

General Demographic Characteristics: 2005
 Data Set: 2005 American Community Survey
 Survey: 2005 American Community Survey
 Geographic Area: Gwinnett County, Georgia

NOTE: Data are limited to the household population and exclude the population living in institutions, college dormitories, and other group quarters. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Survey Methodology.

General Demographic Characteristics: 2005	Estimate	Margin of Error
Total population	719,398	*****
SEX AND AGE		
Male	364,369	+/-297
Female	355,029	+/-297
Under 5 years	62,843	+/-163
5 to 9 years	55,633	+/-2,712
10 to 14 years	52,564	+/-2,720
15 to 19 years	49,131	+/-871
20 to 24 years	46,444	+/-826
25 to 34 years	118,387	+/-246
35 to 44 years	130,715	+/-317
45 to 54 years	103,502	+/-294
55 to 59 years	37,789	+/-2,223
60 to 64 years	22,880	+/-2,084
65 to 74 years	25,806	+/-1,100
75 to 84 years	10,989	+/-1,099
85 years and over	2,715	+/-679
Median age (years)	33.3	+/-0.2
18 years and over	516,635	+/-120
21 years and over	489,543	+/-1,752
62 years and over	52,859	+/-2,095
65 years and over	39,510	+/-658
18 years and over	516,635	+/-120
Male	260,652	+/-303
Female	255,983	+/-270
65 years and over	39,510	+/-658
Male	16,964	+/-658
Female	22,546	+/-297
RACE		
One race	708,500	+/-2,293
Two or more races	10,898	+/-2,293
Total population	719,398	*****
One race	708,500	+/-2,293
White	444,185	+/-6,112
Black or African American	135,336	+/-2,829
American Indian and Alaska Native	2,153	+/-733
Cherokee tribal grouping	N	N
Chippewa tribal grouping	N	N
Navajo tribal grouping	N	N
Sioux tribal grouping	N	N
Asian	66,803	+/-1,168
Asian Indian	21,156	+/-3,828
Chinese	8,964	+/-2,864
Filipino	1,234	+/-655
Japanese	985	+/-562
Korean	13,824	+/-3,905
Vietnamese	13,688	+/-4,546
Other Asian	6,952	+/-2,907
Native Hawaiian and Other Pacific Islander	371	+/-284
Native Hawaiian	N	N
Guamanian or Chamorro	N	N
Samoan	N	N
Other Pacific Islander	N	N
Some other race	59,652	+/-6,185
Two or more races	10,898	+/-2,293

General Demographic Characteristics: 2005	Estimate	Margin of Error
White and Black or African American	2,964	+/-1,362
White and American Indian and Alaska Native	949	+/-459
White and Asian	1,564	+/-976
Black or African American and American Indian and Alaska Native	110	+/-129
Race alone or in combination with one or more other races		
Total population	719,398	*****
White	453,329	+/-6,179
Black or African American	140,165	+/-2,232
American Indian and Alaska Native	3,758	+/-676
Asian	69,719	+/-818
Native Hawaiian and Other Pacific Islander	499	+/-206
Some other race	63,515	+/-6,473
HISPANIC OR LATINO AND RACE		
Total population	719,398	*****
Hispanic or Latino (of any race)	116,574	*****
Mexican	70,162	+/-6,021
Puerto Rican	8,988	+/-3,292
Cuban	3,110	+/-2,175
Other Hispanic or Latino	34,314	+/-5,074
Not Hispanic or Latino	602,824	*****
White alone	391,152	+/-730
Black or African American alone	133,365	+/-1,912
American Indian and Alaska Native alone	1,508	+/-443
Asian alone	66,803	+/-1,168
Native Hawaiian and Other Pacific Islander alone	371	+/-284
Some other race alone	2,506	+/-1,148
Two or more races	7,119	+/-1,958
Two races including Some other race	400	+/-511
Two races excluding Some other race, and Three or more races	6,719	+/-1,910
RELATIONSHIP		
Household population	719,398	*****
Householder	256,472	+/-3,997
Spouse	151,291	+/-4,595
Child	232,755	+/-4,591
Other relatives	47,197	+/-5,609
Nonrelatives	31,683	+/-4,237
Unmarried partner	10,023	+/-1,901
HOUSEHOLDS BY TYPE		
Total households	247,075	+/-3,178
Family households (families)	182,749	+/-4,777
With own children under 18 years	101,111	+/-4,256
Married-couple families	144,707	+/-5,477
With own children under 18 years	79,253	+/-4,405
Male householder, no wife present	12,639	+/-1,958
With own children under 18 years	5,882	+/-1,392
Female householder, no husband present	25,403	+/-3,248
With own children under 18 years	15,976	+/-2,465
Nonfamily households	64,326	+/-4,184
Householder living alone	50,432	+/-3,829
65 years and over	6,632	+/-1,079
Households with one or more people under 18 years	108,585	+/-4,290
Households with one or more people 65 years and over	28,543	+/-1,448
Average household size	2.91	+/-0.04
Average family size	3.40	+/-0.06

