Token Transit mobile ticketing pilot continues

Using your smartphone, you can now buy your GCT ticket in the Token Transit App. Once purchased, bring your phone to the electronic reader by the farebox to complete the transaction, and you are all set to ride. This program is also available on Xpress.

The regional, contactless program enables riders to pay their bus fare in all of metro Atlanta. This safe, secure payment option reduces contact between GCT riders, drivers, and surfaces during the ongoing COVID-19 pandemic. The Token Transit App is free and can be downloaded from the App Store and Google Play.
