SUBJECT: Recommendation to Renew OS027-24 Provision of Maintenance and Support for the
Thales Data Encryption Solution on an Annual Contract

DATE: February 20, 2026

REQUESTED ACTION

The Department of Information Technology Services recommends renewal of the above referenced contract with Dell Marketing L.P. for the period of July 1, 2026 through June 30, 2027 in the amount not to exceed 190,495.41.

DESCRIPTION

The database encryption solution provides protection for Gwinnett County’s databases containing sensitive data and prevents tampering of the data by making the data unreadable to any unauthorized user. This additional layer of protection makes it more difficult for an attacker to access County data even if the hosting system were compromised. It also helps the County meet compliance goals for Payment Card Industry (PCI) and Federal Information Security Management Act, as well as state and local data residency and privacy requirements.

This contract utilizes the Dell contract #SPD-SPD0000060-0006 with the Georgia Department of Administrative Services.

SUBJECT: Recommendation to Renew BL017-24
Replacement of Water Meters 2" and Smaller on an Annual Contract

DATE: January 29, 2026

REQUESTED ACTION

The Department of Water Resources recommends renewal of the above referenced contract with Bermex, Inc., amount not to exceed \$1,400,000.00.

DESCRIPTION

This contract is used to replace existing 3/4-inch to 2-inch water meters that have exceeded their useful life. Over time, meters can become less accurate due to wear from prolonged usage, leading to under-reported water consumption. Replacing these meters ensures accurate measurement of water usage for billing.

Replacement is determined by the total volume of water that has passed through a meter. Based on the meter testing program, a typical 3/4-inch residential meter requires replacement after 1.1 million gallons of usage, which is normally reached at around 15 to 20 years of usage by a household.

EXECUTIVE SUMMARY

Budget Amendment

Reflected in this report is a fiscal year 2025 budget amendment adopted on December 12, 2025, at a regularly scheduled Board of Commissioners business meeting. Budgets were amended based on anticipated receipts and appropriations.

Fiscal Year 2025 Preliminary Operating Results

Preliminary results for fiscal year 2025 indicate that all operating funds have finished the year in a favorable position.

The Department of Financial Services will continue to post accounting transactions through the end of the external, independent audit. Estimates have been posted for major items, but additional entries may be required as the audit is completed. Audited financial statements for fiscal year 2025 will be presented in the Annual Comprehensive Financial Report this Summer.

Property tax revenues across all operating funds were up \$45.6 million, or 6 percent, over last year. The increase is due to property tax digest growth.

Annual Notices of Assessment were mailed to all owners of residential and commercial real property on May 23, 2025. During the 45-day appeal period, taxpayers filed 22,979 residential and commercial real property tax appeals, a 29 percent increase from the number of real property appeals filed the previous year. As of January 31, 2026, 92 percent of the appeals have been settled.

In 2025, investment revenue was impacted by falling interest rates as well as the County's one month extension of the property tax due date and collections. Across all funds, investment revenue is down \$5.6 million year-over-year. However, year-to-date revenue is ahead of budget in most funds because rate cuts were anticipated and were incorporated into 2025 budgets.

2025 External Audit

The annual external audit began in March and is expected to end in June. The audit process includes a thorough review of procedures and transactions to ensure that the County is following generally accepted accounting principles. Audit reports are intended to confirm that the figures presented within the County's Annual Comprehensive Financial Report are fairly represented. As the audit is being completed, additional entries for 2025 may be required.

Compensation Adjustments for County Employees

On December 9, 2025, the Gwinnett County Board of Commissioners approved a compensation adjustment for County employees to ease the financial strain of inflation and other economic uncertainties on our workforce. Effective for the pay period that began October 25, 2025, all full-time eligible employees received a 4 percent market adjustment pay increase. Along with the market adjustment, full-time employees' salaries were increased to at least \$40,000 per year.

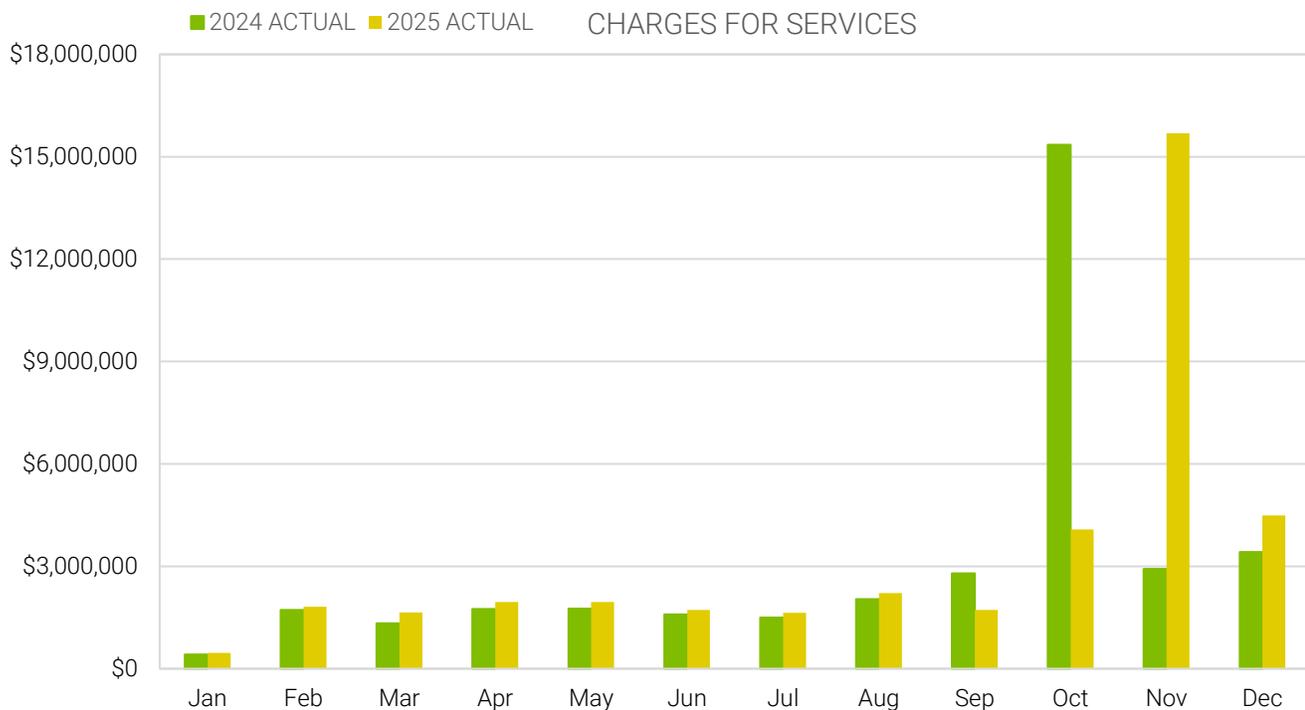

Contribution to Capital

Capital contributions in the General, Fire and EMS District, Development & Enforcement District, and Police Fund are lower in 2025 compared to 2024. In December 2024, additional contributions were made for several capital projects, including the Gwinnett Justice and Administration Center renovation plan and funding for future capital maintenance needs. The 2025 capital plan required less overall funding, resulting in decreased capital contributions from these funds.