Source: U.S. Census Bureau, 2005 American Community Survey

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted

roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see <http://www.census.gov/acs/www/Downloads/ACS/accuracy2005.pdf> *Accuracy of the Data*). The effect of nonsampling error is not represented in these tables.

Notes:

·The number of householders does not necessarily equal the number of households because of differences in the weighting schemes for the population and occupied housing units.

·For more information on understanding race and Hispanic origin data, please see the Census 2000 Brief entitled,

<http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf> *Overview of Race and Hispanic Origin*, issued March 2001. (pdf format)

Explanation of Symbols:

1. An '*' entry in the margin of error column indicates that too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '**' entry in the margin of error column indicates that no sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
3. An '-' entry in the estimate column indicates that no sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
4. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
5. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
6. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
7. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
8. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
9. An '(X)' means that the estimate is not applicable or not available.

Selected Social Characteristics in the United States: 2005

Selected Social Characteristics in the United States: 2005	Estimate	Margin of Error
SCHOOL ENROLLMENT		
Population 3 years and over enrolled in school	196,651	+/-5,014
Nursery school, preschool	15,490	+/-2,069
Kindergarten	12,687	+/-2,133
Elementary school (grades 1-8)	84,575	+/-2,212
High school (grades 9-12)	41,920	+/-1,679
College or graduate school	41,979	+/-3,546
EDUCATIONAL ATTAINMENT		
Population 25 years and over	452,783	+/-203
Less than 9th grade	23,550	+/-3,363
9th to 12th grade, no diploma	34,649	+/-3,801
High school graduate (includes equivalency)	115,494	+/-6,081
Some college, no degree	91,940	+/-5,153
Associate's degree	32,915	+/-3,198
Bachelor's degree	107,459	+/-5,518
Graduate or professional degree	46,776	+/-4,204
Percent high school graduate or higher	87.1%	+/-1.1
Percent bachelor's degree or higher	34.1%	+/-1.3
MARITAL STATUS		
Males 15 years and over		
Never married	276,823	+/-321
Now married, except separated	84,577	+/-4,425
Separated	166,283	+/-5,158
Widowed	4,100	+/-1,218
Divorced	3,077	+/-882
Females 15 years and over		
Never married	271,535	+/-285
Now married, except separated	64,135	+/-2,917
Separated	159,421	+/-4,937
Widowed	4,826	+/-1,352
Divorced	12,258	+/-1,304
FERTILITY		
Number of women 15 to 50 years old who had a birth in the past 12 months	9,664	+/-1,580
Unmarried women (widowed, divorced, and never married)	1,757	+/-727
Per 1,000 unmarried women	21	+/-9
Per 1,000 women 15 to 50 years old	48	+/-8
Per 1,000 women 15 to 19 years old	20	+/-15
Per 1,000 women 20 to 34 years old	97	+/-18
Per 1,000 women 35 to 50 years old	17	+/-5
GRANDPARENTS		
Number of grandparents living with own grandchildren under 18 years in households	13,042	+/-1,976
Responsible for grandchildren	5,172	+/-1,358
Years responsible for grandchildren		
Less than 1 year	1,429	+/-771
1 or 2 years	740	+/-459
3 or 4 years	1,113	+/-740
5 or more years	1,890	+/-911
Characteristics of grandparents responsible for own grandchildren under 18 years		
Who are female	61.0%	+/-6.9
Who are married	82.0%	+/-8.6

Welsh	4,614	+/-1,356
West Indian (excluding Hispanic origin groups)	10,636	+/-2,978

Source: U.S. Census Bureau, 2005 American Community Survey

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see <http://www.census.gov/acs/www/Downloads/ACS/accuracy2005.pdf> Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Notes:

