest park, facility or program priorities, with #1 being your highest priority.

	B. Times Mentioned	C. Rank					
		#1	#2	#3	#4	#5	No Rank
Soccer Fields	300	171	56	22	13	4	34
Parking - more, paved, better access, etc.	144	48	37	20	9	5	25

Gwinnett County Master Plan - Web-based Questionnaire

In the future, should the County develop its new parkland for "active" or "passive" recreational uses? (please choose one of the following options)

Option	Times Mentioned	%
1 mostly active recreational uses (e.g., sports complexes, community centers, gyms, competition pools, etc.)	246	34%
2 mostly passive recreational uses (e.g., trails, nature appreciation, playgrounds, fishing, picnics, leisure pools, etc.)	83	12%
3 both active and passive recreational uses in equal amounts	369	51%
No response	21	3%
Total	719	100%

Gwinnett County Master Plan - Web-based Questionnaire

E. Please rate how important each of the following options is to meeting the needs of your household.

	Rank						TOTAL
	#1	#2	#3	#4	#5	No Rank	
Acquiring more parkland for active recreational uses (e.g., sports complexes, community centers, gyms, competition pools, etc.)	383	170	76	34	25	31	719
Expanding existing parks	278	217	134	39	18	33	719
Offering more opportunities for structured recreation (e.g., team sports, time-sensitive programs, etc.)	266	188	118	57	37	53	719
Developing more trails to link parks, schools and communities together	247	168	140	71	42	51	719
Building more facilities	242	197	161	51	21	47	719
Providing more services for youth (13-18)	236	201	127	52	44	59	719
Acquiring more parkland for passive recreational uses (e.g., trails, nature appreciation, playgrounds, fishing, picnics, leisure pools, etc.)	209	168	174	74	50	44	719
Renovating existing facilities	204	212	163	63	26	51	719
