**Addendum #1  
PA026-26  
Provision of Backflow Testing and Re-Testing on an Annual Contract**

Please see the below summation of questions and answers for the above-mentioned proposal.

**Questions:**

Q1: What percentage of the 815 devices are in below-ground vaults versus above-ground?

**A1: The exact percentage is unknown.**

Q2: Is there a limit to the amount of debris/water removal required before a vault is considered "non-accessible" under the standard unit price?

**A2: No, there is no set limit. This will be mutually agreed upon with the department representative.**

Q3: Is there a cost to the service provider for using the New Gwinnett County DWR online submittal portal?

**A3: No.**

Q4: For restricted areas requiring a county escort, will a specific point of contact be provided to ensure the 14-day completion window is met?

**A4: Yes.**

**Revisions:**

**R1: Page 2, General Specifications, General Notes, Item 3:**

**DELETE:** Field-related work requiring the assistance of Gwinnett County personnel must be scheduled a minimum of 48 hours in advance.

**ADD:** Field-related work requiring the assistance of Gwinnett County personnel must be **scheduled a minimum of two (2) business days in advance.**

**R2: Page 2, General Specifications, General Notes, Item 6:**

**DELETE:** "The service provider shall identify a contact **person or persons who shall be on call 24 hours per day during the life of the project.** The service provider's contact person(s) is/are responsible to know the general location of all field crews every day and must have the means to contact them within 15 minutes."

**ADD:** "The service provider shall identify a contact person or persons for the life of the project. The service provider's contact person(s) is/are responsible to know the general location of all field crews every day and must have the means to contact them within 15 minutes. **The department should be notified of any changes to the contact person(s).**"

**R3: Page 3, Testing Services Specifications, Project Description, Item IV:**

**DELETE:** At the request of the Contract Manager, pictures of each backflow device before and after testing may be required to be submitted.

**ADD:** The Service Provider shall capture and submit photographic documentation of each backflow prevention device in its pre-service and post-service condition. **Such documentation shall be submitted with the associated PM service report.**

**This addendum should be acknowledged on Page 5 of the Quote Schedule.**

Thank You,

**Savannah Anderson  
Purchasing Associate II**