- Ancestry listed in this table refers to the total number of people who responded with a particular ancestry; for example, the estimate given for Russian represents the number of people who listed Russian as either their first or second ancestry. This table lists only the largest ancestry groups; see the Detailed Tables for more categories. Race and Hispanic origin groups are not included in this table because official data for those groups come from the Race and Hispanic origin questions rather than the ancestry question (see Demographic Table).
- The Census Bureau introduced a new skip pattern for the disability questions in the 2003 ACS questionnaire. This change mainly affected two individual items -- go-outside-home disability and employment disability -- and the recode for disability status, which includes the two items. Accordingly, comparisons of data from 2003 or later with data from prior years are not recommended for the relevant questions. For more information, see the <http://www.census.gov/acs/www/UseData/Def.htm> ACS Subject Definitions for Disability.
- Data for year of entry of the native population reflect the year of entry into the U.S. by people who were born in Puerto Rico, U.S. Island Areas or born outside the U.S. to a U.S. citizen parent and who subsequently moved to the U.S.

Explanation of Symbols:

1. An '*' entry in the margin of error column indicates that too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '**' entry in the margin of error column indicates that no sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
3. An '-' entry in the estimate column indicates that no sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
4. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
5. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
6. An '****' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

7. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
8. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
9. An '(X)' means that the estimate is not applicable or not available.

People in families	6.7%	+/-1.3
Unrelated individuals 15 years and over	15.7%	+/-2.7

Source: U.S. Census Bureau, 2005 American Community Survey

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see <http://www.census.gov/acs/www/Downloads/ACS/accuracy2005.pdf> Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Notes:

- The number of householders does not necessarily equal the number of households because of differences in the weighting schemes for the population and occupied housing units.
- Employment and unemployment estimates may vary from the official labor force data released by the Bureau of Labor Statistics because of differences in survey design and data collection. For guidance on differences in employment and unemployment estimates from different sources go to <http://www.census.gov/hhes/www/laborfor/laborguidance082504.html> Labor Force Guidance.
- Workers include members of the Armed Forces and civilians who were at work last week.
- Occupation codes are 4-digit codes, but are still based on Standard Occupational Classification 2000.
- Industry codes are 4-digit codes and are based on the North American Industry Classification System 2002. However, the Industry categories adhere to the guidelines issued in Clarification Memorandum No. 2, "NAICS Alternate Aggregation Structure for Use By U.S. Statistical Agencies," issued by the Office of Management and Budget.

Explanation of Symbols:

1. An '*' entry in the margin of error column indicates that too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '**' entry in the margin of error column indicates that no sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
3. An '-' entry in the estimate column indicates that no sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
4. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
5. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
6. An '****' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
7. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
8. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
9. An '(X)' means that the estimate is not applicable or not available.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see <http://www.census.gov/acs/www/Downloads/ACS/accuracy2005.pdf> Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Notes:

·The median gross rent excludes no cash renters.

Explanation of Symbols:

1. An '*' entry in the margin of error column indicates that too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '**' entry in the margin of error column indicates that no sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
3. An '-' entry in the estimate column indicates that no sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
4. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
5. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
6. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
7. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
8. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
9. An '(X)' means that the estimate is not applicable or not available.

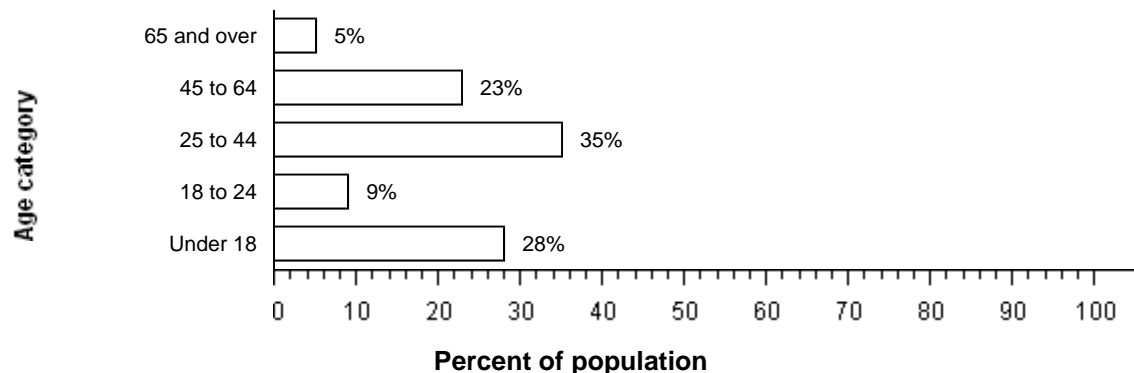

Gwinnett County, Georgia
Population and Housing Narrative Profile: 2005
Data Set: 2005 American Community Survey
Survey: 2005 American Community Survey

NOTE. Data are limited to the household population and exclude the population living in institutions, college dormitories, and other group quarters. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see [Survey Methodology](#).

