THREE MORE ROAD PROJECTS APPROVED IN GWINNETT

(Lawrenceville, Ga., May 1, 2007) - Three more road construction projects to reduce congestion and improve safety were approved Tuesday by the Gwinnett Board of Commissioners.

Riverside Road will get horizontal and vertical alignment corrections along with new turn lanes at Austin Garner Road. The low bidder was Baldwin Paving Company, Inc., at almost \$2.3 million.

Visitors to the recently expanded Lenora Park will benefit from new turn lanes, a traffic signal and pedestrian crosswalks on Lenora Church Road at Lee Road. Gary's Grading and Pipeline Co. Inc., got the almost \$2.1 million contract.

A school safety project in the Hamilton Mill area will add 2,300 feet of sidewalks from the entrance to Mill Creek High School to Kings Cross Way and will also connect the existing sidewalk at the entrance of Duncan Creek Elementary School to Quail Point Run. The low bidder was CMES, Inc., at \$391,895.

Gwinnett DOT Director Brian Allen said, "We've been able to do all of these projects thanks to the SPLOST funding approved by the citizens."
