

SHORT-TERM TRANSIT ENHANCEMENTS

FALL 2016 ENHANCEMENTS

MODIFICATIONS TO EXISTING ROUTES

- Modify Route 10B service to run every hour off-peak instead of every two hours
- Add more evening trips to Route 10A from the Doraville MARTA station
- Add later Route 103 service in the morning
- Add an early afternoon express “sweeper” bus that will go to all three Park-n-Ride lots upon request
- Schedule changes to Routes 30 and 40 to improve reliability, beginning routes earlier for those connecting to routes going to MARTA, interlining at peak times to meet Route 10 at the Gwinnett Transfer Center
- Extend transfer period from 90 minutes to 180 minutes

NEW ROUTES/INFRASTRUCTURE

- Add new Emory express service
- Create a My Stop App and website with real-time tracking
- Develop “Where is my bus” information for paratransit customers
- Add 28 new buses to improve local bus performance

SPRING 2017 ENHANCEMENTS

ROUTE MODIFICATION/ADDITION

- Stop consolidation and relocation of some stops from near side to far side
- Add local and express service
- Create new flex service

TECHNOLOGY AND INFRASTRUCTURE ENHANCEMENTS

- Develop Google transit improvements capabilities
- Provide Wi-Fi on all buses (budget pending)
- Replace of paratransit vehicles
- Update and refresh website

ESTABLISH A NEW POSITION

- Transportation Demand Management Coordinator (budget pending)