POPULATION OF Gwinnett County: In 2005, Gwinnett County had a household population of 719,000 - 355,000 (49 percent) females and 364,000 (51 percent) males. The median age was 33.3 years. Twenty-eight percent of the population were under 18 years and 5 percent were 65 years and older.

The Age Distribution of People in Gwinnett County, Georgia in 2005

Source: American Community Survey, 2005

For people reporting one race alone, 63 percent were White; 19 percent were Black or African American; less than 0.5 percent were American Indian and Alaska Native; 9 percent were Asian; less than 0.5 percent were Native Hawaiian and Other Pacific Islander, and 8 percent were Some other race. Two percent reported Two or more races. Sixteen percent of the people in Gwinnett County were Hispanic. Fifty-four percent of the people in Gwinnett County were White non-Hispanic. People of Hispanic origin may be of any race.

HOUSEHOLDS AND FAMILIES: In 2005 there were 247,000 households in Gwinnett County. The average household size was 2.9 people.

Families made up 74 percent of the households in Gwinnett County. This figure includes both married-couple families (59 percent) and other families (15 percent). Nonfamily households made up 26 percent of all households in Gwinnett County. Most of the nonfamily households were people living alone, but some were comprised of people living in households in which no one was related to the householder.

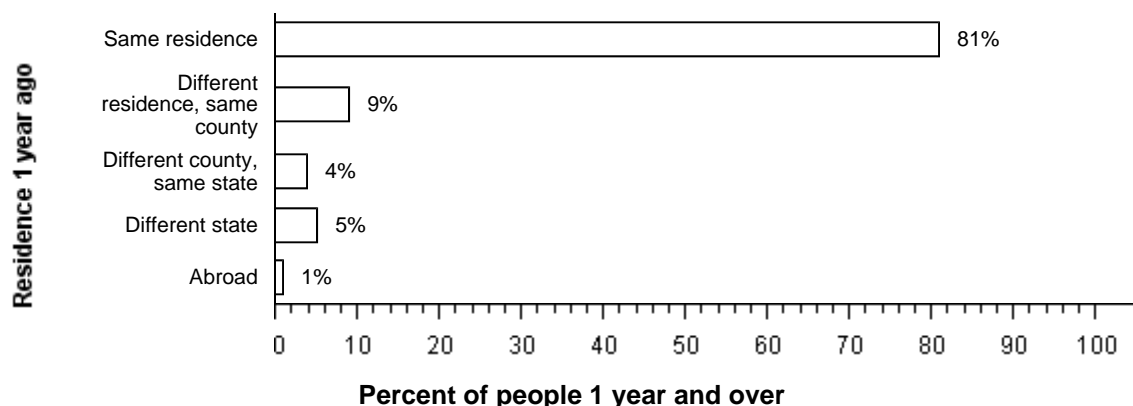

NATIVITY AND LANGUAGE: Twenty-four percent of the people living in Gwinnett County in 2005 were foreign born. Seventy-six percent were native, including 35 percent who were born in Georgia.

Among people at least five years old living in Gwinnett County in 2005, 29 percent spoke a

language other than English at home. Of those speaking a language other than English at home, 52 percent spoke Spanish and 48 percent spoke some other language; 54 percent reported that they did not speak English "very well."

GEOGRAPHIC MOBILITY: In 2005, 81 percent of the people at least one year old living in Gwinnett County were living in the same residence one year earlier; 9 percent had moved during the past year from another residence in the same county, 4 percent from another county in the same state, 5 percent from another state, and 1 percent from abroad.

