## What's new?

### Our response to COVID-19

To take precautions on our fleet of buses and limit the spread of the coronavirus disease (COVID-19), when available, hand sanitizer will be placed on buses for passenger use. Bus operators have been provided with their own personal hand sanitizer and disinfectant wipes.

We are also deep cleaning local and commuter buses daily, which is an increase from once per month. The cleaning products being used for deep cleaning kill germs at a rate of 99.9%.

Starting on **Monday, March 23**, priority seating on local buses and regular seating in the front of commuter buses will be blocked off to practice social distancing from drivers.