GENERAL FUND (PAGE 12)

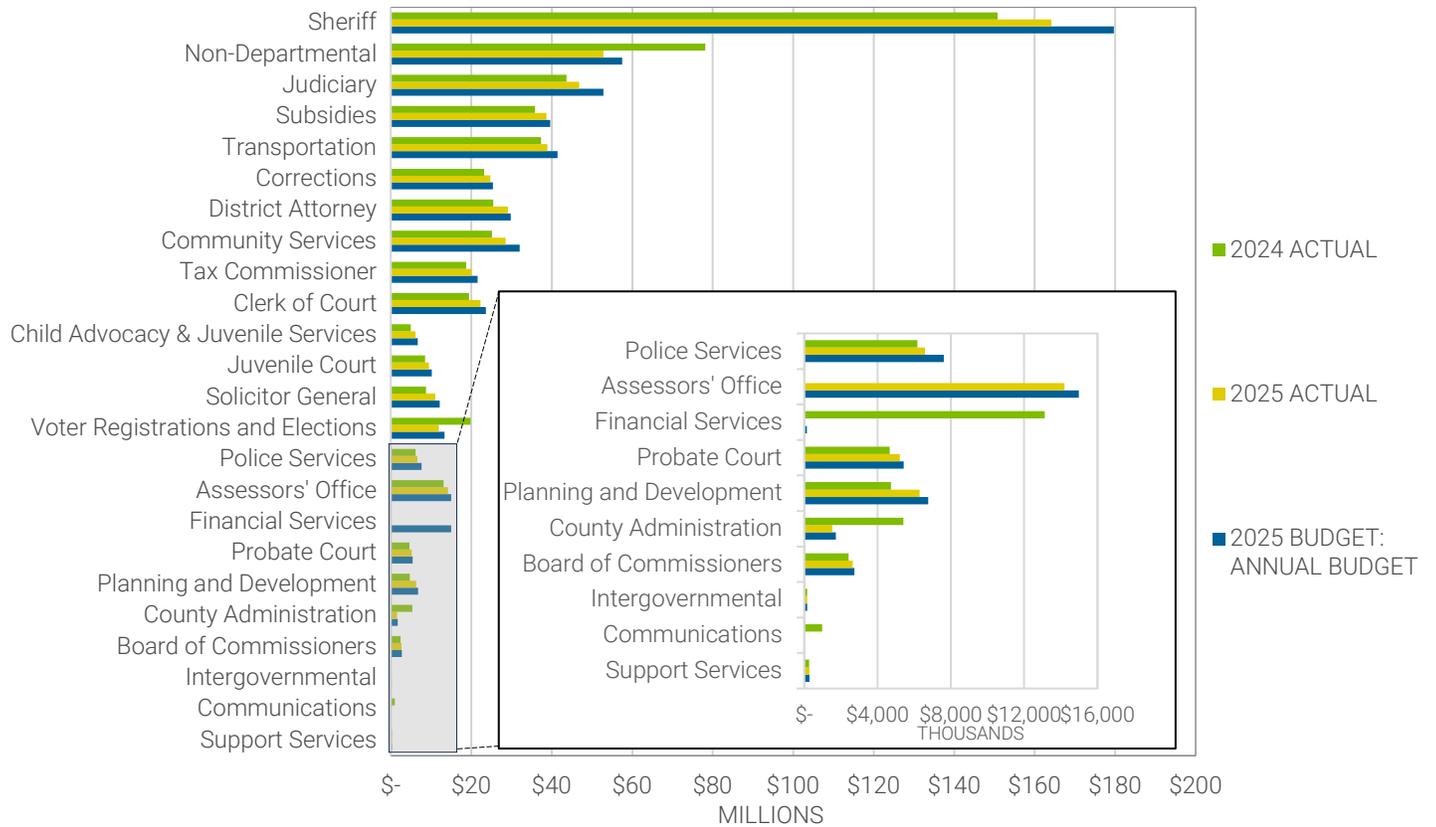

The General Fund accounts for all County revenues and expenses not restricted to or accounted for in other funds. The County's General Fund supports services that benefit stakeholders, businesses, and residents countywide, such as sheriff, jail, courts, correctional facility, tax commissioner, community services, transportation, and elections.

The main source of revenue for the General Fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Charges for Services is another major revenue category in the General Fund. The main sources of revenue in this category are tax commissions related to property taxes, judicial services, and school and summer youth programs.

As seen in the chart, last year there were significant increases in monthly collections around the property tax due date of October 15, 2024. January receipts were much lower than in other months. This is because most of January's collections were for prior year services and were recorded in the prior year. Charges for Services through December are up approximately \$2.8 million, or 8 percent, when compared to the same time last year. This is primarily attributable to increased revenues from court services and Tax Commissioner collections.

GENERAL FUND
BUDGET VS. ACTUAL BY DEPARTMENT
DECEMBER 2024– 2025 YTD EXPENDITURES

Sheriff expenses are approximately \$13.3 million higher compared to last year, primarily due to fewer position vacancies and higher salaries. The average vacancy rate decreased from 34 percent in 2024 to 28 percent in 2025. Although expenses are up, they are under budget approximately \$15.5 million, or 9 percent, primarily due to underutilization in professional services, license support agreements, and advertising.

Non-Departmental expenses are approximately \$25.3 million lower in comparison to 2024 and under budget by \$4.7 million. This is primarily due to timing of contributions to capital and the discontinuation of the Express Transit bus line. In addition, the budget for Non-Departmental expenses appear smaller than in previous periods due to the realignment of various line items as part of the County's transition to Oracle, which is discussed in the Recurring Items section on page 11.

Judiciary expenses are approximately \$3.2 million higher than last year, primarily due to increases in personnel costs, indigent defense attorney fees, and professional services. However, they are under budget approximately \$6.0 million, or 11 percent, primarily due to a change in the budgeting process for indigent defense, court reporters, and interpreters.