Geographic Mobility of Residents of Gwinnett County, Georgia in 2005

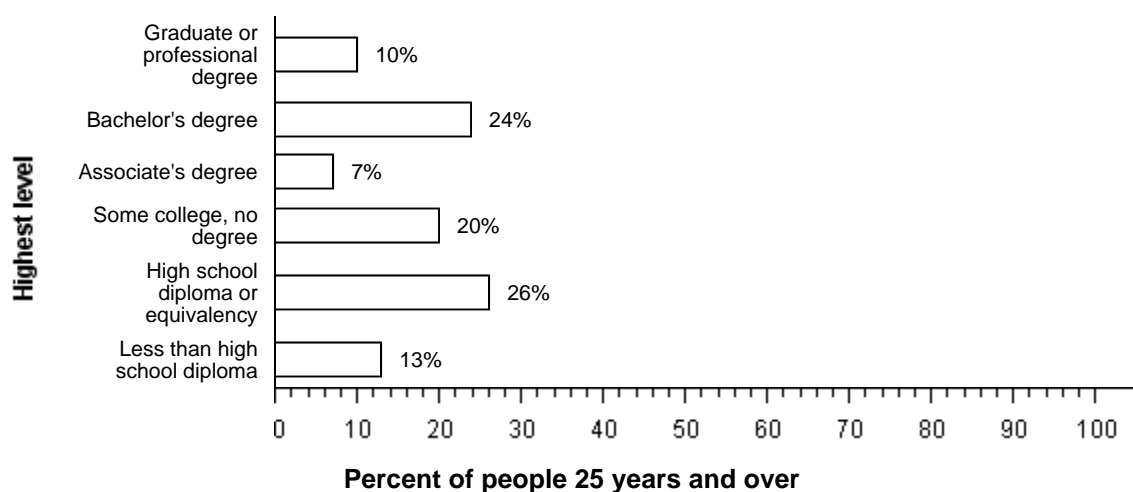

Source: American Community Survey, 2005

EDUCATION: In 2005, 87 percent of people 25 years and over had at least graduated from high school and 34 percent had a bachelor's degree or higher. Among people 16 to 19 years old, 5 percent were dropouts; they were not enrolled in school and had not graduated from high school.

The total school enrollment in Gwinnett County was 197,000 in 2005. Nursery school and kindergarten enrollment was 28,000 and elementary or high school enrollment was 126,000 children. College or graduate school enrollment was 42,000.

