Based upon the above reasons, the applicant feels that this is a reasonable request and that action contradictory to the rezoning will constitute a taking of property in violation of the Just Compensation Clause of the Fifth Amendment and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States, and Article 1, Section 1, Paragraph 1, and Article 1, Section 3, Paragraph 1 of the Constitution of Georgia, denying the owner viable use of its land.

LETTER OF INTENT

The Applicant's vision and primary focus for the area under consideration for this rezoning is to provide opportunities for housing, wellness, services and lifestyle for a segment of the senior population that is sixty-two years and older. Consequently, the Applicant—VDC Development Group, LLC—requests a rezoning from RA200 to O & I with a Special Use Permit to allow a Gated Senior Living offering for this age resident. The neighboring MUO (Mixed Use Overlay) was approved by Gwinnett County in 2008 prior to the construction of Northeast Georgia Medical Center. Del Webb also developed two Active Adult housing communities in the immediate area—other senior housing facilities are also opening in the area. This request is to replace the current zoning to allow the Applicant to build 499 units of Independent Living space containing mostly 1 and 2 bedroom units.

Instead of a massive multi-story building, this offering will consist of multiple buildings. **a)** The site plan depicts the number and size of buildings, the most typical buildings contains 22 units. The average resident unit size is 1,163 sq. ft. Each building will be 10,371 square feet of heated space per floor except for the Wellness\Club House which will be 10,000 square feet. **b)** The number of resident units per building may vary based upon market requirements and building site conditions, **c)** underground parking below each building, **d)** a large lobby area on the first floor for entertaining guests and having activities and meetings with other residents, **e)** Four residences on the first floor—six on the other floors, **f)** each building will have an elevator, **g)** buildings will be modeled after large elegant homes, using French Provincial, English Manor and other architectural styles, **h)** each residence will have a full kitchen, dining area, living area, bedrooms, bathroom(s) with walk-in shower, outdoor patio/balcony and additional features, **i)** by using an architectural review process, each building will have distinctive features and colors, complementing the neighboring buildings. **j)** The 2 buildings that front onto Thompson Mill Road will be limited in height to 3 stories.

As the buildings are occupied, future plans are for **a)** a catering restaurant located in the commercial area of the MUO so residents can have a full dining experience—or can have meals delivered to them on an as-needed basis, **b)** a community Wellness/ Clubhouse facility for exercise and social group activities, this will be a minimum 10,000 square foot facility that will serve residents of the entire community **c)** optional A la Carte services offered to residents including concierge, a wellness coordinator, linen and dry cleaning service, weekly house cleaning service, transportation coordination and 3rd party healthcare services.

All units will be only for Independent Living residents as no assisted or memory care facilities are being proposed. One gated entrance is proposed off Thompson Mill Road and another internal gated entrance to the MUO section of the property.

The Applicant's second request is for a height increase to a maximum height of 57 feet 10 inches—and an average height of 50 feet for the buildings throughout this proposed development. .

ENGLISH MANOR-FRONT ELEVATION

PROPOSED ADDITIONAL COLOR OPTIONS:
MATERIAL AND COLOR CONCEPT FOR VDC SENIOR INDEPENDENT LIVING IS TO PROVIDE TWO ARCHITECTURAL STYLES: ENGLISH MANOR AND ENGLISH TUDOR. THAT ALLOWS STYLE VARIATION WITHIN THE SENIOR COMMUNITY AND AVOIDS THE REPETITIVE HOUSING EFFECT. THIS VARIATION IS FURTHER REINFORCED BY PROVIDING AN ADDITIONAL COLOR OPTION FOR EACH STYLE WHILE MAINTAINING THE CURRENT MATERIAL PALETTE SHOWN. THE COLOR OPTIONS FOR BOTH STYLES WOULD BE WITHIN THE SAME COLOR FAMILY AND COMPLEMENTARY TO THE PROPOSED BASE COLOR OPTION SHOWN ABOVE. THIS ADDITIONAL COLOR OPTION FOR EACH STYLE WOULD STRENGTHEN THE BUILDING VARIATION AND INCREASE A MORE VILLAGE-LIKE EXPERIENCE FOR THIS NEIGHBORHOOD WHICH TIES INTO THE OVERALL MASTER PLANNED COMMUNITY.