Subsidies are approximately \$2.9 million higher than last year, primarily due to increases in subsidies for Libraries, Board of Health, and Homelessness Prevention. Additionally, the subsidies within the General Fund now include several agencies that were previously categorized under Non-Departmental before the transition to Oracle. Further discussion on the transition to Oracle can be found in the Recurring Items section on page 11.

Clerk of Court expenses are approximately \$2.8 million higher than last year, primarily due to personnel costs and professional services. The increase in personnel costs is related to pay-for-performance, market adjustments, and new positions.

Voter Registrations and Elections expenses are approximately \$7.9 million lower in comparison to 2024, due to 2024 being an election year. Additionally, current expenses are under budget approximately \$1.4 million, or 10 percent, due to underutilization in personnel, professional services, communications, and supplies.

Planning and Development expenses are approximately \$1.6 million higher than last year, primarily due to fewer position vacancies, higher salaries, and increased benefit costs. The average vacancy rate decreased from 35 percent in 2024 to 12 percent in 2025.

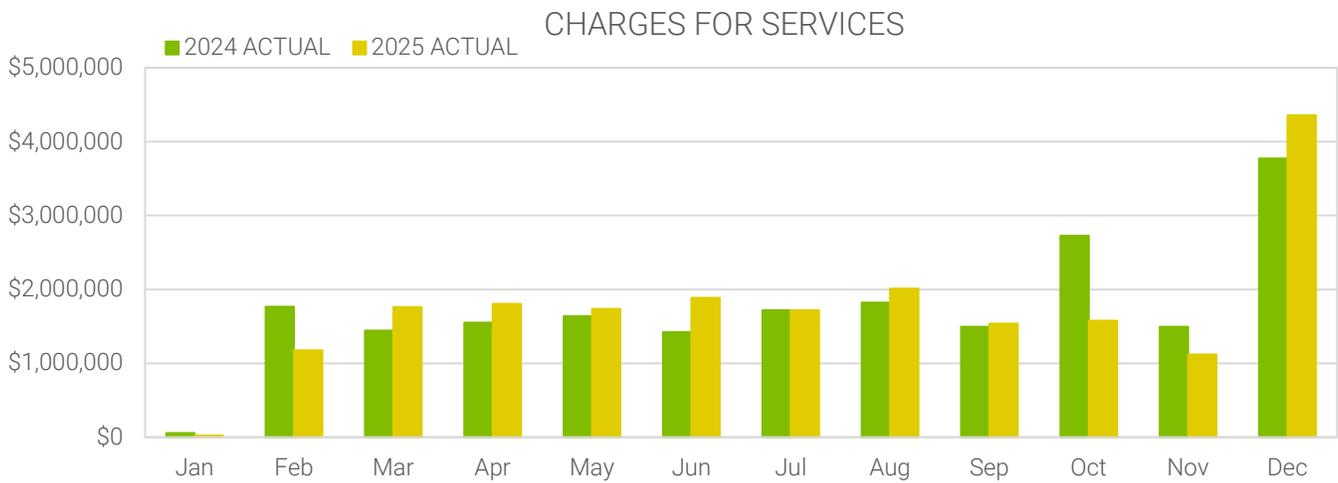

Communications has no current year expenses in the General Fund due to the transition of the Community Outreach Division to Community Services in January 2025.

In 2025, the Assessors' Office transitioned from Financial Services to County Administration in the General Fund. As a result, the current budget and actual results for the Assessors' Office were moved out of Financial Services. This change is reflected in the chart above in both departments in the 2024 to 2025 comparison to budget and actuals.

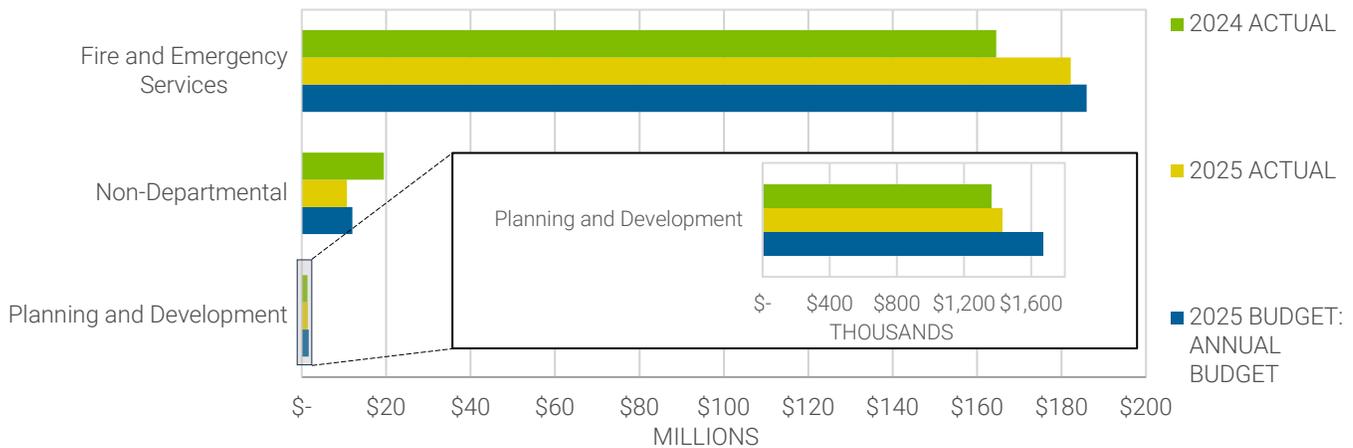

FIRE AND EMERGENCY MEDICAL SERVICES DISTRICT FUND (PAGE 14)

Gwinnett County is responsible for providing fire and emergency medical protection within the Fire and Emergency Medical Services District. This district includes all properties within unincorporated Gwinnett County and all cities except Loganville. The City of Loganville operates its own fire department, but residents and businesses continue to receive County-provided emergency medical services.

The main revenue source for the Fire and Emergency Medical Services District fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Charges for Services is another major revenue category in this fund and is shown in the chart below. Charges for Services revenue, which primarily consists of ambulance fees, is down approximately \$204,000 when compared to last year. This decline is mainly attributed to lower state Medicaid supplemental payments for ambulance services. However, the reduction was partially offset by higher cash receipts and increased ambulance transports.

