

March 31, 2025

**Addendum #1
BL033-25
Preventive Maintenance and Repair of Emergency Generators on A Multi-Year Contract**

Please see the below summation of questions and answers for the above-mentioned bid.

Please see the attached Pre-Bid Sign in sheet.

Q1: How long are the load bank test required for?

A1: The load bank tests are for 2 hours. The test are to consist of 4 segments of 30 minutes each at the following loads: 25%, 50%, 75%, and 100%.

Q2: Sections A and B have the generator breakdown, but could the County also provide the breakdown of the fuel source as well in each category, for example, 142, 0-99 KW, but how many are NG/DIESEL.

A2: Please see the attached below.

Q3: Is there an exception to the 2hr response time?

A3: No

Q4: If the service provider is awarded the preventive maintenance contract, will they have first choice of doing the repairs or will that be separate.

A4: Service provider may do small repairs identified during preventive maintenance. Larger repairs may be done by the awarded service provider, in-house, other annual contractors, or sole source providers.

Clarifications:

Please submit certifications at the time of bid submittal. If there are any changes of personnel, the certifications must be submitted to the department.

This addendum should be acknowledged on Page 23 of the Bid Schedule.

Thank You,

**Alexis Mckennery
Purchasing Associate II**
