September 06, 2017

**GROUNDS MAINTENANCE AT VARIOUS DEPARTMENT OF  
WATER RESOURCES FACILITIES ON AN ANNUAL CONTRACT  
BL075-17  
ADDENDUM #2**

This addendum is being issued to address questions received and provide clarification.

- C1. **The due date for bids has been postponed to September 15, 2017 at 2:50PM.**
- C2. **A REVISED BID SCHEDULE is attached. REPLACE existing Bid Schedule with attached Revised Bid Schedule.**
- C3. The County has divided this bid into multiple sections. In an effort to ensure adequate and timely maintenance of all sites it is our intent to award sections to multiple contractors. The County, however, reserves the right to award the contract in its best interest. The County reserves the right to adjust the quantity and delineation of the work initially assigned or subsequently modified, should a backlog develop due to a failure of a contractor to execute the work as stated in the bid.
- Q1. Since Labor Day falls on Monday and most people are off, can the deadline for Bids be extended 1 week? This will ensure all parties will have adequate time to perform due diligence on the properties.
- A1. **Yes. See C1.**
- Q2. Can Water Resources share the amount of pinestraw bales that have been used at each Large site in the past? Although we will count area and sq ft it would be nice to know how much has been used in the past at each Large Site.
- A2. **The previous contractors have never shared how many bales they have had to put down, so the Department has no knowledge of the number of bales it would take.**
- Q3. In the pre-bid meeting, you mentioned that you might be able to provide a link to share the folders with all the site map and photos. Will that still be provided?
- A3. **An ftp site was provided in Addendum #1. However, please replace the instructions to access the ftp site provided in Addendum #1 with the instructions below.**

**User Access Procedures**

1. The external user will access through their browser (such as Microsoft Explorer) by entering:  
<ftp://74.174.32.37>
  2. The user will enter the information below to get access:
    - o **Login:** gwinnett
    - o **Password:** pub7368
  3. Click on folder that is listed as *Purchasing*.
  4. Click on the *BL075-17, Landscape Maintenance* folder to retrieve attachments.
- Q4. What is the bid range the County has set for this project?
- A4. **DWR has a budgeted allocation set for the forthcoming term at \$400,000.00. However, there is no guarantee of work not specifically noted in the Invitation to Bid.**
- Q5. What was the last Bid Award for this project?
- A5. **BL083-13 was originally awarded in 2013. However, due to the fact that the structure of the bid and the scope of work have significantly changed, the pricing for that contract would not be a good gauge for this contract.**

gwinnettcounty

- Q6. Will the Chemical Applications be for both the physical Plants along with Buildings themselves?  
**A6. The chemical applications are in reference to selective herbicides usage. These applications will be provided to the lawn areas that are sodded throughout the large sites. The contract clearly defines when a pre or post emergent is required. Any additional non-selective herbicide usage will be as noted throughout the contract in all other sections.**
- Q7. Is Spraying the fence line permitted to reduce the maintenance time at the locations?  
**A7. Yes, as mentioned in the contract, which states “no more than 12” inside and 12” outside (24 inches total) of perimeter fencing when controlling unwanted vegetation”.**
- Q8. Is there any tree work to be performed at the locations, if so how should it be priced for the County?  
**A8. No. Gwinnett County has a tree service company on annual contract. Please note that in the contract under pruning, it reads that pruning of deciduous trees will be done to a minimum of twelve inches. That is a typo and should read to a minimum of 12 feet.**
- Q9. How will this contract be awarded?  
**A9. Gwinnett County will consider awarding the bid to multiple service providers, and will make award as deemed in the County’s best interest.**
- Q10. What does mowing per sq ft include?  
**A10. This would be any additional areas that would be applied to the contract after it was awarded. This would be evident at Crooked Creek where the renovation of that property would in time require possible acreage be added to the maintenance needs of that facility. This could be a possible need at any of the DWR locations mentioned in the contract.**
- Q11. Will we be replacing the water feature filters at Yellow River?  
**A11. If this is needed under the contract, it will be quoted under material and labor.**

Acknowledge receipt of this addendum by signing and returning as part of your bid document.

Thank you.

Shelley McWhorter, CPPB  
Purchasing Associate III

**FAILURE TO RETURN THIS PAGE AS PART OF BID DOCUMENT MAY RESULT IN REJECTION OF BID.**

Gwinnett County requires pricing to remain firm for the duration of the initial term of the contract. Failure to hold firm pricing for the initial term of the contract will be sufficient cause for Gwinnett County to declare bid non-responsive. Unless otherwise noted, quoted prices will remain firm for four (4) additional one (1) year periods.

- If a percentage **decrease** will be a part of this quote, please note this in the space provided together with an explanation.

1<sup>st</sup> renewal \_\_\_\_\_ 2<sup>nd</sup> Renewal \_\_\_\_\_

 3<sup>rd</sup> renewal \_\_\_\_\_ 4<sup>th</sup> Renewal \_\_\_\_\_

Certification of Non-Collusion in Quote Preparation \_\_\_\_\_  
Signature Date

In compliance with the attached specifications, the undersigned offers and agrees, within ninety (90) days of the date of quote opening, to furnish any or all of the items upon which prices are quoted, at the price set opposite each item, delivered to the designated point(s) within the time specified in the quote schedule. By submission of this quote, I understand that Gwinnett County uses Electronic Payments for remittance of goods and services. Vendors should select their preferred method of electronic payment upon notice of award. For more information on electronic payments, please refer to the [Electronic Payment](#) information in the instructions to bidders.