FIRE AND EMERGENCY MEDICAL SERVICES DISTRICT FUND
BUDGET VS. ACTUAL BY DEPARTMENT
DECEMBER 2024 – 2025 YTD EXPENDITURES

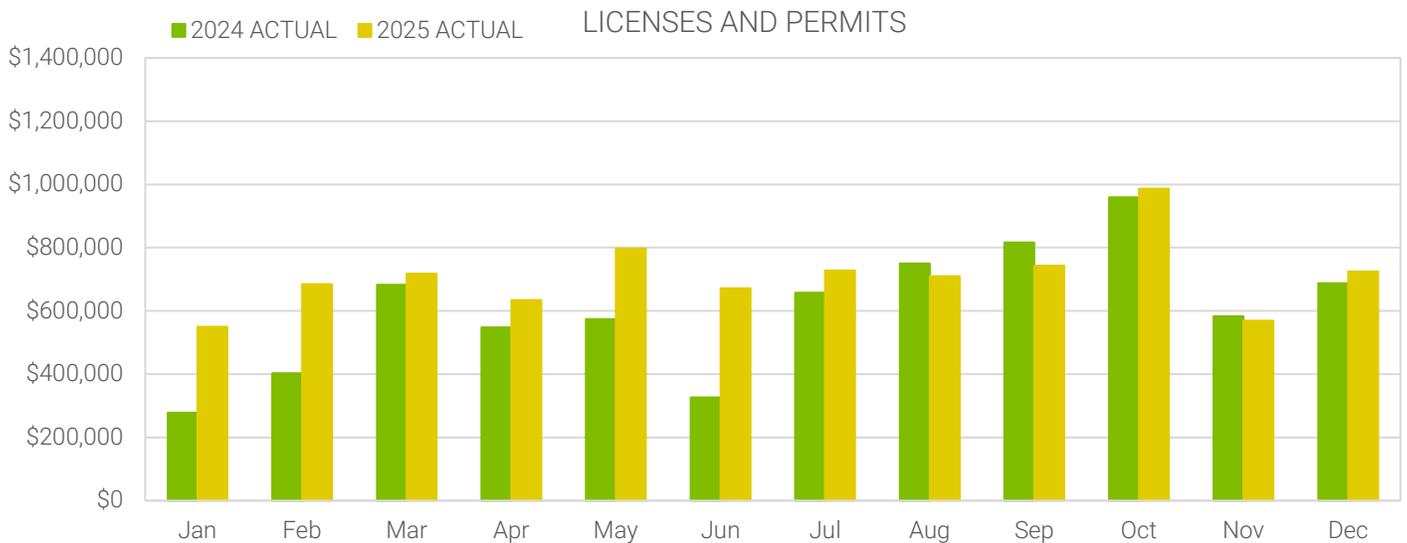

Fire and Emergency Services expenses are approximately \$17.7 million higher than last year, primarily due to fewer position vacancies and higher salaries due to market adjustments and pay for performance increases. The average vacancy rate decreased from 12 percent in 2024 to 4 percent in 2025.

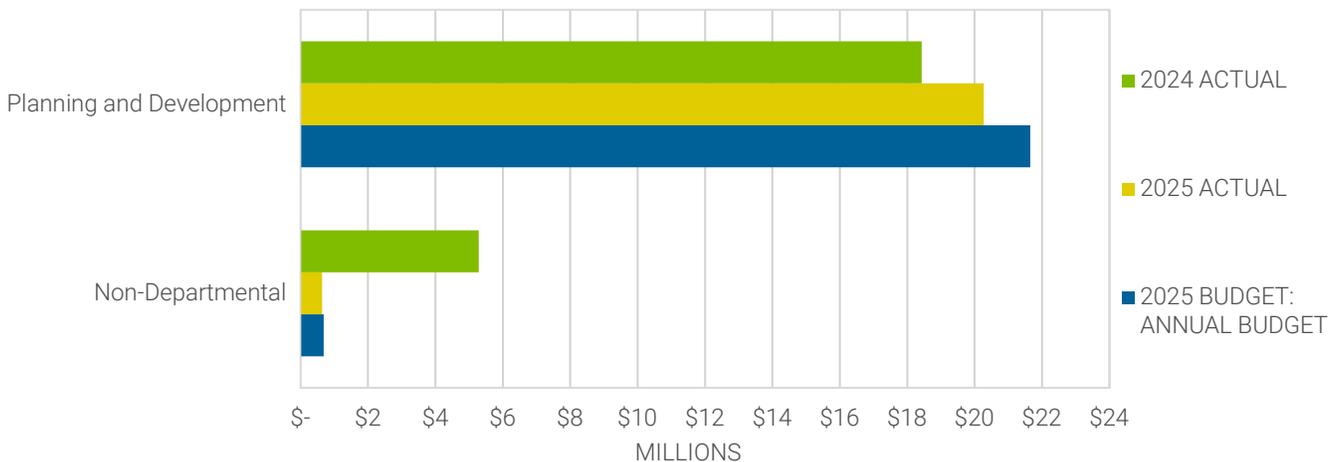

DEVELOPMENT & ENFORCEMENT SERVICES DISTRICT FUND (PAGE 15)

The County is responsible for providing short-term planning and code enforcement services within the Development and Enforcement Services District. This district includes all properties within unincorporated Gwinnett County.

The main revenue source for the Development and Enforcement Services District fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Licenses and Permits is another major revenue category in this fund and is shown in the chart below. When compared to the same time last year, Licenses and Permits revenue is up approximately \$1.3 million. This is due to an increase in building permit fees for new construction projects.

