

# TRANSIT IN GWINNETT COUNTY

## Major Destinations and Transit Routes

## Home and Work Locations for Current GCT Riders

The map on the left shows destinations within Gwinnett and surrounding areas that are important to County residents and employees. In addition, in relation to these key destinations, the existing local and express bus routes are shown.

The map on the right (above) shows the home and work locations of current GCT bus riders, as determined by the Fall 2015 on-board survey. **To “read this map”:** the darker the red color, the greater the number of trip ends were located in those spots. The highest intensities of trip ends are located in Downtown and Midtown Atlanta as well as around the Sugarloaf Mills, Gwinnett Place Mall, and downtown areas of Lawrenceville and Norcross.
