**Addendum #2
BL049-26
Supplemental Purchase of Janitorial Supplies on an Annual Contract**

PLEASE DELETE PAGES 7-14 AND REPLACE WITH THE REVISED BID SCHEDULE PAGE 7R-14R.

Please see the below summation of questions and answers for the above-mentioned bid.

Q1: Are supplier/distributor references or references from smaller-scale supply arrangements acceptable in addition to or in lieu of large contract references for newer businesses entering the government supply market.

A1: References need to be of similar size and scope of BL049-26.

Q2: Is there a minimum number of sections or items required to be considered a responsive bidder?

A2: No. Gwinnett County intends to award by line item but reserves the right to make award of this bid by line item, by section, or to the overall low responsive and responsible supplier bidding the majority of items, and/or on the basis of uniformity as deemed in the County's best interest.

Q3: For items where an equivalent is bid rather than the named brand, is there a preferred format for the itemized comparison documentation?

A3: The specification for the equivalent product needs to be submitted with the bid. Please provide the Material Safety Data Sheet.

Q4: Is proof of insurance required at time of bid submission or only upon contract award?

A4: Proof of insurance is required upon intent to award. It is recommended at bid submission as to not delay the award process.

Q5: Based on previous ordering history and purchase orders, about how often are the trash liners ordered and what is an approximate order?

A5: Currently, trash liners are purchased on a monthly, quarterly, and annual basis in quantities of 35, 50, 60, 80, and 100 cases depending on the department. Ultimately, orders will be placed directly with the successful supplier with a purchase order issued by the individual user departments on an "as needed" basis. Quantities are approximate annual quantities. Orders are to be filled regardless of quantity and/or dollar amount.

Q6: Based on previous ordering history and purchase orders, about how often are the gloves ordered and what is an approximate order?

A6: Currently, gloves are purchased on a quarterly and semi-annual basis as needed or in quantities of 600 cases depending on the department. Ultimately, orders will be placed directly with the successful supplier with a purchase order issued by the individual user departments on an "as needed" basis. Quantities are approximate annual quantities. Orders are to be filled regardless of quantity and/or dollar amount.

Q7: Is the latest bid tabulation for previous bid available?

A7: Please see attached bid tabulation.

Q8: Is it possible to pick up a sample of each of the liners currently being used by the County?

A8: The County does not provide samples of current products being used. Please see below model numbers for the current products used:

Section F, Line Item 1, Medline EVSBL243212RP

Section F, Line Item 2, CentralPoly CP3858K2

Section F, Line Item 3, SmithConn CL385815

Section F, Line Item 4, Heritage Z7660X0

Q9: When does the contract term begin and end?

A9: This contract will begin upon BOC approval. It is an annual contract with four (4) one-year options to renew.

Q10: For Section G, Line Items 3 and 4 on the bid tab, is there a specific thickness requirement?

A10: 6.0 Mil Minimum

Q11: Is the bid only accepted in hard copy and if so, how many copies?

A11: Sealed Bids should be typed or submitted in ink and returned in a sealed container marked on the outside with the BL# and Company Name.

Q12: For Section A, Line Item 11, how many ounces are required? Will it be metered or simply dispenser?

A12: Please see attached revised bid schedule, Section A, Line Items 11 and 12.

Q13: Section B, Line Item 4 states, "for use w/item #18 (above)" but there is no item #18 above this item.

A13: For use with, Hand soap dispensers- hands free/automatic Betco Brand or approved equivalent.

Q14: For section B, Line Item 5 what size is required?

A14: 67 ounces.

Q15: For Section G, Line Item 1 what size is required?

A15: All-purpose wipes in pop-up dispenser box. Sheets are approx. 9.8 x 16.4, 100 sheets per box, 9 boxes per case, Product Code: 05790.

Q16: For Section G, Line Item 2 how many ounces are required?

A16: 1300 mL bottles, Diversey Soft Care Hand Sanitizer & Soap Dispenser Black, Mfr# D6205550, or approved equivalent.

Q17: For Section G, Line Item 8 what brand and size is requested?

A17: Hospeco® Health Gards® Menstrual Care Receptacle Liners, Brown, 9.25x10x3.25, 250/cs. Must be compatible with Hospeco® HS-6140WP, and CDW receptacles.

Q18: For items where the specification suggests a 1-gallon size, would it be acceptable to submit pricing for a comparable product that is available in quart bottles or 5-gallon containers, if the product itself meets the required specifications?

A18: This is determined by line item. Product items described within the bid specifications may be limited to a 4 oz (+/-) variation. If supplier is not able to bid the specified size as described in the bid specifications an equivalent product/item may be bid with the exception of the stated variation. Any product bid that exceeds this variation may be deemed non-responsive.

Q19: Please confirm the current vendor(s) supplying janitorial chemicals and sanitizers under the existing contract?

A19: Please see attached bid tabulation.

Q20: How often does the County require delivery: weekly, monthly, quarterly, or as needed?

A20: Orders will be placed directly with the successful supplier with a purchase order issued by the individual user departments on an "as needed" basis. Quantities are approximate annual quantities. Orders are to be filled regardless of quantity and/or dollar amount.

Q21: Will more than one vendor be awarded if necessary?

A21: Gwinnett County intends to award by line item, but reserves the right to make award of this bid by line item, by section, or to the overall low responsive and responsible supplier bidding the majority of items, and/or on the basis of uniformity as deemed in the County's best interest.

Q22: What is the average ARO for most items on this bid?

A22: The average expected delivery ARO is one week. After receipt of order (PO document) and all pertinent information necessary from Gwinnett County, please indicate on the Bid Schedule for each item, the number of calendar days required for delivery.

Q23: For some products the Safety Data Sheets are extensive. May these sheets be submitted electronically to include the item# and description.

A23: As this is a sealed bid, all requested information, including Safety Data Sheets, needs to be submitted with the bid.

Q24: Will the percentage increase or decrease in price at each renewal period in the next few years be considered when selecting the lowest responsible and responsive bidder? If so, how much will this be a factor?

A24: Percentage increase or decrease will be evaluated at each renewal period but will not be considered in selecting the lowest responsible and responsive bidder.

This addendum can be signed in the space provided on the following page and returned with your bid. Failure to do so may result in your bid being deemed non-responsive.

Thank You,

**Savannah Anderson

NOTE:

- Unit price must include freight cost and should be rounded to nearest 2 decimal points.
- IN ORDER TO COMPARE BID PRICES LOWEST UNIT OF MEASURE MUST BE ROUNDED TO THE FOURTH DECIMAL PLACE. The cost of lowest unit of measure (i.e., cost per bag) will be evaluated and used to determine the awarded supplier.
- THE PRICE PER CASE SHOULD BE ROUNDED TO THE SECOND DECIMAL PLACE and MUST INCLUDE FREIGHT CHARGES.
Bidders are requested to enter unit cost for each item for which a bid is submitted (the unit price should only use the appropriate decimal place, as listed above).