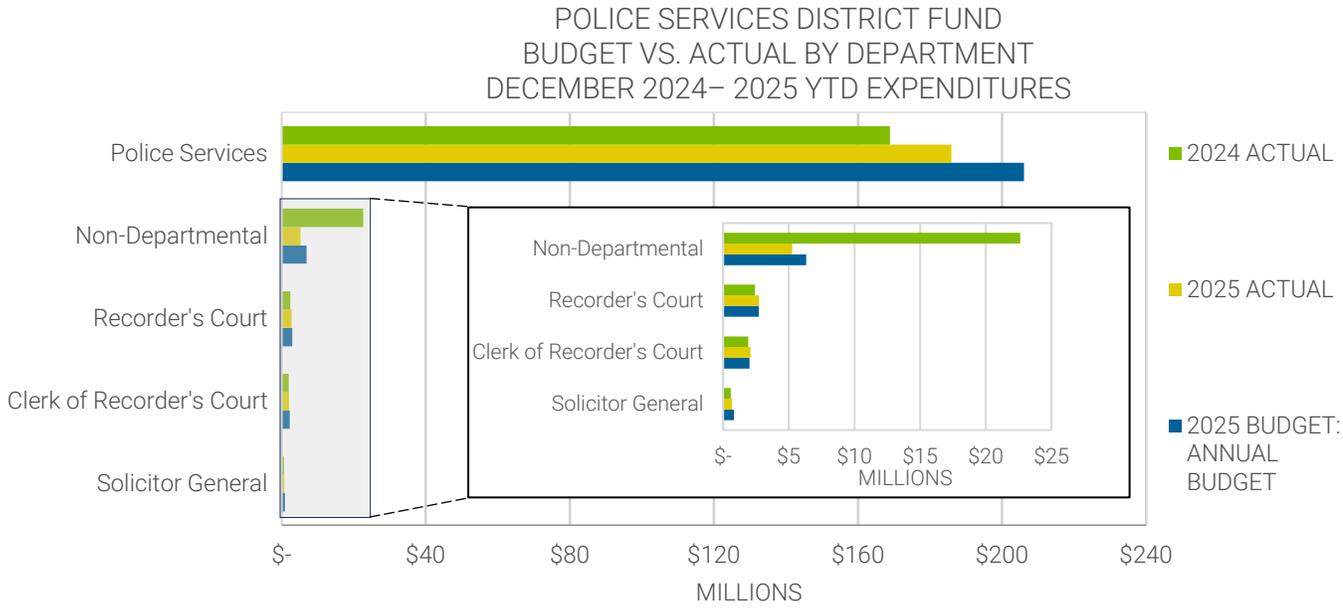

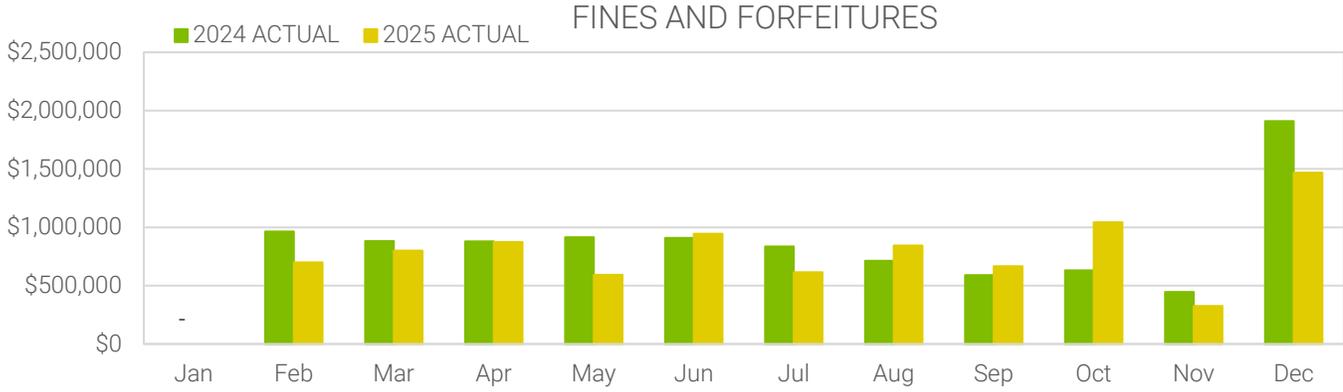

DEVELOPMENT AND ENFORCEMENT SERVICES DISTRICT FUND
BUDGET VS. ACTUAL BY DEPARTMENT
DECEMBER 2024– 2025 YTD EXPENDITURES

POLICE SERVICES DISTRICT FUND (PAGE 17)

Gwinnett County is responsible for providing police protection within the Police Services District. This district includes all properties within unincorporated Gwinnett County and cities that do not operate their own police departments (Berkeley Lake, Buford, Grayson, Dacula, Mulberry, Peachtree Corners, Rest Haven, and Sugar Hill).

The main revenue source for the Police Services fund is property taxes. Further discussion on property taxes can be found in the Recurring Items section. Fines and Forfeitures is another major revenue category for this fund and is shown in the chart below. Fines and Forfeitures revenue through December is down approximately \$809,000, or 8 percent, compared to the same period last year. This is primarily due to a decrease in citations, which reflects the effectiveness of the school zone automated speed detection program and implies safer driving habits.

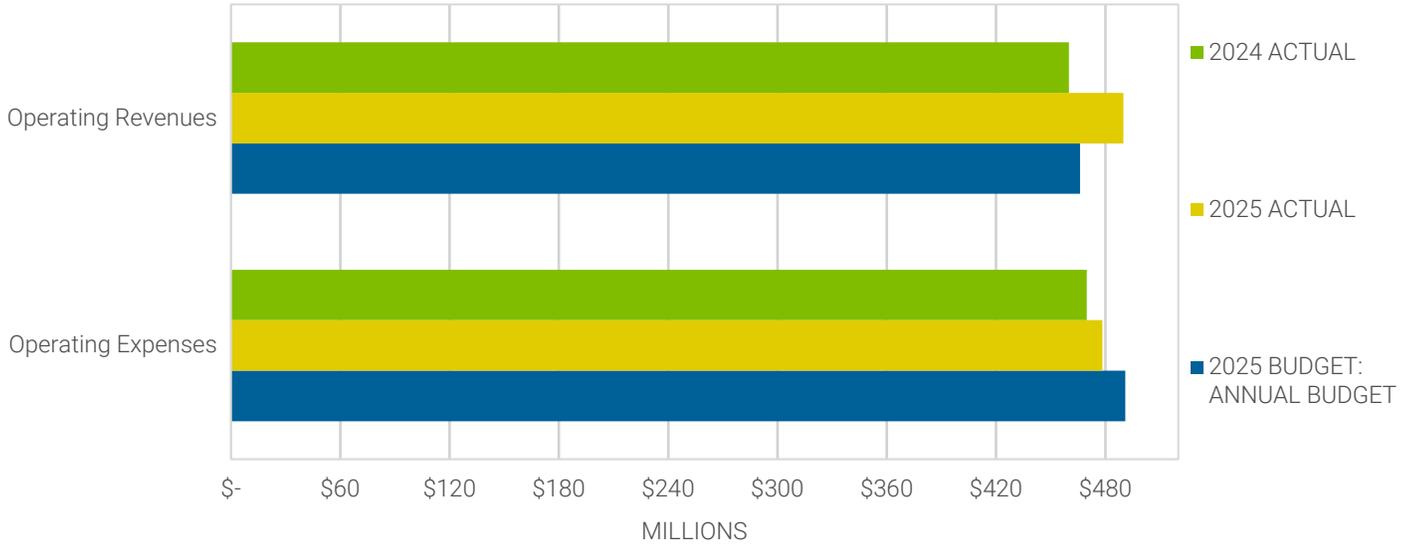

Police Services expenses are approximately \$17.0 million, or 10 percent, higher than the prior year primarily due to increased personnel costs related to reduced position vacancies, pay-for-performance, and market adjustments. The average vacancy rate decreased from 22 percent in 2024 to 19 percent in 2025. Additionally, expenses are higher than the prior year due to an increase in uniform supplies, police equipment, and the license support agreement for body cameras. However, Police is under budget approximately \$20.2 million due to underutilization in personnel, professional services, and fleet repairs and maintenance.

