**REQUEST FOR PROPOSAL
PROVISION OF A SCOPING STUDY FOR THE PIEDMONT PATHWAY TRAIL**

I. Introduction

PURPOSE: Gwinnett County Department of Community Services invites you to submit a proposal responsive to the issues outlined in this request for proposal to complete a scoping study for the proposed alignment of the Piedmont Pathway Trail.

The Piedmont Pathway alignment is currently proposed to be approximately 28 miles in length and is composed of both dedicated Piedmont Pathway segments and alignments of other trails. The trail stretches across the entire County from the City of Dacula to the City of Norcross connecting the eastern and western parts of the County. Details on this trail can be found in the Gwinnett County Trails Master Plan document on www.gwinnettcountry.com.

The project must be completed, and all deliverables received by July 1, 2023. The resultant report will be called the Piedmont Pathway Scoping Study. Potential respondents are asked to prepare a proposal including the format for accomplishing the work, the time frame for accomplishing the work, the fee required to perform the work and references listing previous comparable assignments. The selected consultant must be capable of preparing countywide maps in ArcView/Arc Info or ArcMap formats utilizing parcel and other feature layers in those formats provided by the County.

The consultant shall prepare a scoping study, existing plan assessment and background analysis, potential alignments and project features, impact analysis and final concept scoping study document and estimate based upon the Gwinnett County Departments, who comprise the Gwinnett Trails Team staff, direction for the Piedmont Pathway Multiuse Trail study.

Upon receiving the Notice to Proceed, the consultant shall review all base data provided by the County and prepare for an initial kick-off meeting with the County. This meeting will be used to ensure complete understanding of the scope of work and to prepare the initial schedule for the development of the feasibility study and concept documents.

II. Background

Gwinnett County is the second largest county in Georgia, with a minority-majority population of more than 950,000 residents. By 2040, estimates predict that Gwinnett County could grow to as many as 1.5 million residents. To support an increasingly dynamic and diverse community, efforts must be made to expand and improve multimodal connectivity throughout the County. The need for improved mobility and access within Gwinnett County is prevalent, and the County faces the challenges of connecting activity centers and creating more walkable communities.

Gwinnett has been proactive in its efforts to meet its strategic priorities: organizational excellence and accountability; public infrastructure; safe, livable, and healthy community, sustainability and stewardship; and economic opportunities. The Piedmont Pathway study should reinforce these priorities as well as focus on providing educational opportunities on the rich historical, cultural, and geographical elements that make Gwinnett a preferred community in the Piedmont region. In the Gwinnett Countywide Trails Master Plan, the Piedmont Pathway was identified as part of the Core Trail Network, which is composed of trail segments envisioned to serve as the major

backbone of the County's future trail system, as well as a Signature Trail Network. The Piedmont Pathway is proposed to span the entire County, from the City of Dacula to the City of Norcross, which will connect the eastern and western parts of Gwinnett. As such a major bicycle and pedestrian connection, as well as one of the Signature Trails, the Piedmont Pathway will be one of the hallmarks of the Gwinnett Trails system and should both be a model of the Gwinnett Trails branding and identity as well as an exemplary trail in the Metro Atlanta region.

The Piedmont Pathway is the longest contiguous single trail segment in the Countywide Trails Master Plan and will not only address connectivity needs throughout the County, but also will provide alternative modes, increased access to recreation and greenspace, and regional connectivity to neighboring counties (DeKalb, Fulton, and Barrow) as well as regional trail facilities.

Gwinnett County also reserves the right to terminate the contract immediately, with written notice to vendor, for convenience, if Gwinnett County believes, in its sole discretion that it is in the best interest of Gwinnett County to do so. The vendor will be compensated for work performed and accepted and goods accepted by Gwinnett County as of the termination date if the contract is terminated for convenience of Gwinnett County. Any award under this procurement process is not exclusive and Gwinnett County reserves the right to purchase goods and services from other vendors when it is in the best interest of Gwinnett County.
