**Re: Five Forks Road and Lake Lucerne Road – Rezoning & Special Use Permit Letter of Intent
Parcels: R6082 027 & R6082 035
Gwinnett County, GA**

Dear Mr. Lackey,

Together, Inland Group, LLC (“Inland”) and Mahaffey Pickens Tucker, LLP (“MPT”) have been retained by VHewatt Investments, LLC (the “Applicant”) to pursue both a Rezoning and Special Use Permit (“SUP”) Applications for real property located at the intersection of Five Forks Trickum Road and Lake Lucerne Road and further described as Parcels R6082 027 & R6082 035 that is approximately ±2.528 acres (the “Subject Property”). **The Applicant is also the Owner of the Subject Property.** The Subject Property has a split zoning designation that is both O-I and R-100 as part of the previous actions approved by the Board of Commissioners under RZ-94-166.

The Applicant is proposing a change in the zoning from the existing O-I & R-100 to C-1 with a SUP over the entire Subject Property for the additional C-1 uses of a Bank with drive-thru capabilities, Drug Store, Restaurant, Clothing Sales & Apparel, and Sporting Goods. Additionally, we are seeking a residential buffer reduction from 50 feet to 25 feet to create a re-graded and re-planted evergreen buffer with a earthen berm and double staggered row of trees can be installed along the perimeter. Since the previous zoning actions taken by Gwinnett County, GA (the “County”), the Subject Property has remained in its natural state and undeveloped. The surrounding communities have flourished with the expansive residential growth booms witnessed by the County in the late 1990’s and early 2000’s causing the need for Retail/Commercial Development located at signalized intersections. According to readily available traffic counts prepared by the Gwinnett County Department of Transportation, the Average Daily Traffic (“ADT”) for the Subject Property is 20,000 ADT along Five Forks Trickum Road, and 7,400 ADT along Lake Lucerne Road based on the 2012 studies.

The proposed C-1 Retail Development is consistent with the 2030 Unified Plan, is located within an Existing/Emerging Subdivision, and complies with the following Policies:

- **Policy A.2.5** – Allow “Corner Stores” within Specified Medium/Higher Density Areas as “Floating Zones”. This Policy provides for nodal retail/commercial development located at intersections within medium density residential areas that typically have residents making frequent vehicle trips. By encouraging the “Corner Store” tools provided in the 2030 Unified Plan, the community will be afforded the opportunities to utilize additional modes of transportation to perform the same trips by using by pedestrian foot power and bicycles.
- **Policy A.5.1** – Improve the Walkability of Gwinnett’s Activity Centers and Neighborhoods. This Policy would be supported on the proposed Retail Development by the implementation of three (3) points of pedestrian networks connecting the internal sidewalks with the external sidewalk in the County right of ways along both Lake Lucerne Road and Five Forks Trickum Road. Additionally, the County in collaboration with the State of Georgia is currently expanding the existing sidewalk networks in the immediate vicinity of the Subject Property further emphasizing the importance of this Policy.

The proposed Retail Development will consist of two (2) smaller scale one-story buildings that will be designed and treated with brick/stone architectural elements consistent with the surrounding residential communities, vehicle surface parking for the frequent quick trips, three (3) points of access for the internal pedestrian networks to connect to the external existing networks, bicycle racks for parking of bicycles and other alternate forms of transportation, large sidewalks along the fronts of the buildings to promote walkability, outdoor dining opportunities, lush landscaping areas, a 25 foot re-graded and re-planted buffer to promote a full year round evergreen buffer to provide both a visual and acoustical buffer to the adjacent residential properties, underground stormwater management to reduce safety and environmental concerns for the users of the property, and is located at a signalized intersection of Five Forks Trickum Road and Lake Lucerne Road. It is intended to lease the proposed ±19,440 square feet of commercial spaces to a compliment of Retail, Restaurant, Professionals, and other Service Commercial users who would benefit the existing residential communities by providing the main services that generate vehicle trips along the surrounding road systems.

We respectfully request your approval of this request for the Rezoning of the Subject Property to C-1 with the allowed Special Uses as mentioned above. The proposed development is consistent with the 2030 Unified Plan and creates the opportunity for a neighborhood retail/commercial development that would directly benefit the surrounding residential communities. We would be more than happy to meet with Staff and the District Representatives on-site to further discuss this proposed development on the Subject Property.

Thank you for your consideration of this request.
