News You Can Use

NEW SHELTERS AT SUGARLOAF MILLS

Starting **Monday, October 9, 2017**, express riders that utilize the Sugarloaf Mills Park and Ride will have access to new shelters while they wait to be transported.

To better accommodate patrons, Gwinnett County Transit will be replacing the older, temporary shelters with larger shelters that have perforated wall panels for better air circulation. They will be capable of enclosing patrons for weather protection, as the walls, windows, and roofs will be sealed to create a waterproof barrier. Benches, trash cans, schedule holders, and map holders will also be attached to suit riders during their waiting period.

For more information or to express any comments or concerns, please feel free to contact GCT Customer Service at **770.822.5010** Monday through Friday from 6:00am to 8:00pm, and Saturday from 7:00am to 8:00pm.