The Educational Attainment of People in Gwinnett County, Georgia in 2005

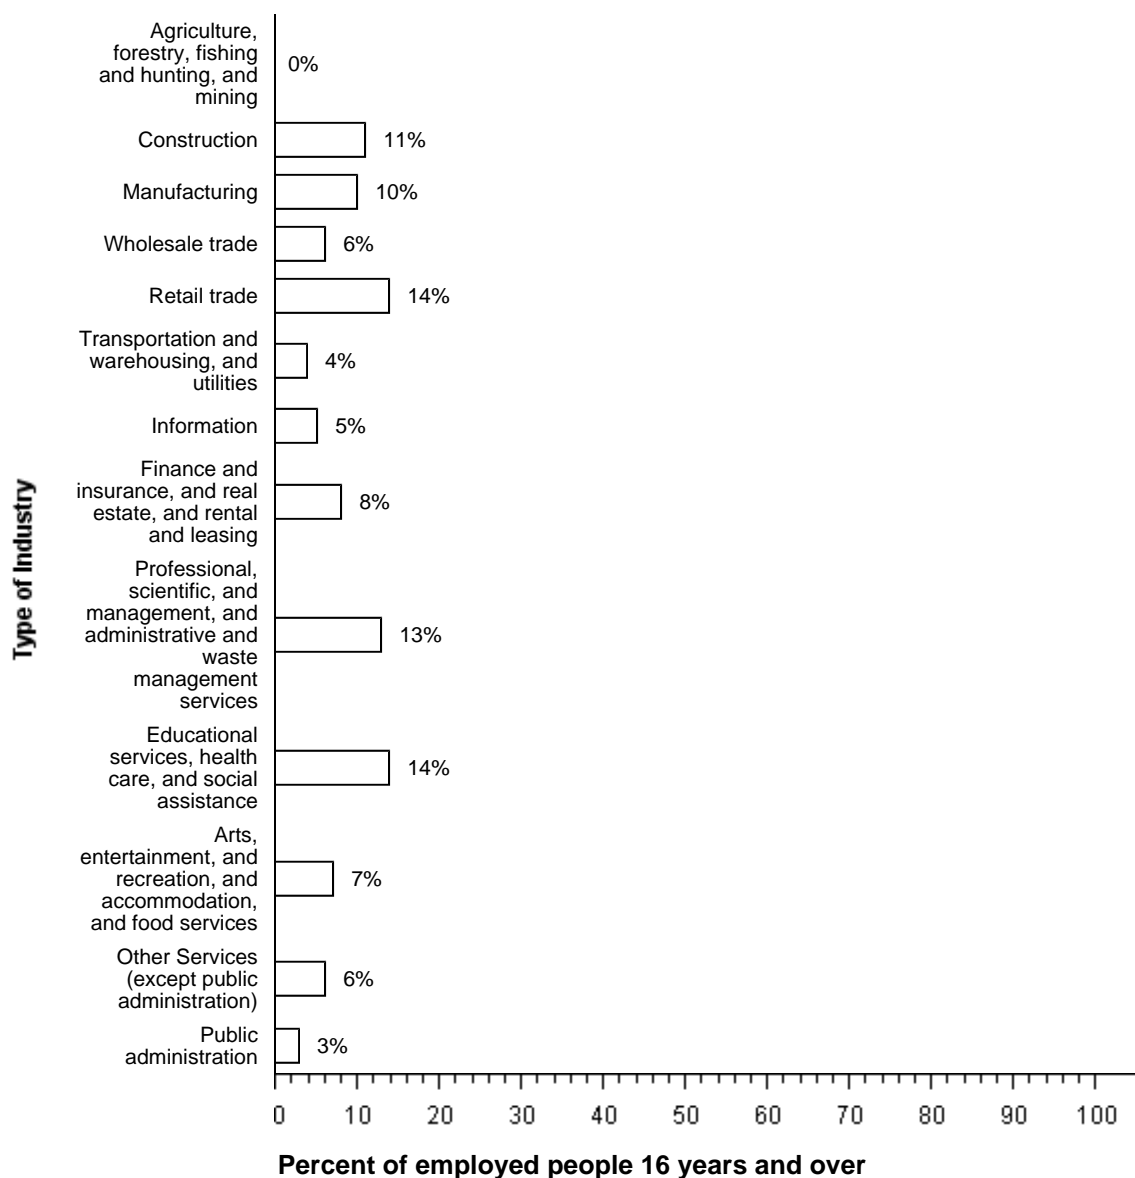

Source: American Community Survey, 2005

DISABILITY: In Gwinnett County, among people at least five years old in 2005, 7 percent reported a disability. The likelihood of having a disability varied by age - from 3 percent of people 5 to 20 years old, to 6 percent of people 21 to 64 years old, and to 35 percent of those 65 and older.

INDUSTRIES: In 2005, for the employed population 16 years and older, the leading industries in Gwinnett County were Retail Trade, 14 percent, and Educational services, health care and social assistance, 14 percent.

Employment by Industry in Gwinnett County, Georgia in 2005

Source: American Community Survey, 2005

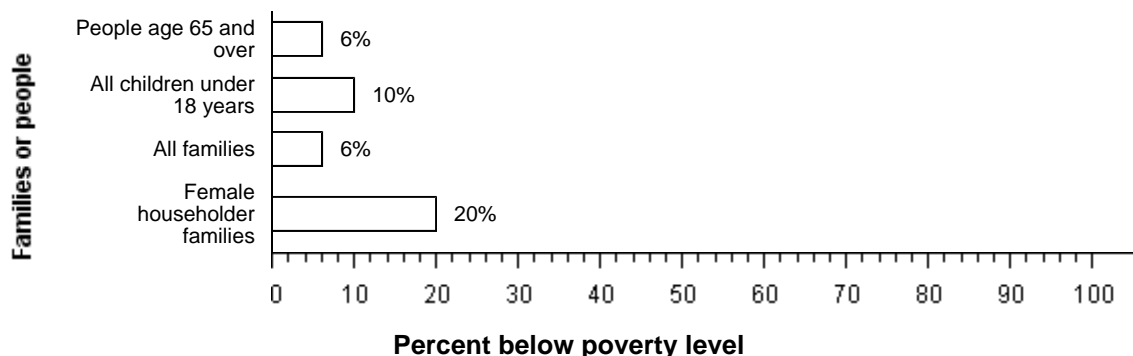

OCCUPATIONS AND TYPE OF EMPLOYER: Among the most common occupations were: Management, professional, and related occupations, 37 percent; Sales and office occupations, 30 percent; Service occupations, 13 percent; Construction, extraction, maintenance and repair occupations, 12 percent; and Production, transportation, and material moving occupations, 9 percent. Eighty-five percent of the people employed were Private wage and salary workers; 9 percent were Federal, state, or local government workers; and 6 percent were Self-employed in own not incorporated business workers.