WATER & SEWER OPERATING FUND (PAGE 47)

The Water and Sewer Operating Fund supports the operation, maintenance, and capital improvement of the water and sewer system.

WATER AND SEWER OPERATING FUND
DECEMBER 2024– 2025 YTD REVENUES AND EXPENSES

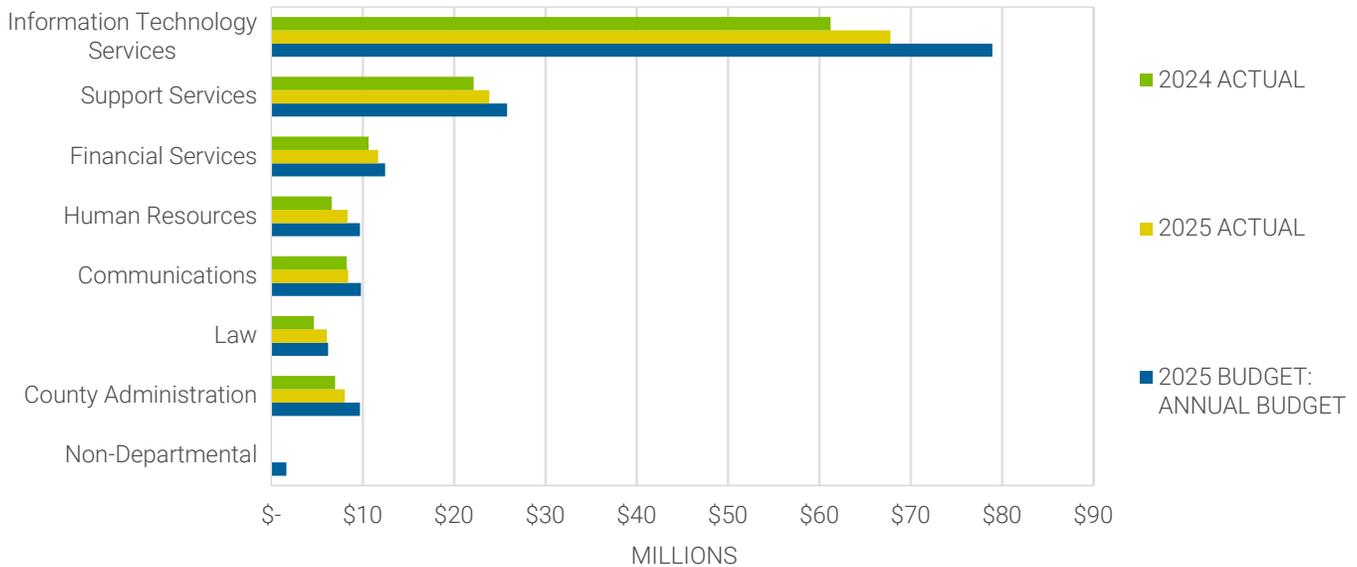

Year-to-date Water and Sewer Operating Fund revenues are up \$29.9 million compared to last year. This is primarily attributable to a 4.5 percent increase in water and sewer rates, as well as higher consumption in the warmer months. The increase in Charges for Services revenue is partially offset by decreases in contributions from developers related to water permit meter sales.

Year-to-date, Water and Sewer expenses are up approximately \$8.3 million, or 2 percent, compared to last year. The increase is primarily due to an increase in personnel costs and capital contributions. However, expenses in the Water and Sewer Operating Fund are approximately \$12.8 million under budget primarily due to underutilization in areas such as industrial repairs, professional services, chemicals, and personnel services.

ADMINISTRATIVE SUPPORT FUND (PAGE 53)

The Administrative Support Fund accounts for the activities of all central support departments: Communications, County Administration (excluding Gwinnett Clean & Beautiful, Internal Audit, Assessors' Office and Voter Registrations and Elections), Financial Services, Human Resources, Information Technology Services, Law, and Support Services. These activities are funded by indirect cost charges to all other funds receiving benefits.

ADMINISTRATIVE SUPPORT FUND
BUDGET VS. ACTUAL BY DEPARTMENT
DECEMBER 2024- 2025 YTD EXPENSES

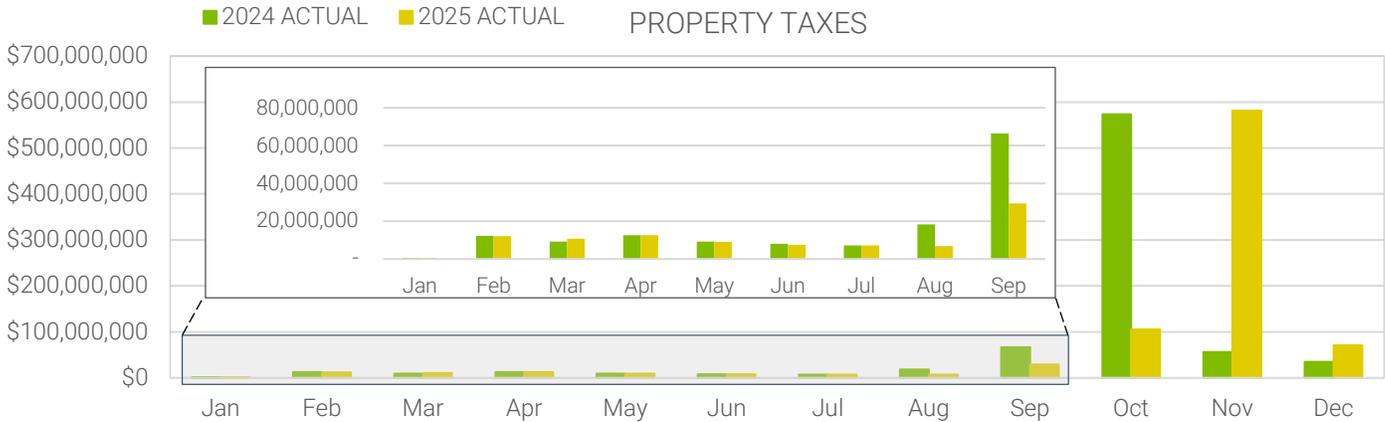

Information Technology Services expenses for December are up approximately \$6.5 million, or 11 percent, compared to last year. This is primarily due to increases in personnel and license support agreement costs. However, expenses are approximately \$11.2 million under budget. This variance is primarily attributable to underutilization in areas such as technical services and fleet repairs and maintenance.

