Based upon the above reasons, the applicant feels that this is a reasonable request and that action contradictory to the rezoning will constitute a taking of property in violation of the Just Compensation Clause of the Fifth Amendment and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States, and Article 1, Section 1, Paragraph 1, and Article 1, Section 3, Paragraph 1 of the Constitution of Georgia, denying the owner viable use of its land.

SPECIAL USE PERMIT APPLICANT'S LETTER OF INTENT

The Applicant and Owner, Jose and Bertha Martinez, requests a Special Use Permit (SUP) on their property to allow them to build a 2,500 square foot detached garage. The property is 4.54 acres and they are currently building a 5,800 square foot home where they plan to live. The total area of the house with the pool area, garages, porches and patios is about 9,800 square feet. Mr. Martinez is a collector of classic pick-up trucks and cars and is proposing to build a garage on the eastern corner of the property to park his collection in. There will be no maintenance of the collection at this location but just cleaning and storage out of the weather. The current zoning of R-100 only allows a detached garage of 1,000 square feet and that would not be large enough to hold his entire collection. The garage will be 4 sides brick that will match the brick on the new home under construction. The garage doors will be on the front of the building to further keep any noise away from any of the neighbors. The building will also be set 45 feet from the property line and additional plantings, if needed, can be installed around the garage to provide further screening. The property is fenced in but there will be no farm animals of any kind kept on the property other than 1 or 2 dogs. Mr. Martinez looks forward to meeting and discussing with anyone their concerns about the proposed garage.