TRAVEL TO WORK: Eighty-two percent of Gwinnett County workers drove to work alone in 2005, 10 percent carpooled, 1 percent took public transportation, and 2 percent used other means. The remaining 5 percent worked at home. Among those who commuted to work, it took them on average 31.5 minutes to get to work.

INCOME: The median income of households in Gwinnett County was \$61,365. Ninety-three percent of the households received earnings and 11 percent received retirement income other than Social Security. Thirteen percent of the households received Social Security. The average income from Social Security was \$13,643. These income sources are not mutually exclusive; that is, some households received income from more than one source.

POVERTY AND PARTICIPATION IN GOVERNMENT PROGRAMS: In 2005, 7 percent of people were in poverty. Ten percent of related children under 18 were below the poverty level, compared with 6 percent of people 65 years old and over. Six percent of all families and 20 percent of families with a female householder and no husband present had incomes below the poverty level.

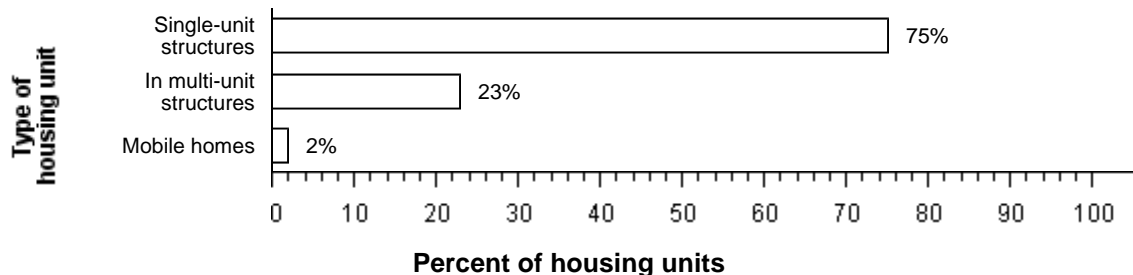

Poverty Rates in Gwinnett County, Georgia in 2005

Source: American Community Survey, 2005

HOUSING CHARACTERISTICS: In 2005, Gwinnett County had a total of 265,000 housing units, 7 percent of which were vacant. Of the total housing units, 75 percent were in single-unit structures, 23 percent were in multi-unit structures, and 2 percent were mobile homes. Fifty-four percent of the housing units were built since 1990.

The Types of Housing Units in Gwinnett County, Georgia in 2005

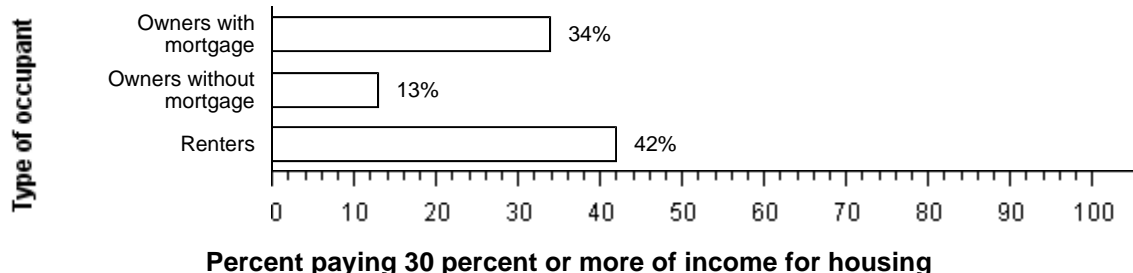

Source: American Community Survey, 2005

OCCUPIED HOUSING UNIT CHARACTERISTICS: In 2005, Gwinnett County had 247,000 occupied housing units - 178,000 (72 percent) owner occupied and 69,000 (28 percent) renter occupied. Five percent of the households did not have telephone service and 3 percent of the households did not have access to a car, truck, or van for private use. Multi Vehicle households were not rare. Forty-seven percent had two vehicles and another 23 percent had three or more.

HOUSING COSTS: The median monthly housing costs for mortgaged owners was \$1,422, nonmortgaged owners \$410, and renters \$852. Thirty-four percent of owners with mortgages, 13 percent of owners without mortgages, and 42 percent of renters in Gwinnett County spent 30 percent or more of household income on housing.