Legal fees previously recorded under Non-departmental are now being reported in the Law Department.

RECURRING ITEMS

Property Taxes

The County collects property taxes in the fall to fund services for the current year. Therefore, the funds that are primarily supported by property taxes will show revenues below budget until the collection date. Those funds are General, Fire & EMS, Development & Enforcement, Police, Recreation, and Economic Development Tax Funds. Some special assessments are also included on property tax bills. Those collections are reflected in the Speed Hump, Street Lighting, and Stormwater Funds.

The chart above shows the monthly collections of property taxes across all funds. In the prior year, property taxes were collected around the October 15, 2024, due date. However, in the current year, the property tax due date was November 15, 2025 and higher collections are reflected in the month of November. Property Taxes through December 2025 are approximately \$45.6 million higher when compared to the same time last year.

Tax Digest Adjustment

In December, the Board of Assessors approved adjustments to the tax digest that resulted in a net increase of approximately \$101.2 million for tax years 2017 through 2025. These adjustments include a net increase of approximately \$133.6 million in real property assessed values and a net decrease of approximately \$32.4 million in personal property assessed values. The majority of the adjustments are from appeal resolutions.

Oracle Implementation

Gwinnett County completed the transition of most of its financial functions from SAP to Oracle in September. As part of this transition, the County updated its chart of accounts and realigned various line items to better reflect operational and reporting needs. In some instances, items previously reported separately were combined, which may have resulted in financial presentation differences compared to previous reporting periods. Additional budget presentation differences are noted on the fund statements impacted by these changes and are further detailed in the supplementary pages attached to this report.

				CFO-GCID 20250803: Transfer from contingency is needed to support the procurement of a new Bearcat vehicle, a critical SWAT asset required for continuity of operations. It will not be included in the VERP until a future year. The current unit, asset #2003136, has reached the end of its service life and can no longer be repaired, as replacement parts are obsolete due to its age. Additional funds are needed from contingency, to allow immediate replacement. A vendor is ready to receive a purchase order and failure to secure funding quickly will result in an inability to obtain the vehicle and impact public safety operations. Another transfer will be requested once the item reaches its VERP scheduled replacement year to reimburse capital contingency. Existing asset will be disposed of by DoSS, using a Specialty Sales Organization.	-	18,007

FROM: Adrienne McAllister 
Director, Human Resources

SUBJECT: Amendments to the Gwinnett County Board of Commissioners Defined Contribution Pension Plan and the Gwinnett County Board of Commissioners Deferred Compensation Plan

DATE: February 10, 2026

Action Requested

Approval/Authorization of a resolution for recommended amendments to the Gwinnett County Board of Commissioners Defined Contribution Pension Plan (the "DC Plan") and the Gwinnett County Board of Commissioners Deferred Compensation Plan (the "457(b) Plan") to implement changes permitted under the SECURE 2.0 Act.

Discussion

The proposed Sixth Amendment to the DC Plan increases the automatic rollover (cash-out) distribution threshold from \$5,000 to \$7,000. This change aligns the DC Plan with the updated statutory limit under SECURE 2.0.

The proposed Third Amendment to the 457(b) Plan incorporates several SECURE 2.0-related improvements. First, the amendment allows a participant's deferral election to take effect as soon as administratively feasible. Under the current plan terms, a deferral election may not become effective until the first day of the month coinciding with or following the election. Second, the amendment permits participants who are age 60, 61, 62, or 63 to make enhanced catch-up contributions, consistent with SECURE 2.0's special catch-up rules. For 2026, the increased catch-up limit is \$11,250, subject to annual cost-of-living adjustments by the Internal Revenue Service. Finally, the amendment increases the 457(b) Plan's automatic rollover cash-out threshold from \$5,000 to \$7,000.

The Retirement Plans Management Committee approved these proposed amendments at its meeting on December 4, 2025, and recommends that the Board of Commissioners adopt them.

MEMORANDUM

TO: Chairwoman
Board of Commissioners

FROM: Edgardo E. Aponte, P.E., Director 
Department of Transportation

SUBJECT: **ADDITION OF HILLSIDE DRIVE AND OSCEOLA COURT INTO THE SPEED HUMP PROGRAM**

DATE: February 23, 2026

ITEM OF BUSINESS

Approval for a determination by the Board of Commissioners that special conditions exist within the area of Hillside Drive and Osceola Court as to the health, safety and welfare of the persons or properties within said area, that may justify the creation of a Special Assessment District to provide speed humps, and for direction to the Department of Transportation to prepare a recommendation and proceed with a public hearing for the incorporation of Hillside Drive and Osceola Court into the Gwinnett County Speed Hump Program.

