MEMORANDUM

TO: Developers, Designers, Consultants, Contractors and Other Interested Parties

FROM: Kathy S. Holland, Director 
Department of Planning and Development

RE: Stormwater Pipe Bedding Detail

DATE: September 22, 2016

Effective September 13, 2016, all proposed project plans must utilize Stormwater Pipe Bedding Standards as defined in section 3.9.5.3.1 of the Gwinnett County Stormwater Systems and Facilities Installation Standards and Specifications (SSFISS) last revised July 28, 2006.

Only the following projects can utilize Standard Pipe Bedding Detail #710, dated February 2007.

- Those projects with valid permits;
- Projects where the Subdivision Development Permits (SDP) or Commercial Development Permits (CDP) were submitted and reviewed between January 1, 2016 and September 12, 2016. Permits must be obtained meeting all required plan review time limits.

The latest addition of the SSFISS may be found on our website at:
