

**Submit Completed Application to:**

Email: [ContractorApplication@gwinnettcountry.com](mailto:ContractorApplication@gwinnettcountry.com)

**Application  
for  
Approved Utility Contractor List for *Developer Constructed Facilities***

All questions must be answered in full, without exception. Failure to do so will result in the applicant being deemed non-responsive, and the application returned to the applicant; and applicant will not be considered for pre-qualification until such time as a **complete application** is submitted for the applicable area for which you are requesting pre-qualification. Applicant shall not attach information in lieu of completion of the application, and qualification will be determined based upon the information presented. The application review and approval process will require a minimum of three (3) weeks from the date the **complete application** is received by Gwinnett County. Upon approval, applicant will remain pre-qualified until the County determines otherwise; or until expiration of the Pre-Qualification period, which shall be **June 30, 2027**; at which time applicant will need to submit a new application, if they desire to renew their pre-qualification. Contractor must be on approved list prior to obtaining a Development Permit.

**Check applicable areas below for which applicant requests Pre-Qualification:**

**NOTE: For projects that exceed size parameters below, Applicant shall contact Department of Water Resources to verify Applicant's ability to complete larger projects.**

**Water:**

Small Mains (8" to less than 16") \_\_\_\_\_  
Medium Mains (16" to less than 24") \_\_\_\_\_

**Backflow:**

Preventer (3" and larger) \_\_\_\_\_

**Sanitary Sewer:**

Small Gravity Mains (8" to less than 12") \_\_\_\_\_  
Medium Gravity Mains (12" to 16") \_\_\_\_\_  
Force Mains (4" to 16") \_\_\_\_\_  
Pump Stations (up to 100 hp) \_\_\_\_\_

**Stormwater:**

Pipe \_\_\_\_\_  
Box Culvert \_\_\_\_\_  
BMPs \_\_\_\_\_

**PLEASE PROVIDE NAME(S) OF PERSON(S) AUTHORIZED TO PICK UP PERMITS FOR YOUR COMPANY**

\_\_\_\_\_  
\_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

I hereby certify that all provided information is true. I also hereby certify that I have obtained the latest edition of ***Gwinnett County Department of Water Resources Water Main and Sanitary Sewer Design and Construction Standards and Specifications, Gwinnett County Department of Water Resources Developer Pump Station Standards, Gwinnett County Stormwater Management Manual,*** or their respective, successor documents.

For all projects, I agree to fully comply with the Gwinnett County Department of Water Resources applicable policies, regulations, and requirements; together with its approved plans and current installation specifications in the construction of water mains, sanitary sewer gravity and force mains, pump stations, stormwater pipes, box culverts, BMPs, and the Unified Development Ordinance.

Further, I agree to obtain and fully comply with the ***Gwinnett County Water Resources Standard Policy for Installation and Maintenance of Temporary Construction Plugs*** as follows:

### **COST RECOVERY FEES RELATING TO PLUG POLICY VIOLATIONS**

**Fee is to be paid to Department of Water Resources prior to re-televising of new pipelines for Project Acceptance, Final Plat, and/or Certificate of Occupancy.**

1. **Failure to install plugs during new construction and/or removal of same without Gwinnett County Department of Water Resources Authorization, or failure to install plug properly allowing inflow into existing sanitary sewer system:**  
**First Offense**: - **\$500.00** Fee for not installing, or improperly installing plugs in first upstream manhole.  
**Second Offense** (Within a six (6)-month period from first offense): - **\$500.00** Fee **and suspension** from Approved Utility Contractor List for a minimum of six (6) months.
2. **Any/all incidents of flushing and/or draining of newly constructed sewers into the existing sanitary sewer system:**  
**\$500.00** Fee and **automatic suspension** from Approved Utility Contractor List for a minimum of nine (9) months.
3. **Failure to properly install plugs, (i.e. use of air plugs, plugs not properly tied off, etc.):**  
**First Offense**: - **Warning** placed in Contractor's file.  
**Second Offense** (Within a six (6)-month period from first offense): - **\$500.00** Fee and **suspension** from Approved Utility Contractors List for a minimum of six (6) months.

In addition to the above fees, and in accordance with the current Plug Policy, any Contractor who fails to remove plugs after being instructed to do so by Gwinnett County Department of Water Resources:

- (1) Will be suspended from the Approved Utility Contractor List for a minimum of six (6) months,
- (2) Will be required to reimburse all costs to the Department of Water Resources for clean-up of any spills,
- (3) Will be held liable for any damages to public or private property, and
- (4) Will fully reimburse any penalties assessed to Gwinnett County by Georgia EPD.

This policy pertains to all phases of construction and includes the requirement of reporting to the Department of Water Resources, any sewer overflows which might have been caused by Contractor's actions. By accepting a Sanitary Sewer Construction Permit, I also hereby agree that said plugs shall only be installed and removed at the direction of Gwinnett County Department of Water Resources.

I understand and agree that failure to comply with the above stated policies and requirements may result in Applicant's liability for any local, state and federal penalties, cost recovery fees, and suspension from the **Approved Utility Contractor List for Developer Constructed Facilities** for a period of not less than one (1) year and/or revocation of any or all current construction permits.

## SANITARY SEWER: PUMP STATIONS

List **three (3) different** pump station construction projects, including at least one (1) station with 100hp or larger pumps, completed by your company in the last five (5) years. List three (3) different references, one per listed project. Applicant must have been the prime contractor performing at least 50% of the work. The project experience must show coordination with owners, inspectors, and standard requirements. Pump station work experience must include mechanical, electrical, instrumentation, concrete, and any other work required to complete construction of a pump station. Approval of this application is for new pump station work only.