BACKGROUND AND DISCUSSION

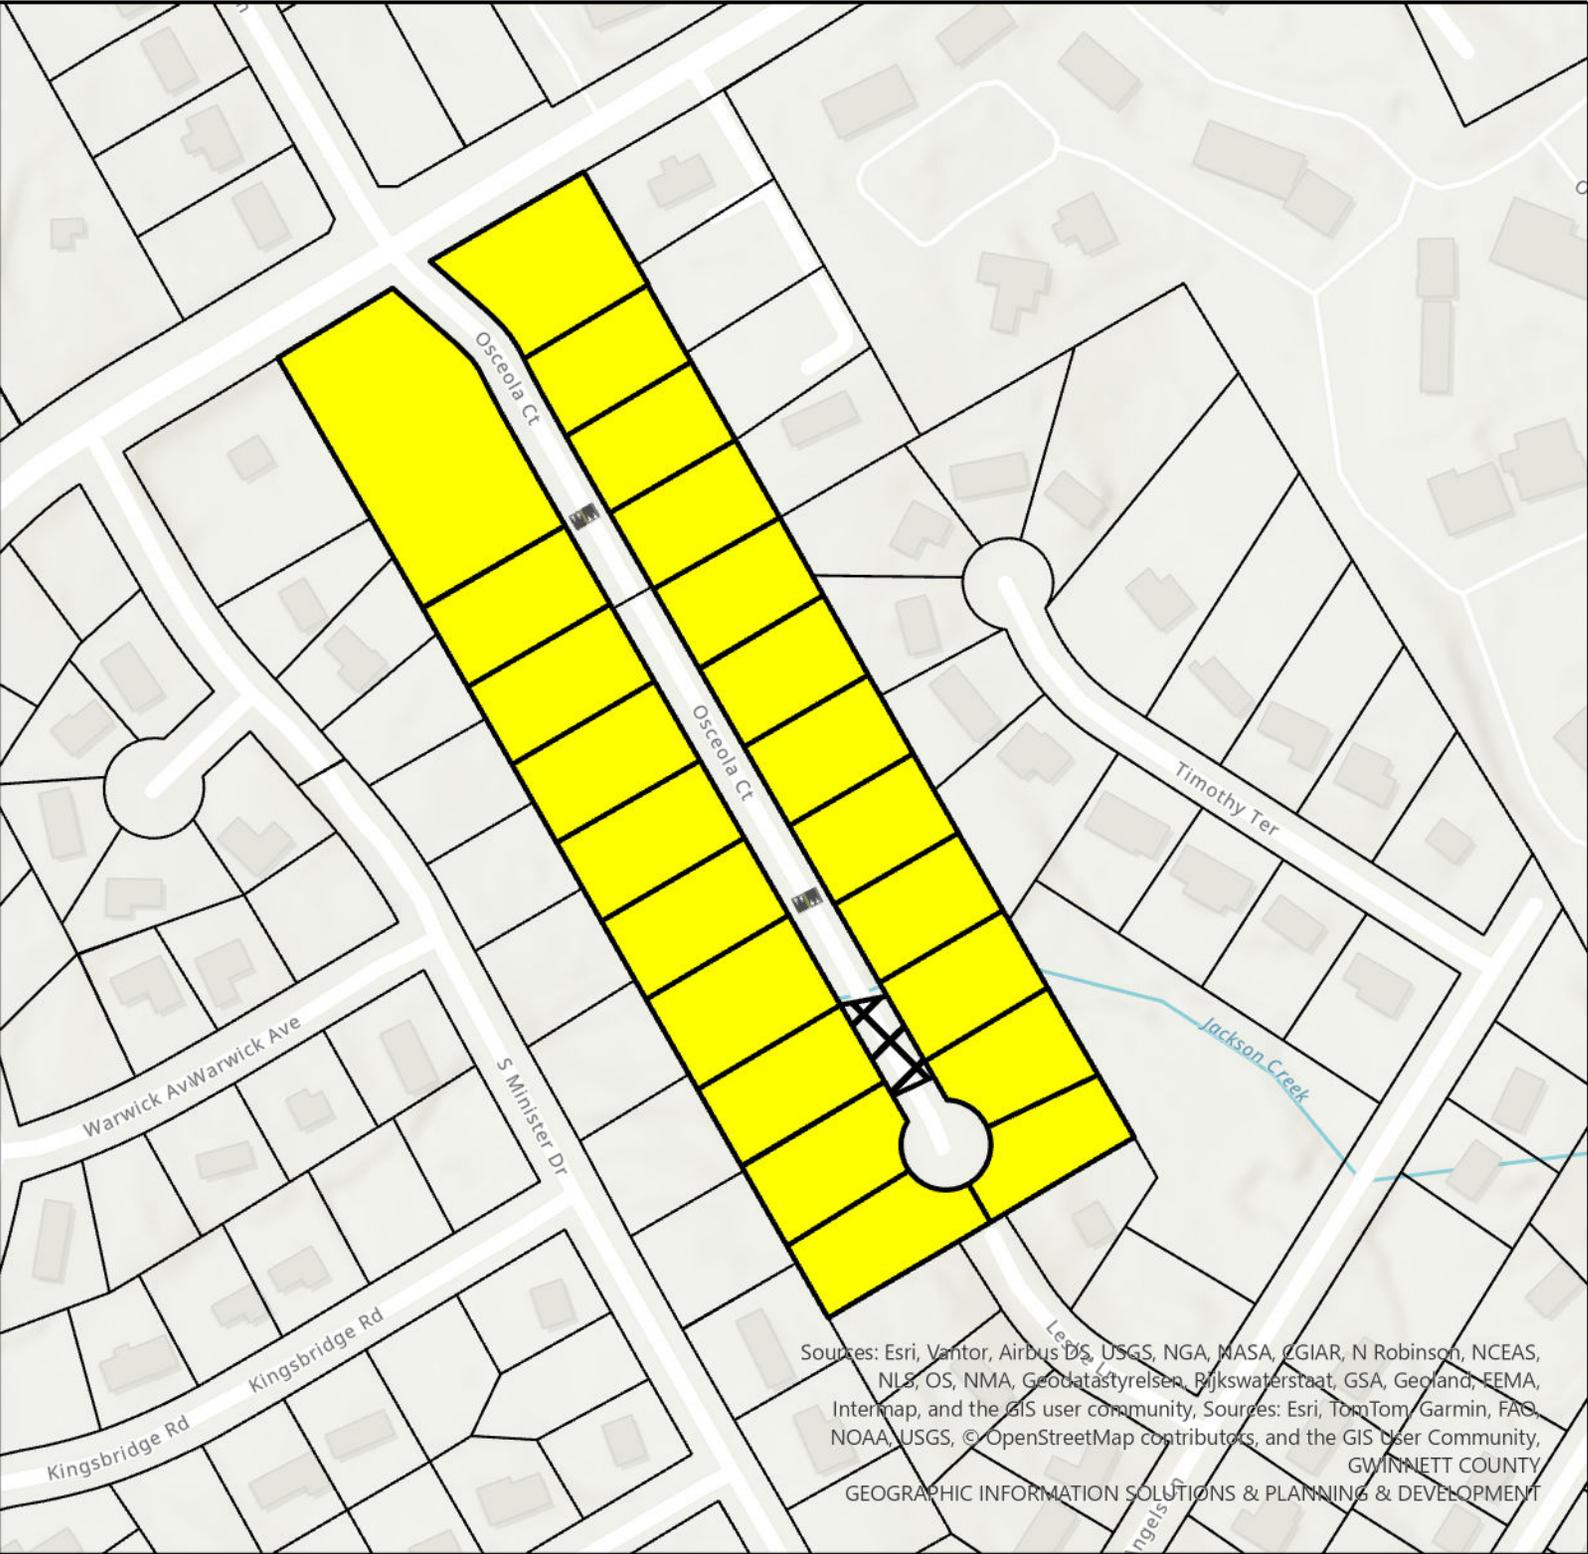

The Gwinnett County Department of Transportation received a request for the addition of speed humps on Hillside Drive and Osceola Court. A speed study was conducted, and speeding was documented. A speed hump petition package was provided to the requestor, but the required number of supporting signatures could not be obtained due to a number of factors. At this time, the Department seeks direction to begin preparation for a public hearing for the incorporation of Hillside Drive and Osceola Court into the Gwinnett County Speed Hump Program in accordance with the provisions of Chapter 86 of the Code of Ordinances of Gwinnett County.

Thank you for your consideration in this matter. Should you have any questions, please feel free to contact me at 770.822.7428.
